INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Freedom Bank of Virginia 401(k) Plan
Fairfax, Virginia

Opinion

We have audited the financial statements of the Freedom Bank of Virginia 401(k) Plan (f/k/a VBA Defined Contribution Plan for the Freedom Bank) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Continued)

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Compilation Report on the 2021 Financial Statement

Management is responsible for the accompanying financial statement of the Plan, which comprises the statement of net assets available for benefits as of December 31, 2021, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review of the 2021 financial statement nor were we required to perform any procedures to verify the accuracy of completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

FREEDOM BANK OF VIRGINIA 401(k) PLAN
(f/k/a VBA Defined Contribution Plan for the Freedom Bank)
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Freedom Bank of Virginia (“Company” or “Plan Sponsor”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of the Company, with the exception of leased employees, interns, and self-employed individuals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

As of December 31, 2021 and for the period of January 1, 2022 to March 13, 2022, the Plan was the VBA Defined Contribution Plan for the Freedom Bank. On March 14, 2022, the Plan was renamed and restated as the Freedom Bank of Virginia 401(k) Plan.

Contributions: Each year, participants may contribute the lesser of 100% of eligible compensation or \$20,500 (in 2022; thereafter as adjusted by the Secretary of the Treasury) in a calendar year. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to contribute to the Plan immediately and includes an automatic salary deferral feature for participants hired after January 31, 2019. Unless the participant makes an affirmative election, the employer will withhold 6% of compensation each payroll period. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant does not elect how to invest their contributions, the contributions will automatically be invested in the investment fund designated by the Plan Sponsor or the trustee as the default fund.

The Company makes matching contributions of 50% of employee deferrals up to 6%. For the year ended December 31, 2022, the Company made employer matching contributions of \$323,417. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and Company allocations of any employer matching contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount generally equal to the lesser of \$50,000 or 50% of their vested account balance, as further described in the Plan document, with certain exceptions under the legislative provisions. Generally, the term of the loan may not exceed five years, unless the loan is used to acquire a dwelling unit to be used as the principal residence of the participant. The loans are secured by the balance in the participant’s account and bear interest at rates ranging from 3.50% to 6.25%, which are commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loans are considered in default if the participant fails to make payments when they are due under the terms of the loan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability or retirement, participants (or their designated beneficiaries) who have a balance greater than \$5,000 may elect to receive the total vested balance in a lump sum distribution or installments or may leave the balance in the Plan until minimum distribution is required. A participant with a vested balance of less than \$5,000 will receive a mandatory lump sum distribution. A distribution of vested balances between \$1,000 to \$5,000 will be rolled over to an IRA unless the participant makes an affirmative election to either receive or roll over the distribution. Balances under \$1,000 will be paid as a lump sum distribution.

In-service distributions are allowed for participants upon attainment of age 59 ½. Additionally, a qualified reservist in-service distribution may be available from elective deferral accounts to participants who are qualified members of the reserves and meet certain conditions set forth in the Plan.

Hardship distributions are permitted from elective deferral accounts to participants who satisfy certain financial needs and meet specified conditions set forth the Plan.

Other in-service withdraws may be permitted from rollover contributions. In order for the earnings on Roth elective deferrals to be distributed tax-free for federal income tax purposes, a distribution from Roth deferral and rollover accounts, must be a qualified distribution, including attainment of age 59 1/2, disability or death, and may be subject to the expiration of a 5-year participation period.

Benefits Paid: At December 31, 2022 and 2021, there were no benefits payable recorded for Plan corrections.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net investment

returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Notes Receivable from Participants: Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Corrective Contributions: Corrective contributions include qualified nonelective contributions or other plan corrections and are generally recorded in the year of the event as 'other employer contributions' in the statement of changes in net assets available for benefits. Any associated receivable is presented as 'other employer contribution receivable' as of the Plan's year-end.

Corrective Distributions: Corrective distributions, including Plan corrections, and the associated liability, are generally recorded in the Plan year deemed payable to participants.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Generally, all expenses of maintaining the Plan are shared by the Plan and the Plan Sponsor. The Plan's individual account fees and expenses are charged directly to participant accounts. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Certain expenses of maintaining the Plan paid by the Plan Sponsor are excluded from these financial statements.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risk, including global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events: The Plan has evaluated subsequent events through October 31, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820 (ASC Topic 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and lowest priority to unobservable inputs (Level 3 measurements).

(Continued)

FREEDOM BANK OF VIRGINIA 401(k) PLAN
(f/k/a VBA Defined Contribution Plan for the Freedom Bank)
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Mutual funds, which are actively traded, are valued at quoted market prices on nationally recognized securities exchanges and represent the net asset value (NAV) of shares held by the Plan at year-end and are classified as Level 1 within the valuation hierarchy.

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business fashion. The Plan's investment in the funds is not subject to any withdrawal restrictions, and distributions may be taken at any time.

Employer Common Stock: Common stock is value at the closing price reported in the over-the-counter market on the OTCCQX exchange, operated by the OTC Markets Group, on which the individual securities are traded at the measurement date. These securities are classified in Level 1 within the valuation hierarchy.

Investments, at fair value	<u>\$ 7,608,710</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,005,417</u>

^(a) In accordance with ASC Topic 820, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the NAV per Share as a Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions or redemption notice periods for these investments.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Participants are always 100% vested in their employer contributions.

NOTE 5 – TAX STATUS

The Plan has adopted a non-standardized pre-approved plan document. The Plan has received an opinion letter from the IRS dated June 30, 2020 that the form of plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Company has not sought an individual determination letter for the Plan and is relying on the opinion letter, as provided for in Revenue Procedure 2005-16. The Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

The Plan holds mutual funds issued by Voya, an affiliate of Voya Institutional Trust Company ("VITC"). VITC served as the recordkeeper and trustee of the Plan and, therefore, these transactions and the Plan's payment of fees to Voya qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

As of December 31, 2022 and 2021, the Plan held 33,303 and 34,386 shares, respectively, of employer common stock. For the year ended December 31, 2022, the Plan recognized realized gains on employer common stock of \$18,168. There was no dividend income recognized on employer common stock. For the year ended December 31, 2022, purchases and sales of employer common stock totaled \$42,980 and \$152,964, respectively.
