INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Black Hills Regional Eye Institute 401(k) Plan and Trust
Rapid City, South Dakota

Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **BLACK HILLS REGIONAL EYE INSTITUTE 401(k) PLAN AND TRUST** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

(1) Summary of Significant Accounting Policies

Nature of Business of Plan Sponsor

Black Hills Regional Eye Institute, LLP (the Plan Sponsor, the Company, and the Plan Administrator), formed in 1983, operating a specialized clinic in Rapid City, South Dakota. The Plan Sponsor performs vision related surgeries, treatments, education and research. The Plan also allows certain entities related through common control to participate in the Plan.

Method of Accounting

The financial statements of Black Hills Regional Eye Institute 401(k) Plan and Trust (the Plan) are prepared using the accrual method of accounting.

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis, as determined by Minnesota Life Insurance Company (the Trustee) (Notes 4 and 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of pooled separate accounts are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

(1) Summary of Significant Accounting Policies

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the related Company contributions are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2023, the date which the financial statements were available for issue.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan originated on January 1, 2002. The Plan was most recently restated on August 31, 2021.

General and Eligibility

The Plan is a standardized defined-contribution plan covering all employees of the Plan Sponsor and those of participating employers. To be eligible to make salary deferrals to the Plan, a participant must have attained 18 years of age. To be eligible for all employer contributions an employee must also complete one year of service. A year of service is defined as working 1,000 hours within one year of their hire date or anniversary date for periods following the initial period. Plan entry is offered monthly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to certain limits as established by the IRS and Plan Administrator. The Plan Sponsor may elect to make a safe harbor matching contribution prior to the beginning of each plan year. For the year ended December 31, 2022, the safe harbor match is equal to 100 percent of participant deferrals up to 3 percent of compensation.

The Plan Sponsor may elect to make discretionary matching and profit sharing contributions. All eligible participants receive a share of the discretionary matching and profit sharing contributions regardless of if any salary deferrals have been made during the plan year. For the year ended December 31, 2022 discretionary matching contributions were 3 percent of compensation. For the year ended December 31, 2022 the base percentage for profit sharing contributions was 7 percent of compensation up to the social security taxable wage base.

Participants may receive additional nonelective contributions if eligible compensation exceeds the social security taxable wage base.

401(k) PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

(2) Description of the Plan

Contributions

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and contributions to a Roth 401(k) account are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participants' Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching and profit sharing contributions, Plan earnings or losses, and charged administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

At December 31, 2022 and 2021, Plan investments included forfeitures of **\$7,886** and \$37,590, respectively. Forfeitures of **\$52,640** were used to reduce employer contributions during the year ended December 31, 2022.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon. The portion of the participant's account attributable to the Company's discretionary match and profit-sharing contributions becomes 100 percent vested over six years of credited service at a rate of 20 percent after two years of credited service and for each successive year of service, or if less than six years, upon reaching normal retirement age, disability, death, or upon termination of the Plan.

Hardship Withdrawals

Should a plan participant experience a hardship, they may elect to withdraw all or part of their vested account from the Plan. All cases of hardship must be presented in writing to, and approved by, the Trustee. The Trustee may request additional supporting documentation from plan participants to substantiate any case of hardship. The Trustee may, at their discretion, approve all or part of the withdrawal request. Hardship withdrawals are recorded as distributions in the period in which they are paid.

Participants' Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into the investment funds as listed on the Schedule of Assets Held at End of Year. Participants may change the investment allocation of employee and employer contributions on a daily basis. Participants may elect to discontinue contributions at any time.

(2) Description of the Plan

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years for general purpose loans and up to 30 years for the purchase of a personal residence. The loans are secured by the balance in the participant's account and bear interest at market rates at the time of application. Principal and interest is paid ratably through direct withdrawals from the participant's personal bank account. Only one loan is permitted per participant.

**BLACK HILLS REGIONAL EYE INSTITUTE
401(k) PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

(2) Description of the Plan

Assets Held for Investment Purposes

The Plan investments are held by the Trustee under agreement with the Plan. All investment decisions are made by participants from a selected list of financial instruments selected by the Plan Administrator. The Plan currently offers various pooled separate accounts as investment options for participants. Participants may change their allocation elections at any time.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company has, at its discretion, absorbed certain other administrative expenses pertaining to the Plan. If not paid by the Company, these administrative expenses become the responsibility of the Plan. Investment management fees are included in administrative expenses on the Statement of Changes in Net Assets. Fees for recordkeeping as well as the administration of notes receivable and distributions to participants are included in administrative expenses and charged directly to the participants' accounts.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or one of various annuities. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested benefits less than \$1,000 are distributed as soon as administratively feasible after the participant's termination of employment. Vested benefits greater than \$1,000 but less than \$5,000 are rolled over to an individual retirement account.

(3) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their account balance.

(4) Investments -- Information Certified by Trustee

The Plan's investments are held by the Minnesota Life Insurance Company (the Trustee), who performs all accounting functions associated with the Plan's investments. The fair value of investments at December 31, 2022 and 2021 is determined by the Trustee (Note 7).

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan.

Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for Contributions Receivable)
Statement of Changes in Net Assets Available for Benefits (except for Contributions, Benefits Paid to
Participants, and Administrative Expenses)
Supplemental Schedule of Assets Held at End of Year

**BLACK HILLS REGIONAL EYE INSTITUTE
401(k) PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

(4) Investments -- Information Certified by Trustees

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

(5) Income Tax Status

A determination letter dated June 30, 2020 was obtained for the prototype plan document, in which the IRS stated that the Plan document, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor (DOL) or IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Participant Withdrawals

Vested, undistributed account balances of separated Plan participants total approximately **\$301,000** and \$541,000 at December 31, 2022 and 2021, respectively.

(7) Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level One: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: Inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

**BLACK HILLS REGIONAL EYE INSTITUTE
401(k) PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

(7) Fair Value Measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021, in the accompanying Statements of Net Assets Available for Benefits by fair value hierarchy, as described above. All are measured on a recurring basis.

December 31, 2022:

	<u>Level One</u>	<u>Level Two</u>	<u>Level Three</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 13,460,964	\$ -	\$ 13,460,964
	\$ -	\$ 13,460,964	\$ -	\$ 13,460,964

December 31, 2021:

	<u>Level One</u>	<u>Level Two</u>	<u>Level Three</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 15,893,694	\$ -	\$ 15,893,694
	\$ -	\$ 15,893,694	\$ -	\$ 15,893,694

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: Fair value represents the value of the fund shares, which is calculated daily based on the valuation of the funds' underlying investments at fair value. The pooled separate accounts invest mainly in mutual funds.

(8) Related-Party Transactions and Party in Interest Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. The Plan allows participants to take out loans against their account balances.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(9) Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets and changes in net assets shown in the financial statements to the Form 5500:
