INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Sponsor of the KAIZEN
AUTO CARE, LLC 401(K) PLAN

Opinion on the Financial Statements

We have audited the financial statements of Kaizen Auto Care LLC 401(K) Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Kaizen Auto Care, LLC 401(K) Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Kaizen Auto Care LLC 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kaizen Auto Care, LLC 401(K) Plan's ability to continue as a going concern for the period of October 20, 2024.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kaizen Auto Care LLC 401(K) Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kaizen Auto Care LLC 401(K) Plan ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment Purposes and Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KAIZEN AUTO CARE, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF PLAN

General - The following brief description of the Kaizen Auto Care, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants should refer to the Plan document for more complete information.

The Plan was adopted effective January 1, 2022. The purpose of the Plan is to provide eligible employees an opportunity to accumulate savings on a tax-advantage basis. The Plan was amended in November of 2022.

Plan Administration - The Plan's assets are held by Fran Jandjel (the "Trustee"). Participant contributions and Kaizen Auto Care, LLC (the "Company") matching contributions are remitted to the Trustee. The Trustee invests cash received, interest and dividend income and makes distributions to participants. The Plan is administered by the Company and record kept by Principal Financial Services (the "Recordkeeper").

Eligibility - All employees of the Company who have attained age 21 are also participants in the Plan once they have completed (3) months of service. Excluded groups are unions, leased and non-reside alien employees. Entry date is the 1st day of each month.

Contributions - Eligible employees are able to make contributions to the Plan via wage deferral agreements. The annual maximum contribution per participant is limited to \$20,500 for 2022. After 2022, the dollar limit may increase for cost-of-living adjustments. In addition, participants age 50 and over are allowed to make catch-up contributions in the amount of \$6,500. Participants may also contribute distributions from other qualified plans ("rollovers"). Participants have the option to allocate their account balances between various investment options as made available by the Plan.

Vesting - Participants are 100% vested in their contributions and actual earnings thereon. Vesting for employer made contributions are based upon years of service. Participants become fully vested in the employer contributions as follows:

Years of Service	<u>Vested Percentage</u>
Less than 1	—%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts -At December 31, 2022, forfeited nonvested accounts totaled \$15,591. These accounts will be used to reduce future Company contributions. There were no forfeitures used to offset Plan expenses or reinstate account balance for the year ended December 31, 2022.

Payment of Benefits - If termination of service due to death, disability or retirement, a participant may elect to be paid in the form of a single lump sum. In-service and hardship withdrawals are also available. If participants do not consent on a distribution of their vested account balance, they will remain in the Plan.

Administrative Expenses - Investment management fees and other transaction-based fees are paid by the Plan. Administrative fees for accounts of separated employees and beneficiaries are paid by the former employees or beneficiaries. All other expenses are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting -The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the fund manager. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates -The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates and are subject to change in the near term.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold and held during the year.

Fair Value Measurement - The fair value measurements hierarchy prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority ("Level 1") to unadjusted quoted prices in active markets for identical assets and liabilities and the lowest priority ("Level 3") to unobservable inputs. Fair value measurements primarily based on observable market information are given a "Level 2" priority.

Payment of Benefits - Benefits paid to participants are based on vested participant account balances as of the date of distribution and are recorded on the date of distribution. At December 31, 2022, there were no benefit payments requested that were awaiting payment.

Notes Receivable from Participants - A participant may apply for a loan at any time provided that the participant is receiving compensation from which payroll deductions can be made. The amount of the loan cannot exceed the lesser of 50% of the participant's total account, less the outstanding balance of all existing loans, or \$50,000, reduced by the highest outstanding balance of existing loans during the 12 months preceding the effective date of such loan. Additionally, in no event will a participant be permitted to have more than two loans outstanding at any one time. A loan is considered a note receivable of the Plan. The participant's account will be reduced by the amount of the loan. Any repayment made will be allocated to the participant's account in accordance with his or her current investment direction. Loans must be repaid in monthly installments through payroll deductions within 60 months. The annual interest rate for a loan is determined by adding 2% to a base rate determined at the time the loan is taken out. The Plan Administrator will disclose the applicable interest rate at the time of request.

Risks and Uncertainties - The Plan utilizes various investment securities including mutual funds, stable value fund and common collective funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Subsequent Events -Subsequent to December 31, 2022, it was identified that there were participants balances in the amount of \$506,168 that were contributed into participant accounts seven days late. This led to lost earnings for participants in the amount of \$3,345 that are scheduled to be funded by the Plan on November 15, 2023. The Plan was also required to file a 5330 Return of Excise Taxes Related to Employee Benefit Plans with the IRS which depicted fees due by the Plan to the IRS in the amount of \$502.

3. STABLE VALUE FUND – GUARANTEED INVESTMENT CONTRACT

The Plan contains a stable value investment option (Fund or GIC) that meets the criteria of a fully benefit-responsive investment contract and is therefore reported at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals. The Fund is comprised of a portfolio of bonds and other fixed income securities and an investment contract issued by an insurance company or other financial institution, designed to provide a contract value “wrapper” around the fixed income portfolio to guarantee a specific interest rate which is reset quarterly and that cannot be less than zero. The wrapper contract provides that realized and unrealized gains and losses on the underlying fixed income portfolio are not reflected immediately in the net assets of the Fund, but rather are amortized over the duration of the underlying assets through adjustments to the future interest crediting rate. Primary variables impacting future crediting rates of the Fund include the current yield, duration, and existing difference between market and contract value of the underlying assets within the wrapper contract.

4. FAIR VALUE MEASUREMENTS

Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Common collective trust funds are stated at fair value at estimated net asset value per share as reported by the bank collective trust based on the fair market value of the underlying investments. The net asset value, as provided in each fund’s audited financial statement, is used as a practical expedient to estimate fair value. The stable value fund is measured at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The following sets forth by level the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022.

<i>Assets at Fair Value as of December 31, 2022</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$39,879		—	\$39,879
Money market fund	\$10,939	—		\$10,939
Investments at fair value	\$50,818	—	—	\$50,818
Investments measured at net asset value	\$2,235,570	—	—	
Total Investment Assets at fair value	\$2,286,388			

In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the NAV value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Net Asset Value per Share The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022

	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
As of December 31, 2022:					
Common/Collective Trust Funds	\$2,235,570	None	Immediate	None	None

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter that the Plan and related trust were designed in accordance with the applicable regulations of the IRC meaning that the Plan and related trust are tax exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements. The plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress.

7. RELATED-PARTY TRANSACTIONS

All amounts contributed to the Plan are held by the Plan Trustee in a qualified Trust. The Trustee is responsible for the safekeeping of the trust funds and must fulfill all Trustee duties in a prudent manner. The Administrator is responsible for the day-to-day administration and operation of the Plan. Therefore, these transactions qualify as parties in interest transactions.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

For the year ended December 31, 2022, late participant contributions were identified subsequent to year-end. This has been included within the 'Subsequent Event' footnote.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 is as follows:

	2022
Statements of net assets available for benefits:	
Net assets available for benefits per the financial statements	\$2,420,821
Net assets available for benefits per Form 5500	\$2,307,448
Statement of changes in net assets available for benefits: Increase in net assets per the financial statements	\$2,420,821
Net Income per Form 5500	\$ 2,307,448

The difference of \$113,373 between form 5500 and the financial statements are due to GAAP adjustments made in order to bring the financial statements to the accrual basis of accounting.
