INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants:
Stars Behavioral Health Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stars Behavioral Health Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements – modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stars Behavioral Health Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stars Behavioral Health Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw our attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stars Behavioral Health Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stars Behavioral Health Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stars Behavioral Health Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stars Behavioral Health Group 401(k) Plan
Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Stars Behavioral Health Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more detailed information of the Plan's provisions.

General

The Plan is a defined contribution plan and was established in 1998 by Stars Behavioral Health Group (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan was amended in November 2014 and April 2016. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code ("IRC"), as amended and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is a defined contribution plan covering all employees of the Company who have three months of service and have also attained age 18.

Plan Administration

The Board of Trustees is responsible for the oversight of the Plan. The 401(k) Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The Company has contracted with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal" or "trustee") to act as trustee and Actuarial Benefits Corporation, a third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Plan.

Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Roth after-tax deferrals are not allowed under the Plan. Participants who contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Plan allows matching and nonelective contributions, subject to certain eligibility requirements, equal to 10% of the participant's contribution. Additional nonelective contributions may be contributed at the option of the Company's Board of Directors. During the year ended December 31, 2022, the Company made \$635,524 of matching contributions and no additional nonelective contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant and employer matching contributions, as well as allocations of the Company's non-elective contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective contributions vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes Receivable from Participants

The Plan allows participants to borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the participant's balance. The loan interest rate is set at 2% above the prime rate, as defined and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes are established by the Company. A participant can only have one outstanding loan at any time.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Participants may also take an in-service distribution which is limited to fully vested accounts. These benefits shall be paid as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. The Plan allows for the automatic lump sum distribution of participant account balances up to \$1,000 and an automatic rollover provision for any balances between \$1,000 and \$5,000 into an Individual Retirement Plan ("IRA").

The Plan allows hardship withdrawals in accordance with Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$181,510 and \$157,342, respectively. These accounts are mainly used to reduce future employer contributions and pay for Plan administrative expenses. During 2022, forfeitures in the amount of \$16,065 were used to pay eligible Plan expenses.

Administrative Expenses

All expenses incurred by the Plan are paid from the Plan's assets to the extent the expenses have not been paid by the Company. For the year ended December 31, 2022, administrative expenses of \$252,478 were paid for by the Plan. In addition, certain investment related expenses have been offset with investment income and are not readily determinable.

Plan Transfers

The Company also sponsors an employee stock ownership plan ("ESOP"). Per the provisions of the ESOP, participant who have reached a certain age and years of service are able to diversify their investment in company common stock by selling it to the ESOP trust and transferring the balance to the 401(k) Plan. During the year ended December 31, 2022, amounts transferred from the ESOP plan totaled \$108,396.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting the disclosure under ERISA.

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. This basis differs from accounting principles generally accepted in the United States of America ("U.S. GAAP") because the Plan has not recognized employer and participant contributions receivable and corrective distributions payable.

Investment Valuation and Income Recognition

Investments in registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan currently pays for most of the Plan's expenses. Plan expenses not paid by the Plan will be charged on a pro-rata basis to the value of the participants account balances. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Stars Behavioral Health Group 401(k) Plan
Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events through October 12, 2023, the date these financial statements were available to be issued. Based on this evaluation, the Plan determined that there were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has established a framework for measuring fair value. This framework provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs supported by little or no market activity and are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Following is a description of the valuation methodologies used for assets measured at NAV as the practical expedient to estimate fair value:

Common/Collective Trusts: Investments in common/collective trust funds are valued on the NAV of shares held by the Plan at year-end as a practical expedient, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments. Participant transactions (purchases and sales) may occur daily.

Stars Behavioral Health Group 401(k) Plan
Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

2022			
	Level 1	Level 2	Level 3
Registered investment companies	\$ 5,586,296	\$ -	\$ -
Investments measured at net asset value*			
			30,908,134
			<u>\$ 36,494,430</u>

2021			
	Level 1	Level 2	Level 3
Registered investment companies	\$ 6,021,276	\$ -	\$ -
Investments measured at net asset value*			
			35,280,572
			<u>\$ 41,301,848</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "trustee"), except for comparing such information with the information reported in the financial statements.

The trustee of the Plan has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits – Modified Cash Basis as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividends, and other income reflected on the accompanying Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis for the year ended December 31, 2022.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

6. INCOME TAX STATUS

The Plan document is a volume submitter profit sharing plan that received a favorable opinion letter on March 31, 2014, in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the letter was received, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position which more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken requiring recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Principal Global Investment Trust Company an affiliate of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays administrative expenses to parties-in-interest who provide services to the Plan and for whom a statutory exemption exists. Investment management fees are absorbed in investment income and are not readily determinable. Additionally, notes receivable from participants are considered party-in-interest transactions for which a statutory exemption exists.

8. RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:
