Independent Auditor's Report

To Participants and Plan Administrator of
Viasat, Inc. 401(k) Profit Sharing Plan:

Opinion

We have audited the financial statements of Viasat, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the fiscal year ended March 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Viasat, Inc. 401(k) Profit Sharing Plan as of March 31, 2023 and 2022, and the changes in its net assets available for benefits for the fiscal year ended March 31, 2023, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Viasat, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Viasat, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements

are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Viasat, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Viasat, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of March 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**VIASAT, INC. 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED MARCH 31, 2023**

1. Description of Plan

The following description of the Viasat, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or the summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution savings and profit-sharing plan sponsored by Viasat, Inc. (“Viasat,” the “Company” or the “Employer”) to encourage and assist eligible employees of the Company and its designated subsidiaries to adopt a regular program of savings to provide additional financial security for retirement. The Plan was effective on January 1, 1990. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Empower Trust Company, LLC (“Empower”) (formerly known as Great-West Trust Company, LLC), serves as the non-discretionary trustee of the trust established as part of the Plan pursuant to a trust agreement (the “Trust Agreement”) and is authorized to hold the assets of the trust under the terms of the Trust Agreement.

The Company acquired RigNet, Inc. (“RigNet”) on April 30, 2021, and effective June 15, 2022, RigNet became a participating employer under the Plan and the RigNet employees became eligible to participate in the Plan.

The Company also completed the divestiture of the Link-16 Tactical Data Links business (the “Link-16 TDL Business”) to L3Harris Technologies, Inc. (“L3Harris”) on January 3, 2023. Participants whose employment with the Company terminated effective on the completion of the Link-16 TDL Business divestiture (employee that transferred to L3Harris as a part of divestiture) remained eligible to receive fiscal year 2023 Company matching contributions and became 100% vested in all of their prior Company matching contributions received.

Administration

The Plan is administered by the Company. The Company has the full power to administer the Plan.

Eligibility

To be eligible to participate in the Plan, an employee must be age 18 or older. Employees represented by a collective bargaining agreement or who are nonresident aliens are ineligible.

Contributions

Participants may contribute to the Plan on a pre-tax basis and/or on an after-tax Roth basis subject to the provisions of the Internal Revenue Code (the “Code”). New employees will be automatically enrolled in the Plan at a pre-tax deferral rate of 5% unless an employee opts out. Employees automatically enrolled in the Plan will receive an automatic 1% increase in their deferral rate on each anniversary of their automatic enrollment date up to a maximum of 10% unless they opt out. In addition, participants who will be at least age 50 by the end of the tax year may make an additional “catch-up” contribution as prescribed by the Code. Participants can change their elective deferral percentage or opt out at any time.

The Company may, at its discretion, make matching contributions to the Plan in the form of cash or the Company’s common stock. During the fiscal year ended March 31, 2023, the Company elected to make matching contributions of 50% of each employee’s pre-tax and after-tax Roth contributions, with a matching limit not to exceed 5% of the employee’s eligible compensation. Matching contributions are accrued in the period in which the Plan administrator is reasonably certain of their occurrence.

Matching contributions made by the Company in cash are invested in the participants’ accounts according to their specified allocation of investment fund options as of the date of the contribution. However, if the match is made with the Company’s common stock, participants have the option to transfer all or part of those amounts into any other investments available under the Plan. The employer matching contributions receivable of \$31,177,111 as of March 31, 2023 was paid in June of 2023 with the Company’s common stock. The employer matching contributions receivable of \$27,618,778 as of March 31, 2022 was paid in June of 2022 with the Company’s common stock.

Additionally, the Plan allows for discretionary profit-sharing contributions and qualified non-elective contributions (“QNEC”) by the Company. For the fiscal year ended March 31, 2023, there were no discretionary profit-sharing contributions or QNEC contributions made.

Rollover contributions meeting certain guidelines detailed in the Plan document may be made to the Plan.

Participant Accounts

Separate accounts are maintained for each participant. Participants direct the investment of their Plan accounts among a variety of investment options. Participants may change their elections, including investments in the Company common stock, on a daily basis. Plan earnings (losses) from investments are allocated to the participant account balances on a daily basis using a weighted average of participant account balances.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Participants are vested in Company matching and profit-sharing contributions as follows:

Years of Vesting Service	Vested Percentage
Less than 1 year	0%
1 but less than 2 years	34%
2 but less than 3 years	67%
3 or more years.....	100%

Additionally, participants become 100% vested in Company contributions upon death, disability, or upon reaching the early or normal retirement ages as defined in the Plan document, and, in fiscal year 2023, if transferred to L3Harris upon Link-16 TDL Business divestiture described under General above.

Forfeitures

Amounts forfeited by terminated employees are used to pay expenses of the Plan and/or reduce Company matching contributions. As of March 31, 2023 and 2022, forfeitures of \$567,466 and \$591,977, respectively, were available to reduce future employer contributions. During fiscal years 2023 and 2022, forfeitures of \$200,000 and \$241,308 were utilized to reduce the employer contributions receivable, respectively.

Payment of Benefits

Prior to termination of employment, a participant may make the following in-service withdrawals: (a) all or any portion of their rollover balance at any time, (b) all or a portion of their vested Plan accounts upon attaining age 59½, (c) qualified reservist withdrawals from deferrals, (d) deemed severance of employment withdrawals if on active military duty and (e) hardship withdrawals. Upon retirement or other termination of employment, participants or their beneficiaries are entitled to receive their vested balances in a lump sum distribution or installment payments. Involuntary cash-out distributions of amounts greater than \$1,000 but not more than \$5,000, are distributed in the form of a direct rollover to an individual retirement account designated by the Plan administrator. If the distribution is less than \$1,000, a check for the vested balance is sent to the employee, less applicable tax withholding. Furthermore, post severance partial payments are allowed under the Plan effective June 15, 2022.

Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant’s principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant’s principal residence or to prevent eviction or foreclosure from the participant’s principal residence.

Notes Receivable from Participants

Participants are eligible to borrow the lesser of \$50,000 or 50% of their vested account balance subject to certain limitations outlined in the Plan. The notes are secured by the vested balance in the participant's account and bear interest at the prime rate at inception of the note plus 1% per annum. Principal and interest is paid ratably through payroll deductions. At March 31, 2023, notes receivable from participants mature through fiscal year 2053 and bear interest at rates between 4.25% and 8.75% per annum.

If an active participant discontinues making note payments and fails to make payments when they are due under the terms of the note, the note will be considered in default. Under certain circumstances, as indicated in the Plan document, a note that is in default may be deemed a distribution from the Plan and will be included in the statement of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants become 100% vested in their accounts.

Investment Options

Participants may direct employer and participant contributions and existing account balances into any of several investment options, including mutual funds, common/collective trusts, the Viasat, Inc. Common Stock Fund, self-directed brokerage accounts and a fully benefit-responsive investment contract. Additionally, a participant may transfer amounts from other investment options into the Viasat, Inc. Common Stock Fund, provided that no transfer will cause more than 20% of a participant's account to be invested in the Viasat, Inc. Common Stock Fund.

2. Summary of Significant Accounting Policies

Basis of Accounting and Accounting Standards Codification

The Plan follows accounting standards set by the Financial Accounting Standards Board (the "FASB"), which establishes generally accepted accounting principles in the United States ("GAAP") that are followed in reporting the statements of net assets available for benefits and statement of changes in net assets available for benefits. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with GAAP. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification, referred to as the "Codification" or "ASC".

Investment Valuation and Income Recognition

The Plan follows the fair value measurement and disclosure requirements of ASC 820, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability. The Plan's investments are recorded at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 – Fair Value Measurements below for further information on the valuation of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the Plan's gains and losses on investments sold during the year.

Administrative Expenses

The Company pays certain administrative expenses of the Plan. Direct expenses totaling \$976,421 were paid by the Plan and allocated to the participants for the fiscal year ended March 31, 2023. Certain expenses are included in the transaction prices of investments bought and sold and are not separately quantified.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the fair values of certain investments. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities are exposed to various risks, including foreign currency exchange rate risk, interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in investment values may occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value (these are often based on internal models and there is rarely a two-way market).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments held in the Plan primarily consist of mutual funds, common/collective trusts, the Company's common stock and self-directed brokerage accounts. These assets are recorded at fair value on a recurring basis. Certain investments are measured at fair value using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. These investments include common/collective trusts which are typically valued using the NAV provided by the issuer of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus liabilities and divided by the number of shares or units outstanding. The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of March 31, 2023 and 2022.

Mutual funds: Valued at the closing NAV reported on the last business day of the fiscal year which is also the quoted market prices available on an active market.

Common/collective trusts: Valued by the issuer of the common/collective trust funds based on the NAV of its underlying investments. The underlying investments are valued by the issuer using quoted market prices on active markets and provide for daily redemptions with one or two days' notice.

As of March 31, 2023 and 2022, the Plan's investments in common/collective trusts have no unfunded commitments.

Company common stock: Investments in securities (common stock) traded on a national securities exchange are valued at the last reported sales price on the last business day of the fiscal year.

Self-directed brokerage accounts: The self-directed brokerage accounts are valued based on the fair value of the underlying investments. The underlying investments are carried at fair value based on quoted marked prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For fiscal years ended March 31, 2023 and March 31, 2022, there were no transfers in or out of Level 3. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 189,072,175	\$ —	\$ —	\$ 189,072,175
Viasat, Inc. common stock	66,868,334	—	—	66,868,334
Self-directed brokerage accounts	—	16,107,242	—	16,107,242

Common/collective trusts measured at NAV				665,022,891
Total investments at fair value				<u>\$ 937,070,642</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 590,145,201	\$ —	\$ —	\$ 590,145,201

Common/collective trusts measured at NAV				310,646,598
Total investments at fair value				<u>\$ 995,594,259</u>

4. Fully Benefit-Responsive Investment Contract

In fiscal year 2020, the Plan entered into a group annuity contract with Empower Annuity Insurance Company of America ("EAICA") (formerly known as Great-West Life and Annuity Insurance Company), the Empower Investments Fixed Account (formerly known as the Great-West Investments Fixed Account). The contract is a traditional investment contract. Under the contract, the participant principal and interest are fully guaranteed by the general account assets of EAICA. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter an interest rate is established for new deposits received in that quarter and that interest rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is then established each subsequent calendar year and is guaranteed for one calendar year. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under section 501(a) of the Code; premature termination of the contract; Plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer as that would limit the ability of the Plan to transact at contract value with the participants.

5. Party-In-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investment options are investments offered by Empower Financial Services, Inc. (formerly known as GWFS Equities), an affiliate of Empower, the trustee of the Plan. Additionally, certain investment fees are paid by the trustee and are reflected in the investment loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

In addition, the Plan sponsor, Viasat, Inc., is a party-in-interest.

6. Tax Status

The Plan is a nonstandardized prototype plan document designed by Empower, which received its latest IRS opinion letter dated November 14, 2022 stating that the prototype plan document complied with the applicable law. Management believes the Plan, as amended, which continues to use that prototype document, has been designed and continues to be operated in compliance with the applicable requirements of the Code and thus is exempt from federal income taxes under the provisions of Section 401(a) of the Code.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

The Plan evaluated subsequent events through September 26, 2023, the date the financial statements were available for issuance.
