Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PPL Events 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the Period ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PPL Events, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by Mid Atlantic Trust Company carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the Mid Atlantic Trust Company in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution)

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

• the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

• the information in the accompanying financial statements related to assets held by 3 and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DocuSign Envelope ID: 39C10AA3-83D7-41FD-A79F-4C9B1E551FE6

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PPL Events, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

As described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

PPL Events 401(k) Profit Sharing Plan and Trust
Notes to the Financial Statements

1. Description of Plan

The following brief description of the PPL Events 401(k) Profit Sharing Plan and Trust is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a Section 401(k) defined contribution plan with salary deferral provisions, which was established on January 1, 2021. Under the Plan, all employees of PPL Events, Inc. (Company) who have attained the age of eighteen are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - After completing 3 consecutive Months of Eligibility Service (not more than 12) beginning on the Employee's date of hire. An Employee will be eligible to become a Participant in the Plan for purposes of the contributions after completing the number of three consecutive Months of Eligibility Service.

Contributions – Each year, participants may make pretax deferred savings contributions in the form of salary deductions, up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto -enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled employees have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company, at its sole discretion, may elect to make a contribution to the Plan on behalf of all eligible employees. The Company made no discretionary contribution during the plan year ended December 31, 2022.

Participants' Accounts – Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution (if any), and gains and losses from the investment funds selected. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – A participant is fully vested in participant contributions, plus actual earnings, gains and losses thereon, at all times. Employer contributions and earnings thereon become vested after completion of four years of service or upon death, disability, or normal retirement.

The measuring period for vesting is tied to the Plan Year, ensuring alignment with the plan's operational cycle. Additionally, the plan employs the Hours-of-Service method to determine service, with a requirement of 1,000 hours of service constituting a Year of Vesting Service.

Participants should not have below 500 hours of service but not exceeding 1,000 hours may result in a Break in Vesting Service, affecting the pace of their vesting schedule.

These vesting provisions aim to balance rewarding long-term dedication while acknowledging participants' contributions in the earlier stages of their service, ultimately fostering a sense of financial security and engagement in their retirement savings journey.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either a single lump-sum amount or installment payments equal to the value of the participant's account if the vested value of the participant's account is greater than $5,000. If the vested interest is less than $5,000, the participant may only receive the distribution in a lump sum. In-service withdrawals from transfer accounts, distributions after age 59½ and hardship distributions are also allowed by the Plan. A Participant be entitled to request a distribution of their Individual Account attributable to Elective Deferrals on account of Severance from Employment pursuant to Plan Section 5.01(A)(2). The Plan also permits hardship distributions because of a hardship incurred by the Primary Beneficiary of an Employee. The Permissible Withdrawal period will be 90 days following the date the first automatic contribution was made.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to makeestimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well asheld during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses - Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds, respectively. Direct charges and expenses, including investment manager fees attributable to specific investment funds, may be charged against that investment fund. Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Other observable market-based inputs or unobservable inputs that are corroborated by market data.

4. Plan Termination

Although If the Plan terminated and management decides to transfer the assets, The Management reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to your accounts will become 100% vested. The Management will direct the distribution of the accounts in a manner permitted by the Plan as soon as practicable. The Employees will be notified if the Plan is terminated at any point of time.

5. Tax Status

The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in thestatement of net assets available for benefits.
