| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

**Part I Service Provider Information (continued)**

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

## **Report of Independent Auditors**

The Trustees  
Tri Counties Bank 401(k) Plan

### **Report on the Audit of the Financial Statements**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Tri Counties Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tri Counties 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tri Counties Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***Supplemental Schedules Required by ERISA***

The Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTE 1 – DESCRIPTION OF PLAN

The following description of the Tri Counties Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General: Tri Counties Bank (the "Company") established the Plan effective January 1, 1984. The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan Trustees are responsible for administration and management of the Plan. All investments in the Plan are participant-directed. Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust Company") serve as custodians for the Plan. The Plan is a 401(k) Plan established for the benefit of the employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Under the Plan, all regular salaried non-union employees who are 18 years of age and have completed three months of service are eligible to contribute to the Plan. Employees may enter the Plan on the first day of the month coinciding with or following the date in which the employee satisfies the eligibility requirements.

Contributions: Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. Participants are also eligible to make after tax contributions and may contribute amounts representing distributions from other qualified plans as rollover contributions. The Plan provides employees with an automatic election to have elective deferral contributions totaling 4% of eligible compensation. The automatic election applies when a Participant first becomes eligible to make elective deferral contributions. A participant may elect a different rate of elective deferral contributions or elect not to make deferral contributions.

The Company may, at its discretion, make matching contributions at any point during the Plan year to the account of each eligible employee equal to 50% of their elective deferral up to 4% of eligible compensation that a participant contributes to the Plan. All contributions made by the Company are considered pretax contributions. The Company made discretionary matching contributions of \$1,573,453 for the year ended December 31, 2022. Contributions are subject to certain limitations.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Each participant shall become one hundred percent (100%) vested in the participant's account upon reaching age 65 while employed by the Company, or termination of employment due to disability or death. Upon termination of employment for any other reason, or in the normal course of employment, each participant shall be vested in Company contributions as provided below:

| <u>Years of Service</u> | <u>Vested %</u> |
|-------------------------|-----------------|
| Less than 1             | 0%              |
| 1 year but less than 2  | 20%             |
| 2 years but less than 3 | 40%             |
| 3 years but less than 4 | 60%             |
| 4 years but less than 5 | 80%             |
| 5 years or more         | 100%            |

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, allocations of forfeitures, and Plan earnings, and charged with withdrawals and allocations of Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant's Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan, which are subject to change periodically. Participants may change their investment options directly through the custodian.

Notes Receivable from Participants: Participants may borrow up to 50% of their vested accounts in the form of a loan with a minimum amount of \$1,000 and maximum amount of \$50,000. Loans are secured by the balance in the participant's account and bear interest at prevailing market rates at the time the funds are borrowed. Loan terms range from 1 to 5 years, or up to ten years for the purchase of a primary residence. Principal and interest is paid through payroll deductions. Interest rates on notes receivable from participants ranged from 4.25% to 8.50% as of December 31, 2022.

Payment of Benefits: On termination of service due to death, disability, retirement or any other reason, a participant may elect to receive a distribution equal to the value of the participant's vested interest in their account. If the value of a participant's entire vested account does not exceed \$5,000, a distribution will be made in a lump sum as soon as administratively feasible after the end of the Plan year in which the employee terminated employment. Participants may also receive in-service distributions on account of hardship or after attaining age 65. Participants are required to begin taking distributions from their account no later than the April 1<sup>st</sup> following the calendar year in which the participant attains age 70 ½. As of December 31, 2022 and 2021, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Forfeitures: Forfeitures attributable to nonvested matching contributions may be used to pay plan expenses or used to reduce any future matching contribution. As of December 31, 2022 and 2021, there were forfeitures of \$109,298 and \$145,721, respectively, available to reduce plan expenses or reduce matching contributions.

Administrative Expenses: The Plan pays all expenses reasonably incurred for administration unless the Company chooses to pay the expenses. In 2022, the Plan paid \$188,993 in direct administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment loss reported by the Plan.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's custodians, Principal Life Insurance Company and Principal Trust Company, certify the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments. See Note 6 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan holds a direct interest in a fully benefit-responsive contract.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes net unrealized market depreciation of investments and net realized gains and losses

on the sale of investments during the period.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses was recorded at December 31, 2022 or 2021.

Risks and Uncertainties: The Plan utilizes various investment instruments, including investment contracts, pooled separate accounts, collective trusts and registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

### **NOTE 3 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

### **NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS**

Substantially all information pertaining to the Plan's investments included in the financial statements and schedule of assets, including the associated investment income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan. This information has not been audited by independent accountants.

### **NOTE 5 – INVESTMENT IN CONTRACT WITH INSURANCE COMPANY**

The Plan has an investment in a fully benefit-responsive Group Annuity Contract with Principal Life Insurance Company (Principal; Issuer). Under the terms of the contract, the contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. In the event that the Plan

Sponsor terminates the contract and requests an immediate payout, the contract payout would be subject to a 5% termination fee. The plan administrator does not believe that the occurrence of any other such events, which would limit the Plan's ability to transact at contract value with participants, are probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

## **NOTE 6 – FAIR VALUE MEASUREMENTS**

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual Funds* – The fair values of mutual fund investments (registered investment companies) are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

*Pooled Separate Accounts* – The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements or restrictions, and has redemption prices that are determined by the fund's net asset value per unit.

*Collective Trusts* – The fair values of participation units in collective trusts are based upon the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The investment objective of each of the Principal Trust Target Date Funds is to seek a total return consisting of long-term growth of capital and current income. The investment objective of the Principal Trust Income Fund is to seek current income and, as a secondary objective, capital appreciation. The funds generally provide for redemptions in a fund every 30 days at the reported net asset value per share with no advance notice requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

\* Investments measured at fair value using net asset value (NAV) per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

## NOTE 7 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended and restated from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

## **NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under U.S. Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are held in pooled separate accounts, issued by Principal Funds, Inc., an affiliate of the Plan's custodian. The Plan also holds investments in Principal Fixed Income Option (PFIO), a Group Annuity Contract, available through Principal Life Insurance Company. Principal Life Insurance Company and Principal Trust Company are the custodians as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

The Plan issues loans to participants, which are secured by the balances in the participant's accounts. These transactions, shown on the financial statements as notes receivable from participants, qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. During 2022, the Company retained an external investment advisor to assist with administering the Plan.
