NSBA 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the NSBA 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- 
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the NSBA 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT ON 2020 FINANCIAL STATEMENTS

Trustees
NSBA 403(b) Plan

We were engaged to audit the accompanying statements of the NSBA 403(b) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by MassMutual, Voya, VALIC, and Lincoln, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations for the 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NSBA 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1. DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICIES

The following description of the NSBA 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of National School Boards Association (Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2010, Massachusetts Mutual Life Insurance Company (MassMutual) became the only vendor for the Plan that is permitted to accept new participants and contributions. The Plan's other vendors, Voya Retirement Insurance and Annuity Company (Voya), Variable Annuity Life Insurance Company (VALIC), and Lincoln National Life Insurance Company (Lincoln), continue to hold plan assets.

Contributions: Eligible employees of the Employer may participate in the Plan upon hire. Participants may contribute up to the maximum amount of their pretax compensation allowed by law. Eligible employees hired after August 1, 2019, are automatically enrolled at a deferral rate of 8% of compensation. The automatic deferral rate, if elected, increases by 1% annually each July 1 up to 11% of compensation. Participants may opt out of the automatic enrollment. The Plan allows additional catch-up contributions for participants age 50 or older at the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Employer makes a matching contribution equal to 50% of the first 8% of compensation and a non-elective contribution equal to 3% of compensation to eligible employees. Employees must complete one year of service to be eligible for Employer matching contributions and Employer non-elective contributions. The Employer made \$167,156 and \$169,691 matching contributions, and \$159,082 and \$167,870 non-elective contributions for the years ended December 31, 2021 and 2020, respectively.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed insurance contract as investment options for participants.

Participant Accounts: Each participant's account is credited with the employee's contributions and the Employer's matching contributions and non-elective contributions and allocations of (a) investment earnings or losses, and (b) charged with an allocation of administrative expenses. Allocations are based on account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vesting: Participants are immediately vested in all employee contributions, plus actual earnings thereon. Participants hired before August 1, 2019, are immediately vested in all employer contributions plus earnings thereon. Participants hired on or after August 1, 2019, vest in employer contributions and related earnings as follows: 0% after one year, 30% after two years, 66% after three years, and 100% after four years. Forfeitures, if any, are used to offset Plan expenses and any remaining forfeiture amounts are used to offset employer contributions.

Notes Receivable from Participants: Participants may borrow from their MassMutual and Voya fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of the participant's vested account, or (b) \$50,000, reduced by the excess of the highest outstanding loan balance of the participant during the previous 12-month period over the outstanding loan balance on the date that the loan is granted. Loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.50% at December 31, 2021 and 2020, which was commensurate with local prevailing rates on the date each loan was taken. Loans shall be repaid by the participant in level payments over a period not to exceed five years, unless the loan is for the purchase of the participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Plan Loans: Participants are permitted to borrow from VALIC using a portion of their plan account as security for the loan. The minimum loan amount permitted is \$1,000 and the maximum cannot exceed the lesser of \$50,000 or 50% of their account balance. The loans bear interest rates determined periodically by VALIC, but not to exceed the Monthly Average of the Composite Yield used in Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc. for the calendar month ending two months before the date on which the interest rate is determined. These interest rates are adjusted quarterly and are applied to new loans made in that quarter and to outstanding loans whose loan anniversaries occur in that quarter. Principal and interest are paid ratably through quarterly payments by the participant to VALIC. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. The balance of these loans as of December 31, 2021 and 2020 is \$-0-. Under the borrowing terms, no plan assets serve as collateral on these loans at December 31, 2021 and 2020.

In the event of default, such loans are reportable to plan participants as taxable income, but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. There were no loans in default as of December 31, 2021 and 2020.

Payment of Benefits: On termination of service, death, or retirement, a participant may receive benefits in the form of installments, annuities, or in a lump-sum distribution, subject to the terms of the funding vehicles of the Plan. Additionally, distributions may be made from certain deferral portions of a participant account if and when an employee turns age 59½. Hardship distributions are permitted if certain conditions are met.

NOTE 1. DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses: The Plan's administrative expenses are paid by either the Plan or the Employer, as provided by the Plan document. Certain accounting and administrative functions of the Plan are performed by employees of the Employer at no cost to the Plan. Administrative expenses paid by the Plan for the years ended December 31, 2021 and 2020 totaled \$78,190 and \$53,651, respectively.

A summary of the Plan's significant accounting policies follows:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the contract value of the investment contracts, which approximates the fair values for these investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Participant contributions and employer contributions are recognized on the pay date to which they relate.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are classified as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recognized as of December 31, 2021 and 2020.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits: Benefit payments to participants are recognized when paid.

NOTE 2. INFORMATION CERTIFIED BY CUSTODIANS

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2021 and 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by MassMutual, Voya, VALIC, and Lincoln, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	<u>2021</u>	<u>2020</u>
Investments, at fair value		
Variable annuities	\$ 294,625	\$ 260,021
Pooled separate accounts	1,542,983	1,380,007
Mutual funds	14,905,299	13,370,690
Investments, at contract value	<u>1,934,090</u>	<u>1,823,386</u>
	<u>\$ 18,676,997</u>	<u>\$ 16,834,104</u>

The custodians also certified to the completeness and accuracy of interest on notes receivable from participants of \$4,878 and \$2,922 for the years ended December 31, 2021 and 2020, respectively.

The custodians also certified to the completeness and accuracy of net appreciation in the fair value of the Plan's investments and interest and dividends for the years ended December 31, 2021 and 2020, as follows.

	<u>2021</u>	<u>2020</u>
Net appreciation		
Pooled separate accounts	\$ 269,730	\$ 228,875
Variable annuities	59,854	34,455
Mutual funds	<u>1,503,470</u>	<u>1,274,368</u>
	<u>\$ 1,833,054</u>	<u>\$ 1,537,698</u>
Interest and dividends	<u>\$ 805,354</u>	<u>\$ 434,078</u>

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

Level 3 - Pricing inputs are unobservable for the asset or liability, that is, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Level 3 includes private portfolio investments that are supported by little or no market activity.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There were no changes to the methodologies used at December 31, 2021 and 2020:

Variable annuity accounts: Valued based on the fair value of the individual annuities underlying the investments as reported by the custodian using the audited financial statements of the underlying investments. The individual annuities invest in separate accounts which track the performance of the specific underlying mutual funds. Values are equivalent to net asset value.

Pooled separate accounts: Valued based on the market value of the underlying investments, which represents the net asset value (NAV) of units held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 14,905,299	<u>\$ 14,905,299</u>	<u>\$ -</u>	<u>\$ -</u>

At net asset value*				
Variable annuities	260,021			
Pooled separate accounts	<u>1,380,007</u>			
	<u>\$ 15,010,718</u>			

*Investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. Investment strategies of the variable annuities and pooled separate accounts follow the strategies of the underlying investments, which are generally in mutual funds. There are no unfunded commitments or redemption restrictions associated with these investments.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of Levels 1, 2 or 3.

NOTE 4. GUARANTEED INSURANCE CONTRACTS

MassMutual Retirement Services Capital Preservation Account

The Plan invests in the MassMutual Retirement Services Capital Preservation investment, a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the Capital Preservation group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the Capital Preservation investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by MassMutual. For the years ended December 31, 2021 and 2020, contract value approximates fair value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The crediting interest rate is based on an agreed-upon formula with MassMutual and is revised quarterly. The crediting interest rate is subject to a maximum of 3.00% and a minimum of 1.00%. The average yield, based on both actual earnings and the crediting interest rates, was 1.76% and 2.28% for the years ended December 31, 2021 and 2020.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, 4) a material amendment to the agreement without the consent of the issuer.

NOTE 4. GUARANTEED INSURANCE CONTRACTS (CONTINUED)

Voya Fixed Account

The Voya Fixed Account is an unallocated fund in which interest is added daily at the current rate of interest. The Voya Fixed Account guarantees the principal and a minimum guaranteed interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate, declared for one year.

The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate that applies for the life of the contract. The crediting interest rate at December 31, 2021 and 2020, was 3.00%. The minimum guaranteed interest rate is 3.00% for the life of the contract. Voya may impose limitations on transfers from this account to other investment options. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Fixed Accounts do not permit the insurance company to terminate the agreement prior to the scheduled maturity dates. These contracts are included in the financial statements at contract value, as reported to the Plan by Voya. For the years ended December 31, 2021 and 2020, contract value approximates fair value.

VALIC Fixed Account Plus (and Short-Term Fixed Account)

The Plan has a Portfolio Direct (PD) Group Fixed and Variable Deferred Annuity Contract, an Independence Plus Group Fixed and Variable Annuity Contract (IP), a V-Plan Group Fixed Annuity Contract (VP) and a Group Unit Purchase Contract (GUP) with VALIC, with Fixed Account Plus and Short-Term Fixed Account options. VALIC maintains the contributions in its general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses charge by VALIC. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The fair value of the investment is based on "demand value" for the investment options as of the reporting date. For the years ended December 31, 2021 and 2020, contract value approximates fair value. Fair value of the Fixed Account Plus Account considers a potential restriction that would limit annual distributions to 20% of the balance. Fair value of the VALIC Fixed Account Plus (and Short-Term Fixed Account) considers any applicable market value adjustments.

The minimum guaranteed interest rate on PD contracts is 3.00% for accounts established prior to December 1, 2003, and 2.00% for accounts established on or after December 1, 2003. Effective January 1, 2011, contracts issued to new participants have an indexed guaranteed minimum interest rate. The minimum guaranteed interest rate on IP contracts is 4.50%, on VP contracts is 4.50% and on GUP contracts is 3.50%.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The extent of the impact of the pandemic on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Plan's sponsor, participants, and vendors, all of which, at present, cannot be determined. Accordingly, the extent to which the pandemic may impact the Plan's financial statements is uncertain, and the accompanying financial statements include no adjustments relating to the effects of this pandemic.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of pooled separate accounts, variable annuity accounts, mutual funds and guaranteed insurance contracts managed by MassMutual, Voya, VALIC and Lincoln. MassMutual, Voya, VALIC and Lincoln are the custodians of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians amounted to \$78,190 and \$53,651 for the years ended December 31, 2021 and 2020, respectively.

NOTE 7. INCOME TAX STATUS

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with Internal Revenue Code (IRC) to maintain the exclusion from tax for plan participants. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of IRC. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2018.

NOTE 8. RECONCILIATION TO FORM 5500

For purposes of Form 5500, notes receivable from participants are reported as investments, net of amounts deemed distributed. Such amounts are reported as receivables in the accompanying statements of net assets available for benefits.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would continue to be 100% vested in their entire accounts.

NOTE 10. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through September 29, 2023, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
