To the Participants of and Administrator of
Marelli North America, Inc. 401(k) Retirement Plan
Shelbyville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marelli North America, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Marelli North America, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a contributory defined contribution plan covering the qualified employees of Marelli North America, Inc. and subsidiaries (the Company). The Plan is designed to provide retirement benefits to employees of the Company who meet the eligibility requirements to participate in the Plan. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute from 1% to 90% of their annual gross earnings, subject to certain limitations under the Internal Revenue Code. The employer matches 100% of the first 6% of the participant's eligible pretax contributions. Participants may also rollover the taxable portion of a distribution from a previous employer's qualified savings plan into the Plan, either directly or through a rollover IRA.

The Company may make a profit sharing contribution each year at its discretion which will be allocated among all eligible team members whether they elect to make salary deferrals or not. Participants are required to be employed on the last day of the plan year in order to be eligible for the discretionary profit sharing. There was no discretionary profit sharing contribution made for the Plan year ended December 31, 2022.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Eligibility and Vesting: Employees become eligible to participate in the Plan on the first day of the next month of the Plan year coinciding with the completion of one month of service. The employer match will begin on the first day of the next month of the Plan year coinciding with the completion of three months of service. Participants are immediately vested in their voluntary contributions, employer safe harbor contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of service at the rate of 20% per year. Participants become fully vested in the Company's profit sharing contribution after five years of service, attainment of age 65, or in the event of death or permanent disability.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less. Loan transactions are treated as a transfer to (from) the individual investment funds from (to) the loan fund. Loan terms range up to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at prime rate plus 2% at the date of loan origination. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Participants (or their beneficiaries) will be paid the full value of their vested accounts at normal retirement (age 65), upon total or permanent disability, termination of service with the Company, or death. The method of payment is based upon the participant's election and may be made by a lump-sum payment or equal periodic installments.

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or to pay plan expenses.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and, when applicable, disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: The Plan's investments are exposed to various risks such as interest rate, market, liquidity and credit risks, as well as the risks associated with global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 26, 2023, which is the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to allow for automatic enrollment into the Plan for new hires and rehires at a rate of 6%.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks for which the fair values are determined by obtaining quoted prices on nationally recognized securities exchange (level 1 inputs).

NOTE 5 – TRADITIONAL FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan holds a direct interest in a fully benefit-responsive investment contract through its investment in the Anchor Account, which is a group annuity contract (Stable Value Fund (“SVF”)) managed by New York Life Insurance Company (“NYLIC”). Contributions to the contract are deposited into a guaranteed separate account of NYLIC, which is a participating stable value separate account that is not unitized, and the assets of the separate account are accounted for at amortized cost. There are no reserves against contract value of the issuer or otherwise. The contract value of the Plan’s interest in the Anchor Account was \$4,864,034 and \$4,188,946 at December 31, 2022 and 2021.

The Plan’s investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor’s operations, bankruptcy, or receivership, if these events would lead to a request for payments of more than 10% of the Plan’s value in the fund. The contract does not limit the circumstances under which the issuer may terminate the contract. At contract termination, the Plan may receive a book value distribution of the Plan’s interest in the SVF, provided a twelve months advance written notice is given to NYLIC. Distributions resulting from terminations initiated without providing twelve months advance written notice will be subject to a market value adjustment pursuant to the provisions of the SVF contract, provided a minimum of ten days written notice is given.

NOTE 6 – INCOME TAX STATUS

The underlying prototype plan, sponsored by Fidelity Management Trust Company, has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the "Code"). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations prior to 2019.

NOTE 7 – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to the Form 5500:

Net assets per the Form 5500	<u>\$ 192,349,694</u>	<u>\$ 246,834,068</u>

The following is a reconciliation of the change in net assets available for benefits before plan transfers for the year ended December 31, 2022, per the financial statements to the net income (loss) reported in the 2022 Form 5500:

Decrease in net assets available for benefits before plan transfers per the financial statements	\$ (54,702,082)
Less: contributions receivable at end of Plan year	(126,503)
Plus: contributions receivable at end of previous Plan year	<u>501,292</u>
Net income (loss) per the Form 5500	<u>\$ (54,327,293)</u>

NOTE 8 – PARTIES-IN-INTEREST

Parties in interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

The Plan holds shares of mutual funds issued by an affiliate of Fidelity Management Trust Company and a brokerage account held by an affiliate of Fidelity Management Trust Company which qualify as party-in-interest investments. All fees paid to Fidelity Management Trust Company and its affiliates qualify as party-in-interest transactions.

NOTE 8 – PARTIES-IN-INTEREST (Continued)

The Plan also holds a group annuity contract with New York Life Insurance Company. The contract qualifies as a party in interest investment and fees paid to New York Life Insurance Company qualify as party-in-interest transactions.

Investment management fees incurred by the Plan are party in interest transactions and are reflected as reductions of investment returns for each investment. Notes receivable from participants are also party-in-interest transactions.

INDEPENDENT AUDITOR'S REPORT

To the Participants of and Administrator of
Marelli North America, Inc. 401(k) Retirement Plan
Shelbyville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marelli North America, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Marelli North America, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a contributory defined contribution plan covering the qualified employees of Marelli North America, Inc. and subsidiaries (the Company). The Plan is designed to provide retirement benefits to employees of the Company who meet the eligibility requirements to participate in the Plan. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute from 1% to 90% of their annual gross earnings, subject to certain limitations under the Internal Revenue Code. The employer matches 100% of the first 6% of the participant's eligible pretax contributions. Participants may also rollover the taxable portion of a distribution from a previous employer's qualified savings plan into the Plan, either directly or through a rollover IRA.

The Company may make a profit sharing contribution each year at its discretion which will be allocated among all eligible team members whether they elect to make salary deferrals or not. Participants are required to be employed on the last day of the plan year in order to be eligible for the discretionary profit sharing. There was no discretionary profit sharing contribution made for the Plan year ended December 31, 2022.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Eligibility and Vesting: Employees become eligible to participate in the Plan on the first day of the next month of the Plan year coinciding with the completion of one month of service. The employer match will begin on the first day of the next month of the Plan year coinciding with the completion of three months of service. Participants are immediately vested in their voluntary contributions, employer safe harbor contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of service at the rate of 20% per year. Participants become fully vested in the Company's profit sharing contribution after five years of service, attainment of age 65, or in the event of death or permanent disability.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less. Loan transactions are treated as a transfer to (from) the individual investment funds from (to) the loan fund. Loan terms range up to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at prime rate plus 2% at the date of loan origination. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Participants (or their beneficiaries) will be paid the full value of their vested accounts at normal retirement (age 65), upon total or permanent disability, termination of service with the Company, or death. The method of payment is based upon the participant's election and may be made by a lump-sum payment or equal periodic installments.

(Continued)

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or to pay plan expenses.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and, when applicable, disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: The Plan's investments are exposed to various risks such as interest rate, market, liquidity and credit risks, as well as the risks associated with global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 26, 2023, which is the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to allow for automatic enrollment into the Plan for new hires and rehires at a rate of 6%.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks for which the fair values are determined by obtaining quoted prices on nationally recognized securities exchange (level 1 inputs).

	<u>\$ 184,324,532</u>	<u>\$ 184,324,532</u>
	Fair Value Measurements at December 31, 2021 Using	
		Quoted Prices in Active Markets for Identical Asset (Level 1)
	<u>Total</u>	
Investments		
Self-directed brokerage accounts	\$ 5,516,749	\$ 5,516,749
Mutual funds	<u>233,687,898</u>	<u>233,687,898</u>
	<u>\$ 239,204,647</u>	<u>\$ 239,204,647</u>

NOTE 5 – TRADITIONAL FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan holds a direct interest in a fully benefit-responsive investment contract through its investment in the Anchor Account, which is a group annuity contract (Stable Value Fund (“SVF”)) managed by New York Life Insurance Company (“NYLIC”). Contributions to the contract are deposited into a guaranteed separate account of NYLIC, which is a participating stable value separate account that is not unitized, and the assets of the separate account are accounted for at amortized cost. There are no reserves against contract value of the issuer or otherwise. The contract value of the Plan’s interest in the Anchor Account was \$4,864,034 and \$4,188,946 at December 31, 2022 and 2021.

The Plan’s investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor’s operations, bankruptcy, or receivership, if these events would lead to a request for payments of more than 10% of the Plan’s value in the fund. The contract does not limit the circumstances under which the issuer may terminate the contract. At contract termination, the Plan may receive a book value distribution of the Plan’s interest in the SVF, provided a twelve months advance written notice is given to NYLIC. Distributions resulting from terminations initiated without providing twelve months advance written notice will be subject to a market value adjustment pursuant to the provisions of the SVF contract, provided a minimum of ten days written notice is given.

NOTE 6 – INCOME TAX STATUS

The underlying prototype plan, sponsored by Fidelity Management Trust Company, has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the "Code"). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations prior to 2019.

NOTE 7 – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 192,476,197	\$ 247,335,360

Net assets per the Form 5500	<u>\$ 192,349,694</u>	<u>\$ 246,834,068</u>

The following is a reconciliation of the change in net assets available for benefits before plan transfers for the year ended December 31, 2022, per the financial statements to the net income (loss) reported in the 2022 Form 5500:

Decrease in net assets available for benefits before plan transfers per the financial statements	\$ (54,702,082)
Less: contributions receivable at end of Plan year	(126,503)
Plus: contributions receivable at end of previous Plan year	<u>501,292</u>
Net income (loss) per the Form 5500	<u>\$ (54,327,293)</u>

NOTE 8 – PARTIES-IN-INTEREST

Parties in interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

The Plan holds shares of mutual funds issued by an affiliate of Fidelity Management Trust Company and a brokerage account held by an affiliate of Fidelity Management Trust Company which qualify as party-in-interest investments. All fees paid to Fidelity Management Trust Company and its affiliates qualify as party-in-interest transactions.

NOTE 8 – PARTIES-IN-INTEREST (Continued)

The Plan also holds a group annuity contract with New York Life Insurance Company. The contract qualifies as a party in interest investment and fees paid to New York Life Insurance Company qualify as party-in-interest transactions.

Investment management fees incurred by the Plan are party in interest transactions and are reflected as reductions of investment returns for each investment. Notes receivable from participants are also party-in-interest transactions.

INDEPENDENT AUDITOR'S REPORT

To the Participants of and Administrator of
Marelli North America, Inc. 401(k) Retirement Plan
Shelbyville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marelli North America, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Marelli North America, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a contributory defined contribution plan covering the qualified employees of Marelli North America, Inc. and subsidiaries (the Company). The Plan is designed to provide retirement benefits to employees of the Company who meet the eligibility requirements to participate in the Plan. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute from 1% to 90% of their annual gross earnings, subject to certain limitations under the Internal Revenue Code. The employer matches 100% of the first 6% of the participant's eligible pretax contributions. Participants may also rollover the taxable portion of a distribution from a previous employer's qualified savings plan into the Plan, either directly or through a rollover IRA.

The Company may make a profit sharing contribution each year at its discretion which will be allocated among all eligible team members whether they elect to make salary deferrals or not. Participants are required to be employed on the last day of the plan year in order to be eligible for the discretionary profit sharing. There was no discretionary profit sharing contribution made for the Plan year ended December 31, 2022.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Eligibility and Vesting: Employees become eligible to participate in the Plan on the first day of the next month of the Plan year coinciding with the completion of one month of service. The employer match will begin on the first day of the next month of the Plan year coinciding with the completion of three months of service. Participants are immediately vested in their voluntary contributions, employer safe harbor contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of service at the rate of 20% per year. Participants become fully vested in the Company's profit sharing contribution after five years of service, attainment of age 65, or in the event of death or permanent disability.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less. Loan transactions are treated as a transfer to (from) the individual investment funds from (to) the loan fund. Loan terms range up to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at prime rate plus 2% at the date of loan origination. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Participants (or their beneficiaries) will be paid the full value of their vested accounts at normal retirement (age 65), upon total or permanent disability, termination of service with the Company, or death. The method of payment is based upon the participant's election and may be made by a lump-sum payment or equal periodic installments.

(Continued)

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or to pay plan expenses.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and, when applicable, disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: The Plan's investments are exposed to various risks such as interest rate, market, liquidity and credit risks, as well as the risks associated with global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

MARELLI NORTH AMERICA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 26, 2023, which is the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to allow for automatic enrollment into the Plan for new hires and rehires at a rate of 6%.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks for which the fair values are determined by obtaining quoted prices on nationally recognized securities exchange (level 1 inputs).

	<u>\$ 239,204,647</u>	<u>\$ 239,204,647</u>

NOTE 5 – TRADITIONAL FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan holds a direct interest in a fully benefit-responsive investment contract through its investment in the Anchor Account, which is a group annuity contract (Stable Value Fund (“SVF”)) managed by New York Life Insurance Company (“NYLIC”). Contributions to the contract are deposited into a guaranteed separate account of NYLIC, which is a participating stable value separate account that is not unitized, and the assets of the separate account are accounted for at amortized cost. There are no reserves against contract value of the issuer or otherwise. The contract value of the Plan’s interest in the Anchor Account was \$4,864,034 and \$4,188,946 at December 31, 2022 and 2021.

The Plan’s investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor’s operations, bankruptcy, or receivership, if these events would lead to a request for payments of more than 10% of the Plan’s value in the fund. The contract does not limit the circumstances under which the issuer may terminate the contract. At contract termination, the Plan may receive a book value distribution of the Plan’s interest in the SVF, provided a twelve months advance written notice is given to NYLIC. Distributions resulting from terminations initiated without providing twelve months advance written notice will be subject to a market value adjustment pursuant to the provisions of the SVF contract, provided a minimum of ten days written notice is given.

NOTE 6 – INCOME TAX STATUS

The underlying prototype plan, sponsored by Fidelity Management Trust Company, has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the "Code"). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations prior to 2019.

NOTE 7 – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 192,476,197	\$ 247,335,360
Contributions receivable at end of Plan year	<u>(126,503)</u>	<u>(501,292)</u>
Net assets per the Form 5500	<u>\$ 192,349,694</u>	<u>\$ 246,834,068</u>

The following is a reconciliation of the change in net assets available for benefits before plan transfers for the year ended December 31, 2022, per the financial statements to the net income (loss) reported in the 2022 Form 5500:

Decrease in net assets available for benefits before plan transfers per the financial statements	\$ (54,702,082)
Less: contributions receivable at end of Plan year	(126,503)
Plus: contributions receivable at end of previous Plan year	<u>501,292</u>
Net income (loss) per the Form 5500	<u>\$ (54,327,293)</u>

NOTE 8 – PARTIES-IN-INTEREST

Parties in interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

The Plan holds shares of mutual funds issued by an affiliate of Fidelity Management Trust Company and a brokerage account held by an affiliate of Fidelity Management Trust Company which qualify as party-in-interest investments. All fees paid to Fidelity Management Trust Company and its affiliates qualify as party-in-interest transactions.

NOTE 8 – PARTIES-IN-INTEREST (Continued)

The Plan also holds a group annuity contract with New York Life Insurance Company. The contract qualifies as a party in interest investment and fees paid to New York Life Insurance Company qualify as party-in-interest transactions.

Investment management fees incurred by the Plan are party in interest transactions and are reflected as reductions of investment returns for each investment. Notes receivable from participants are also party-in-interest transactions.
