Independent Auditor's Report

Board of Trustees
The Meth-Wick Community 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Meth-Wick Community 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended March 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of March 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Meth-Wick Community 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of The Meth-Wick Community 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of The Meth-Wick Community (the Sponsor) who have completed one year of service with at least 1,000 hours and are age 18 or older. Eligible employees may enter the Plan on the first day of each plan year quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute a percentage of their annual compensation, as defined in the Plan, as pretax or Roth deferrals, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Each year, the Sponsor may contribute to the Plan discretionary matching or profit-sharing contributions. For the years ended March 31, 2023 and 2022, the Sponsor contributed 3% of eligible employees' gross wages during the quarters in which they were participants. Participants must complete 1,000 hours during the plan year and be actively employed on the last day of the plan year to be eligible for an allocation of the Sponsor discretionary contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Sponsor discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contributions, and related earnings, is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan. Participants may change their investment options daily.

Payment of benefits: On separation of service due to death, disability retirement or termination, a participant may elect to receive an amount equal to the participant's vested account balance. Benefits are paid in the form of lump-sum amount equal to the value of the participant's vested interest in their account or installments over a specified period not to exceed the life expectancy of the participant. If the participant's vested benefit in the Plan does not exceed \$5,000, the benefit will be distributed in a single lump sum as soon as administratively feasible following the event that entitles the participant to a distribution.

The Meth-Wick Community 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeited accounts: Forfeited nonvested accounts are reallocated to participants as additional employer contributions. Available forfeitures totaled approximately \$14,000 and \$5,000 as of March 31, 2023 and 2022, respectively, and approximately \$5,000 were reallocated to participant accounts during each of the years ended March 31, 2023 and 2022.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Investment-related expenses are included in net (depreciation) appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 25, 2023, the date the financial statements were available to be issued.

Subsequent to March 31, 2023, the Plan was amended, effective April 1, 2024, to reduce the eligibility requirement to 500 hours during the first year of service and allow for forfeitures to be used as additional nonelective contributions, reduce nonelective contributions, or pay plan administrative expenses.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

The Meth-Wick Community 401(k) Plan

Notes to Financial Statements

Note 4. Information Certified or Provided by the Custodian

The following is a summary of the Plan's asset information as of March 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	March 31	
	2023	2022
Cash, noninterest bearing	\$ 13,964	\$ 5,478
Investments at fair value, pooled separate accounts	4,866,581	5,018,149
	<u>\$ 4,880,545</u>	<u>\$ 5,023,627</u>

John Hancock Life Insurance Company (U.S.A.) also certified to the completeness and accuracy of (\$386,293) and \$154,833 of net (depreciation) appreciation in fair value of investments for the years ended March 31, 2023 and 2022, respectively.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Meth-Wick Community 401(k) Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 31, 2023 and 2022.

Pooled separate accounts: Pooled separate accounts are invested primarily in domestic and international stocks, commercial paper or single mutual funds. Net asset value (NAV) is used as a practical expedient to determine fair value for these accounts. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

In accordance with the Fair Value Measurements topic, certain investments that were measured at the NAV per share practical expedient have not been classified in the fair value hierarchy. There were no investments requiring classification in the fair value hierarchy as of March 31, 2023 and 2022.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV practical expedient as of March 31, 2023 and 2022:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Investment	2023	2022			
Pooled separate accounts:					
Lifecycle target date (a)	\$ 3,895,892	\$ 4,096,085	None	Daily	None
Lifecycle target risk (b)	440,314	481,192	None	Daily	None
Aggressive growth (c)	213,597	278,216	None	Daily	None
Growth (d)	286,290	132,666	None	Daily	None
Fixed income (e)	23,448	29,990	None	Daily	None
Conservative (f)	7,040	-	None	Daily	None
Total	\$ 4,866,581	\$ 5,018,149			

- (a) These accounts seek high total return through their target retirement date with a great focus on income beyond the target date. The accounts allocate their investments among multiple asset classes which can include U.S. and foreign equity and fixed income securities, and the allocation becomes increasingly conservative over time as the target date approaches.
- (b) These accounts seek a mix of long-term growth of capital and current income based on the target risk of each fund.
- (c) These accounts seek to provide long-term growth of capital with income as a secondary objective.
- (d) These accounts seek to achieve approximate aggregate total return of a broad U.S. domestic equity market index.
- (e) These accounts seek to achieve maximum current income consistent with preservation of principal.
- (f) These accounts seek to achieve maximum current income consistent with preservation of principal and liquidity.

The Meth-Wick Community 401(k) Plan

Notes to Financial Statements

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian for the Plan; therefore, these transactions qualify as party-in-interest transactions for which statutory exemption exists under the DOL's Rules and Regulations.

Certain accounting and administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Fees paid by the Plan to John Hancock Life Insurance Company (U.S.A.) for record-keeping and plan administration services were \$45,154 and \$49,733 for the years ended March 31, 2023 and 2022, respectively.

Note 7. Tax Status

The Plan has adopted a pre-approved plan sponsored by AT Retirement Services LLC. The pre-approved plan provider has received an advisory letter from the IRS as to the pre-approved plan's qualified status. The pre-approved plan advisory letter has been relied upon by this Plan. The Plan has been amended since the pre-approved plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following are reconciliations per the financial statements to the Form 5500:

	March 31	
	2023	2022
Net assets available for benefits per the financial statements	\$ 5,071,031	\$ 5,215,167
