INDEPENDENT AUDITORS' REPORT

The Trustees
Personal Touch 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Personal Touch 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PERSONAL TOUCH 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of Plan

The following description of Personal Touch 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering primarily all employees of Personal Touch Home Care of NY, Inc. (the Company) who are age 21 or older. The Audit Committee of the Company controls and manages the operation and administration of the Plan. Principal Financial Group (Principal) serves as the trustee and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective March 11, 2022.

The Plan excludes employees included in a unit of employees covered by a collective bargaining agreement between the employer and employee representatives, if retirement benefits were the subject of good faith bargaining and if two percent or less of the employees who are pursuant to that agreement are professionals as defined in Regulations Section 1.410(b)-9. For this purpose, the term "Employee Representative" does not include any organization more than half of whose members are employees who are owners, officers, or executives of the employer.

The Plan excludes employees who are nonresident aliens and who receive no earned income, as defined in the Plan agreement.

The Plan excludes from participation any nondiscriminatory classification of employees determined as follows;

Highly compensated employee - Any employee who during the current or prior plan year (1) was a more than 5% owner or (2) received more than \$120,000 in compensation as adjusted for inflation. Family members of a 5% owner, or a highly compensated employee in the group of the ten employees with the greatest compensation, will be combined as if they were one person for purposes of compensation and contributions.

(b) Contributions

Each year, participants may contribute from 1% up to 90% of their annual compensation, subject to Internal Revenue Service (IRS) limitations, as defined in the Plan. For 2022, the IRS maximum allowable contributions limit was \$20,500; or \$27,000 if over the age of 50. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll-over amounts representing distributions from other qualified plans. Discretionary contributions are a Company decision in any plan year.

(1) Description of Plan, Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

(e) Notes Receivable From Participants

Participants may borrow from their individual accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. In general, loan terms may not exceed five years, except for loans used to acquire a principal residence, in which case the Plan administrator may permit a longer repayment term. The loans are collateralized by the vested balance in the participant's account and bear interest rates of prime plus 1%.

(f) Payment of Benefits

Normal retirement age to withdraw money is 59½. On termination due to death, disability, or retirement, a participant, or their beneficiary, will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

(2) Summary of Significant Accounting Policies, Continued

(c) Investment Valuation and Income Recognition, Continued

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes both the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Payment of Benefits

Benefits paid to participants are recorded when paid.

(f) Operating Expenses

Administrative expenses of the Plan not related to investments have been absorbed by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

(g) Subsequent Events

The management of the Plan has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PERSONAL TOUCH 401(K) PLAN
Notes to Financial Statements, Continued

(3) Fair Value Measurements, Continued

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the valuation methodology used at December 31, 2022 and 2021.

- Mutual Funds - Valued at the quoted net asset value (NAV) of shares held by the Plan at year end, which is based on the fair market value of the underlying securities or investments in the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common Collective Trust - Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There is no redemption notice period for the individual participant level; however, there is up to a 12-month redemption notice period at the Plan level. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner. The common collective trust files as a direct filing entity. Accordingly, certain disclosure requirements with respect to investment strategies for investments measured using the net asset practical expedient are not required.

(3) Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>13,639,973</u>	<u>-</u>	<u>-</u>	13,639,973
Investments measured at net asset value (a)				<u>2,477,584</u>
				\$ <u>16,117,557</u>

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>19,695,100</u>	<u>-</u>	<u>-</u>	19,695,100
Investments measured at net asset value (a)				<u>2,682,700</u>
				\$ <u>22,377,800</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021, respectively:

<u>Description</u>	<u>Fair value at December 31, 2022</u>	<u>Fair value at December 31, 2021</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust	\$ <u>2,477,584</u>	<u>2,682,700</u>	<u>Daily</u>	<u>None</u>

There were no unfunded commitments related to the common collective trust at December 31, 2022 and 2021.

(4) Financial Certification

The financial information relating to the Plan's assets at December 31, 2022 and 2021, as well as investment income (loss) and investment transactions for the years then ended, have been derived from information provided by Principal, and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent auditors.

	<u>2022</u>	<u>2021</u>

	<u>\$ 16,117,557</u>	<u>22,377,800</u>
Notes receivable from participants	\$ <u>156,667</u>	<u>235,735</u>
Investment income (loss), including interest, dividends and net appreciation (depreciation) in fair value of investments	<u>\$ (3,884,578)</u>	<u>2,763,077</u>

(5) Party-In-Interest Transactions

A party-in-interest is defined by ERISA to include any plan fiduciary (administrator, officer, trustee or custodian); the employer or any affiliate, any employee of such employer, any service provider to the plan (attorney, auditor, etc.) whether paid by the plan or not, or an owner of 50 percent or more of the stock of the employer, among others. Certain Plan investments are managed by Principal, the custodian and therefore, qualify as party-in-interest transactions. Notes receivable from participants are considered party-in-interest transactions.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of the participants shall immediately be fully vested and nonforfeitable.

(7) Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

PERSONAL TOUCH 401(K) PLAN
Notes to Financial Statements, Continued

(7) Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS or the Department of Labor (DOL). The Plan is subject to routine audits by taxing jurisdictions and the DOL; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Reconciliation of Financial Statements to U.S Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the U.S. Form 5500 at December 31, 2022:

Net assets available for benefits per the financial statements	\$ 16,386,171
