401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Talley Construction Company, Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Talley Construction Company, Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Talley Construction Company, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are issued, or available to be issued, where applicable.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Talley Construction Company, Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Talley Construction Company, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line (4a) – schedule of delinquent participant contributions, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Talley Construction Company, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides general information only. Participants should refer to the Plan Agreement (“Plan Agreement”) for a more complete description of the Plan's provisions.

GENERAL

The Plan is a participant directed defined contribution 401(k) plan generally covering all eligible, non-union, full-time employees of Talley Construction Company, Inc., the Plan Sponsor, and certain related party companies, T.J. Hunt I, LLC and Retro Industries, LLC, that are under the same management group (collectively “the Company” or “Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

VOYA Retirement Insurance and Annuity Company (“VOYA”) is the custodian of the Plan and holds all of the Plan’s investment assets. VOYA invests all employee and employer contributions, as well as earnings thereon, pursuant to the terms of the Plan. The Plan Administrator is responsible for oversight of the Plan, which includes determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) which included several relief provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. Formal adoption of such provisions of the CARES Act provisions is required to occur on or before December 31, 2025.

ELIGIBILITY

All employees of the Company who are age twenty-one or older and have completed six months of service are eligible to become a participant in the Plan on the first day of the month coinciding with or next following date when eligibility requirements are met.

PARTICIPANT CONTRIBUTIONS

Each year, participants may contribute up to 100% of pretax or post-tax (Roth) annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute Roth after tax contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“Rollovers”).

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

EMPLOYER MATCHING CONTRIBUTIONS

The Plan provides that the Company will make safe harbor matching contributions in an amount equal to 100% of each participant's contributions up to 3% of each participant's eligible compensation, as well as match an additional amount equal to 50% of the next 2% of each participant's contributions up to 5% of the participant's compensation.

EMPLOYER PROFIT SHARING CONTRIBUTIONS

The Company may make a discretionary profit sharing contribution for a participant that has completed more than 500 hours. The discretionary profit sharing contribution allocation would be based on the ratio that each participants' compensation bears to the total of such compensation of all participants. No such contribution was made for the year ended December 31, 2022.

The Company and participant contributions are subject to certain Internal Revenue Service ("IRS") limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions (including Rollovers), the Company's matching contributions, as well as allocations of Plan earnings (losses), and any discretionary of the Company's profit sharing contributions if active in the Plan at year end. Participant accounts are charged for any withdrawals, distributions, and an allocation of administrative expenses that are paid by the Plan. Allocations are based on formulas as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon distribution of the account to a participant who separates from service before vesting, the portion of the account attributable to the non-vested portion of the Company's contribution is forfeited.

INVESTMENT OPTIONS

Participants may direct their contributions to a variety of pooled separate accounts and a guaranteed investment contract. These funds and contract include a variety of investment options with various objectives and degrees of financial risk.

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are immediately and fully vested in the value of their salary deferral contributions, the Company's safe harbor matching contributions and rollovers, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service. A Plan year during which a participant works at least 1,000 hours of service in the Plan year is counted as one year of vesting service. Vesting in the Company's discretionary profit sharing contributions is based on a six-year graded vesting schedule in accordance with the Plan Agreements, as described below:

Years of Service	Vesting Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

The Plan provides for 100% vesting of Company contributions and earnings thereon upon attainment of normal retirement age of 65, disability or death.

NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are not permitted under the Plan.

PAYMENT OF BENEFITS

On termination of service due to retirement, death, or disability, a participant (or participant's beneficiary in the event of death) may elect to receive a lump sum distribution or periodic payments over a period of not more than the participant's assumed life expectancy. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$5,000, the Plan Administrator may distribute such amount in a lump-sum payment to the participant without consent of participant.

Distribution for reasons other than death can either be in the form of a lump-sum payment or substantially equal annual, or more frequent installments over a period of time not to exceed the joint life expectancy of the participant and the participant's beneficiary. Distribution on account of death must be complete by December 31 of the year containing the fifth anniversary of the participant's death or if the benefit distributions had begun before the participant's death, the benefits will continue under that method.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

HARDSHIP WITHDRAWALS

The Plan permits distributions in the event of a hardship, as defined in the plan document. Hardship withdrawals are limited to the vested portion of the participant's elective deferral account. For the year ended December 31, 2022, hardship withdrawals amounted to approximately \$8,300, which is included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.

FORFEITURES

If a participant is not 100% vested on his or her termination date, the non-vested employer profit sharing contribution portion will be forfeited. Amounts forfeited may be used to offset future Company contributions or administrative expenses. Forfeiture account balances amounted to \$842 and \$697 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, no forfeitures were used.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES

The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the benefit-responsive guaranteed investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in pooled separate accounts are reported at fair value using net asset value as a practical expedient (Note 4).

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BENEFIT PAYMENTS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses incurred in relation to the maintenance of the Plan are paid by the Company and the Plan. For the year ended December 31, 2022, expenses incurred by the Plan totaled \$87,033. Expenses that are paid by the Company are excluded from these financial statements. In addition, certain investment related expenses are included in net depreciation of investments presented in the accompanying statement of changes in net assets available for benefits.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for potential recognition and disclosure through September 22, 2023, the date the financial statements were available to be issued.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by VOYA. This information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, Cannon Financial Strategists, Inc. (the "Investment Advisor") reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

TALLEY CONSTRUCTION COMPANY, INC.
401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with accounting standards, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The nature of the Plan's assets are pooled separate accounts which are valued at net asset value and as of December 31, 2022 and 2021 were \$11,104,678 and \$12,832,894, respectively. Investments in pooled separate accounts provide for daily liquidity and have no redemption features or other restrictions.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract, Voya Fixed Account Fund (the Fund), with the guaranteed investment contract issuer. The guaranteed investment contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The guaranteed investment contract is presented on the face of the accompanying statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

**TALLEY CONSTRUCTION COMPANY, INC.
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 5 - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events may limit the ability of the Plan to transact at contract value with the guaranteed investment contract issuer. Such events include the following: (1) amendments to the Plan's Adoption Agreement (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any of such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The guaranteed investment contract does not permit the issuing company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are managed by VOYA, which is the custodian of the Plan. Therefore, administrative expenses paid to the custodian of the Plan qualify as party-in-interest transactions. Party-in-interest transactions also include transactions with any person who provides services to the Plan, and an employer whose employees are covered by the Plan.

TALLEY CONSTRUCTION COMPANY, INC.
401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 8 - TAX STATUS

The Company adopted a volume submitter plan, which received an opinion letter from the IRS dated June 30, 2020, stating that the Company may rely on the opinion letter with respect to the qualification of the Plan under Internal Revenue Code (IRC) Section 401(a), and also informed the Company that the volume submitter plan will not receive a determination letter. The Company may separately request a determination letter with respect thereto. The Company has not requested such a determination. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore believe the Plan is qualified and tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain tax positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

The Plan Administrator, through its investment advisor, monitors the Plans' investments and the risks associated therewith on a regular basis, which the Plan Administrator believes minimizes these risks.

NOTE 10 - NONEXEMPT PROHIBITED TRANSACTION

During 2022, participant contributions, which amounted to \$14,237 for certain payroll periods, were not remitted timely to the Plan. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Company. As of date of these financial statements, the Company had not yet corrected the 2022 loss of earnings for the delinquent contributions. The accompanying supplemental Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.
