INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants,
TripleLift, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TripleLift, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TripleLift, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TripleLift, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TripleLift, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TripleLift, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TripleLift, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial

statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

General

The following description of the TripleLift, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a 401(k) plan, established by TripleLift, Inc. (the “Company” or “Plan Sponsor”) on January 1, 2019 in accordance with the provisions of Internal Revenue Code (“IRC”) Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration of the Plan

The Company is the Plan Administrator (“Plan Administrator”) and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan. Reliance Trust Company (the “Trustee”) holds the Plan’s investments and executes investment transactions.

Eligibility

All employees of the Company, except for non-resident aliens, are eligible to participate in the Plan once they complete three months of service. They are allowed to enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements have been met.

Contributions

Participants are permitted to make pre-tax and post-tax (Roth) contributions up to the limitation contained in the IRC in effect for each taxable year. Participants may contribute up to 90% of their eligible compensation, as defined in the Plan document. Newly eligible participants are automatically enrolled in the Plan at a 3% deferral rate, unless the participant elects otherwise. In 2022, participants were permitted to contribute up to a maximum of \$20,500 with an additional \$6,500 catch-up contribution for employees over 50 years old. Participants are also permitted to contribute distributions from other qualified plans.

Under the Plan, the Company provides for employer matching contributions based on matching 50% of the first 6% of eligible compensation that a participant contributed to the Plan. Employer matching contributions for the year ended December 31, 2022 amounted to \$1,738,458. The employer also has the option to provide discretionary nonelective contributions which are calculated by multiplying the nonelective contribution amount by the ratio that each participant’s compensation bears to the total of such compensation of all participants. The Company did not make any discretionary nonelective contributions for the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Company contributions, if any, and the Plan’s earnings and reduced by any Plan losses, participant withdrawals, and administrative expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, employer matching contributions and actual earnings thereon. The discretionary nonelective contributions vest based on years of service which are determined under the following schedule below.

6	100%

Notes Receivable From Participants

Participants are allowed to borrow up to one loan at a time from their accounts an amount equal to no less than \$1,000 and no greater than \$50,000 or 50% of the participant's vested balance. The loans bear interest, and principal and interest are repaid ratably through payroll deductions. The loans generally bear interest at the prime rate at the time of the loan plus one percentage point. General purpose loans must be repaid within five years, and loans used to purchase a primary residence may be paid over thirty years.

Investment Options

Each participant directs participant and Company contributions to any of the investment options offered by the Plan. Participants may change their investment elections amongst these options at any time.

Payment of Benefits

In the event of retirement, disability or termination of employment, participants may elect a lump-sum or partial distribution equal to the value of the participant's vested balance, or to transfer their vested benefits to another qualified plan or to an individual retirement account. Participants may also request in-service distributions upon attaining age 59 ½ or for certain financial hardships. Vested balances under \$5,000 may be automatically distributed upon a participant's severance of employment.

Forfeitures

Per the Plan document, forfeitures can be used to reduce any employer contributions, or to pay Plan expenses. Unvested employer contributions shall be forfeited after a five-year break in service, or upon the distribution of the entire vested portion of a former participant's account if earlier. During 2022, there were no forfeitures used, and the balance in the forfeiture account at December 31, 2022 and 2021 was \$0.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, each participant shall become fully vested in Company contributions, if any.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in compliance with the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions. A note receivable is considered to be in default after any scheduled payment remains unpaid beyond the last day of

TripleLift, Inc. 401(k) Plan

the calendar quarter following the calendar quarter in which the payment was due, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note would be removed from the Plan's assets. The interest rate charged on notes receivable from participants ranged from 4.25% to 7.25% at December 31, 2022 with maturities through October 2026.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year. There were no significant amounts of investment income due to the Plan at December 31, 2022.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Plan expenses can be paid directly by the Company or by the Plan. Administrative expenses paid by the Plan were \$2,650 for the year ended December 31, 2022. Certain investment related expenses are included in net depreciation and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee has certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and the related investment income (loss) in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022. No auditing procedures were performed with respect to the information certified by the Trustee, except for comparing such information with the information reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") guidance relating to fair value measurements establishes a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Notes to Financial Statements
December 31, 2022 and 2021

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Registered Investment Companies: Valued at the closing prices as reported on the active market on which the funds are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, on a recurring basis:

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 15,777,047</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,777,047</u>

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 12,373,649</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,373,649</u>

5. PARTIES-IN-INTEREST TRANSACTIONS

Participants are parties-in-interest to the Plan; therefore notes receivable from participants qualify as party-in-interest transactions. These transactions are exempt transactions pursuant to Section 408(b)(1) of ERISA.

Certain fees and expenses of the Plan are paid by the Company. Additionally, certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. TAX STATUS

TripleLift, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The Plan adopted a prototype profit sharing 401(k) plan document which obtained its latest opinion letter on October 6, 2020 in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Furthermore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events occurring after December 31, 2022 through October 16, 2023, the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.
