Required Communications

Auditing standards generally accepted in the United States of America (“GAAS”) (AU-C 260, *The Auditor’s Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Area	Comments
Our Responsibilities with Regard to the Financial Statement Audit	Our responsibilities under auditing standards generally accepted in the United States of America have been described to you in our arrangement letter dated June 5, 2023. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter. As management determined it is permissible in the circumstances and elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.
Overview of the Planned Scope and Timing of the Financial Statement Audit	We have issued a separate communication dated June 5, 2023 regarding the planned scope and timing of our audit and identified significant risks.
Accounting Policies and Practices	Preferability of Accounting Policies and Practices Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice. Adoption of, or Change in, Accounting Policies Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period. Significant or Unusual Transactions We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Area	Comments
	Management’s Judgments and Accounting Estimates Summary information about the process used by management in formulating particularly sensitive accounting estimates and about our conclusions regarding the reasonableness of those estimates is in the attached Summary of Significant Accounting Estimates.
Audit Adjustments	Audit adjustments, other than those that are clearly trivial, proposed by us and recorded by the Plan are shown on the attached “Summary of Recorded Audit Adjustments.”
Uncorrected Misstatements	We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.
Form 5500 Filing	GAAS require that we obtain and read a draft of the Plan’s Form 5500 that is substantially complete prior to the dating of our auditor’s report in order to identify material inconsistencies, if any, with the Plan’s audited financial statements. We read the Plan’s draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements
ERISA-Required Supplemental Schedule	We subjected the information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedule, other than the certified investment information, is fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplemental schedule are presented in conformity with the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplemental schedules agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditor’s report for the ERISA-required supplemental schedule. We did not identify inconsistencies with the audited financial statements or with the certified investment information.

Area	Comments
Disagreements with Management	We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.
Consultations with Other Accountants	We are not aware of any consultations management had with other accountants about accounting or auditing matters.
Significant Issues Discussed with Management	The following is a description of significant issues arising from the audit that were discussed with management. Material weakness and control deficiencies as outlined in the communication attached as Exhibit B.
Significant Difficulties Encountered in Performing the Audit	The following is a description of significant issues arising from the audit that were discussed with management. Material weakness and control deficiencies as outlined in the communication attached as Exhibit B.
Difficult or Contentious Matters That Required Consultation	We did not encounter any significant difficulties in dealing with management during the audit.

Area	Comments
Shared Responsibilities: AICPA Independence	The AICPA regularly emphasized that auditor independence is a joint responsibility and is managed most effectively when management, audit committees (or equivalents), and audit firms work together in considering compliance with American Institute of Certified Public Accountants (AICPA) independence rules. For KraftCPAs PLLC (Kraft) to fulfill its professional responsibility to maintain and monitor independence, management, the Retirement Plan Committee, and Kraft each play an important role. Our Responsibilities • AICPA rules require independence both of mind and in appearance when providing audit and other attestation services. Kraft is to ensure that the AICPA’s General Requirements for performing non-attest services are adhered to and included in all letters of engagement. • Maintain a system of quality control over compliance with independence rules and firm policies.
	Your Responsibilities • Timely inform Kraft, before the effective date of transactions or other business changes, of the following: - New affiliates, directors, officers, or persons in financial reporting oversight roles. - New beneficial owners of the Plan Sponsor’s equity securities that have significant influence. - Change in corporate structure impacting affiliates such as add-on acquisitions or exits. • Provide necessary affiliate information such as new or updated investment structure charts, as well as financial information required to perform materiality calculations needed for making affiliate determinations. • Understand and conclude on the permissibility, prior to the Plan and its affiliates, including the Plan Sponsor, and the officers, directors or persons in a decision-making capacity, engaging in business relationships with Kraft. Not entering into relationships resulting in Kraft, Kraft covered persons or their close family members temporarily or permanently acting as an officer, director or person in an accounting or financial reporting oversight role at the Plan or Plan Sponsor.
Significant Written Communications Between Management and Our Firm	Copies of significant written communications between our firm and the management of the Plan, including the representation letter provided to us by management, are attached as Exhibit A.

Health Connect America Retirement Savings Plan

Summary of Significant Accounting Estimates

Year Ended December 31, 2022

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses their knowledge and experience about past and current events, and certain assumptions about future events. You may wish to monitor throughout the year the process used to determine and record these accounting estimates. The following describes the significant accounting estimates reflected in the Plan's December 31, 2022, financial statements.

Estimate	Accounting Policy	Management's Estimation Process	Basis for Our Conclusions on Reasonableness of Estimate
Mutual Funds	FASB ASC 820	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.	We considered this information in the scope of our audit and determined this estimate to be reasonable.
Traditional Investment Contract	FASB ASC 820	Valued at contract value which is the sum of all deposits made to the traditional investment contract plus amounts transferred from any other investment fund to the traditional investment contract plus interest earned minus amounts transferred or withdrawn from the traditional investment contract (including applicable fees and charges).	We considered this information in the scope of our audit and determined this estimate to be reasonable.

Exhibit A—Internal Control Matters

October 16, 2023

To the Plan Administrator and Management
Health Connect America Retirement Savings Plan
Franklin, Tennessee

In planning and performing our audit of the financial statements of Health Connect America Retirement Savings Plan (the “Plan”) as of and for the year ended December 31, 2022, we considered relevant plan provisions and the Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan’s compliance with those provisions or on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the Plan’s compliance with plan provisions or on the effectiveness of the Plan’s internal control.

Our consideration of relevant plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan’s provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies, may exist that were not identified.

Instances where the Plan is not operating in accordance with plan provisions may be indicative of a deficiency in internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiency in the Plan’s internal control to be a material weakness:

Controls Over Timely Deposits of Participant Contributions

We noted participant contributions deposited outside of the Plan's pattern of remitting within four business days of the payroll date.

The Department of Labor requires that participant contributions are remitted to the Plan on the earliest date in which they can reasonably be segregated from the Company's general assets, but in no event later than the 15th business day of the month following the month withheld. We understand that you believe that your procedure of remittance within five business days complies with these regulations; however, others, including the IRS and DOL, may view your circumstances differently and arrive at a different conclusion.

Failure to remit timely results in prohibited transactions that must be reported to the Department of Labor, in lost earnings to plan participants, and in excise tax penalties to the plan sponsor. We recommend you remit the lost earnings to the Plan and pay the excise tax penalties. We also recommend that you implement procedures to timely remit contributions withheld from participants.

This communication is intended solely for the information and use of the Plan Administrator, management, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

This representation letter is provided in connection with your audits of the financial statements of Health Connect America Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021; the related statement of changes in net assets available for benefits for the year ended December 31, 2022; and the related notes to the financial statements.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodically examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and that the certified information is appropriately measured, presented and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We confirm, to the best of our knowledge and belief, that as of October 16, 2023:
