INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Boys Electrical Contractors, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Boys Electrical Contractors, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Boys Electrical Contractors, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Boys Electrical Contractors, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Boys Electrical Contractors, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Boys Electrical Contractors, LLC 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Boys Electrical Contractors, LLC 401(k) Plan as of December 31, 2021, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2021 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2021, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statement. Accordingly, we do not express an opinion on the 2021 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2021 Financial Statement

The form and content of the information included in the 2021 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BOYS ELECTRICAL CONTRACTORS, LLC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of Boys Electrical Contractors, LLC. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Boys Electrical Contractors, LLC. ("the Company") is the Plan Sponsor. The Plan is a defined contribution plan covering all eligible employees (except a resident of Puerto Rico or a signatory to a contract, letter of agreement or other document with the status of independent contractor are not entitled to benefits) of the Company who have completed three months of service, are age twenty-one or older with enrollment available the first day of each month once conditions are met. If the participant terminates employment after the eligibility requirements are met, and are later re-employed will be eligible to participate in the plan after one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Assets of the Plan are held by a plan trustee selected by the plan sponsor. The Company acts as plan sponsor.

Contributions

Each year, participants may contribute the lesser of \$20,500 (in 2022; thereafter as adjusted by the Secretary of the Treasury) or 90% of their pretax eligible annual compensation as defined in the Plan, provided the amounts do not exceed the annual limits imposed by the Internal Revenue Code. The plan also contains an automatic enrollment feature that will notify participants 30 days prior to eligibility and will begin to automatically deduct 3% of pay on a pre-tax basis as a deferral contribution to the plan. Participants may create an annual increase program to gradually raise the contribution rate each year until a contribution maximum of 6% is reached. Also, Participants are eligible to designate some or all of the deferred contributions as a Roth deferral contribution. The Roth contribution election is irrevocable (that is, Roth contribution cannot later be re-characterized as pre-tax deferral contributions). The Roth contribution amount will be included in taxable income for federal & state income tax purposes.

Participants may make additional deferral contributions during the payroll period(s) designated by the employer. The participant can defer a whole percentage between 1 and 100% of eligible compensation into the Plan by completing a special election form. The total of the additional, bonus, and regular deferral contribution for the year may not exceed 90% of the eligible compensation or other applicable IRS limits. Participants may also defer up to 1% to 100% of any bonus designated by the employer into the Plan subject to 90% of eligible compensation or IRS limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of up to \$6,500 (in 2022; thereafter as adjusted by the Secretary of the Treasury). Participants may also make after-tax contributions, money is held in a frozen account, and these funds can no longer be contributed to the deferred contribution account but will remain invested in the Plan and any earnings grow tax-deferred. The Plan also accepts Employer Safe Harbor Matching and non-elective contributions.

BOYS ELECTRICAL CONTRACTORS, LLC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (continued)
Contributions (Continued)

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan provides for the Company to make a matching contribution only if the participant makes contributions. The matching contribution will include age 50 and over catch-up contributions and the employer match must be allocated to the participants account in the plan within the prescribed legal limits. Non-discretionary matching contribution will be computed based on the eligible compensation contributed to the Plan for each payroll period.

The Company has elected to make a safe harbor matching contribution of 100% of the participant's first one percent of eligible compensation, and 50% of the next five percent of the eligible compensation, contributed to the plan as deferred contributions.

The employer may designate all or a portion of any nonelective contribution for a plan year as "qualified nonelective contributions" and allocate to non-highly compensated employees to help the plan pass one or more annually required IRS code non-discrimination test(s). The participant will be 100% vested in these contributions.

Participants can roll over part or all of an eligible rollover distribution received from an eligible retirement plan (a "rollover contribution") into the Plan even if the participant has not yet satisfied the age and service eligibility requirements but the participant will not become a participant in the plan until eligibility and entry date requirements.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) plan earnings, and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in rollover contributions, after-tax contributions, qualified nonelective contributions, deferred contributions and any earnings thereon. Participants receive vesting credit for the number of years worked for the employer. If participants terminate employment, they may be able to receive a portion or all of the account based on vested percentage.

BOYS ELECTRICAL CONTRACTORS, LLC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting (continued)

The following is the vesting schedule for the Company's matching contributions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	100%

Participants' prior profit sharing contributions are subject to the vesting schedule appearing immediately below if participants are a member of the following class: - All participants who have a balance in the source:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	100%

Participants' prior matching contributions are subject to the vesting schedule appearing immediately below if participants are a member of the following class: All participants that have a balance in the source:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Vesting under the Plan is based upon the elapsed time method. Hours of service are not counted and instead periods of services are computed. A period of service starts with the participants' date of employment and, generally, ends on the date of termination. Only whole years of service with the employer will be counted to complete years of service for vesting purposes. If participants are less than 100% vested in the employer account, they will forfeit the non-vested portion. A forfeit will occur in the plan year that the participant receives a distribution of the entire vested account, or if the participant does not receive a distribution after five consecutive one year breaks in service. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive the vested account balance of either:

- Non-rollover distribution - A single lump-sum payment, subject to federal income tax withholding 20% of the taxable distribution and remaining amount paid to the participant
- Direct rollover distribution – a rollover directly into a Fidelity IRA, a non-Fidelity IRA, or to a new employer’s qualified plan. Federal income taxes will not be withheld on any direct rollover distribution
- Combination non-rollover distribution or direct distribution
- Partial withdrawals following termination

Participants may defer receipt of a distribution until a later date except when the vested account balance is \$5,000 or less in which case the Plan administrator will direct the trust that any account exceeding \$1,000 be distributed to an Individual Retirement Account or Annuity (“IRA”) for the participant’s benefit. If the vested account balance is \$1,000 or less the Trustee will distribute a lump sum payment to the participant, or if the participant elects, will be rolled-over to a different IRA provider, or another retirement plan eligible to receive the rollover contribution. Benefit payments include in-service, hardship withdrawals, and participant loans benefits are recorded when paid.

Forfeitures

For plan years ended December 31, 2022 and 2021, forfeited non-vested accounts totaled \$11,179 and \$18,837, respectively. These accounts are used to reduce employer contributions and/or administration fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Date of Management’s Review

Plan management has evaluated subsequent events through October 12, 2023, the date which the financial statements were available to be issued and has determined that no material transactions have occurred that would require recognition or disclosure in the financial statements.

BOYS ELECTRICAL CONTRACTORS, LLC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's administrative expenses that are directly related to the value of the investments under management are paid by the Plan and allocated to the individual participant accounts either proportionately or based on the value of the account balances or as an equal dollar amount based on the number of participants, depending on the nature of the expense.

Income Taxes

The Internal Revenue Service (IRS) has determined and informed the Third Party Administrator of the template plan adopted by the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. Management believes that no uncertain tax positions have been taken.

BOYS ELECTRICAL CONTRACTORS, LLC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for the investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The following valuation methods and assumptions were used by the Plan in estimating the reported values for the investments described below:

Mutual Funds - The fair value of mutual funds is based on quoted net asset values of the shares reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. Mutual funds are classified as Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at fair value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 2,773,208</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,773,208</u>

Assets at fair value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 2,826,748</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,826,748</u>

BOYS ELECTRICAL CONTRACTORS, LLC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The December 31, 2022 and December 31, 2021, Statement of Net Assets, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and accompanying notes to the financial statements were prepared in part or entirely from information certified by the Fidelity Investment (the Trustee) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$2,773,208 and \$2,826,748 at December 31, 2022 and 2021, respectively.

NOTE 5 – LOANS RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance, reduced by the highest outstanding loan balance during the preceding 12 months, or \$50,000 and limited by certain restrictions in the Plan document. Loan terms shall not be more than ten years, except certain loan transfers shall continue in effect until paid off or defaulted under the terms of the loan instruments. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by Plan administrator. Participants can have one outstanding loan at a time. Upon execution of the loan, the participant's account is deducted for a loan set up fee of \$75 per loan and an annual loan maintenance fee of \$25 for each loan. Principal and interest are paid ratably through payroll deductions. In the event of a default or termination of employment, the entire outstanding principal and accrued interest will be immediately due and payable. Any default in repayment to the Plan will result in treating of the balance due from the loan as a taxable distribution.

The loans receivable from participants' amounted to \$63,777 and \$63,575 for plan years ended December 31, 2022 and 2021, respectively. Interest rate charged to participants range from 4.25% and 8.00% with interest income on loans receivable from participants of \$2,935 and \$2,799 for the years ended December 31, 2022 and 2021, respectively.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
