Independent Auditor's Report

To the Plan Administrator and Participants
DDW, Inc. Employee Stock Ownership Plan

We have audited the financial statements of the DDW, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The financial statements comprise the statements of net assets in liquidation available for benefits as of July 19, 2023, December 31, 2022 and 2021, and the related statements of changes in net assets in liquidation available for benefits for the period from January 1, 2023 to July 19, 2023, and the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation available for benefits as of July 19, 2023, December 31, 2022 and 2021, and the related statements of changes in net assets in liquidation available for benefits for the period from January 1, 2023 to July 19, 2023, and the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Notes A.1 and B.1, the Board of Directors of the Company elected to terminate the Plan effective December 1, 2021. In accordance with the accounting principles generally accepted in the United States of America, the Plan is presenting the financial statements on the liquidation basis. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule of Reportable Transactions for the period from January 1, 2023 to July 19, 2023, and year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Independent Auditor's Report (Continued)

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DDW, Inc. Employee Stock Ownership Plan
Notes to Financial Statements
July 19, 2023, December 31, 2022 and 2021

Note A - Description of Plan

The following description of the DDW, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. The Plan agreement should be referred to for more complete information.

1. General: On November 20, 2017, DDW, Inc. (the "Company" and "Plan Sponsor") established the Plan effective as of January 1, 2017. The Plan has operated as a leveraged employee stock ownership plan ("ESOP") designed to comply with Section 4975(e) (7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("Code") and subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan has been administered by a committee appointed by the Board of Directors.

In conjunction with the adoption of the Plan on November 20, 2017, the Company sold 216,319 shares of common stock to the Plan financed by a promissory note executed between the Plan and the Company. These shares were held in a suspense account and released when loan payments were made. As the Plan made each payment of principal and interest, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with the applicable regulations under the Code. The borrowing was collateralized by the unallocated shares of common stock. The lender had no rights against shares once they were allocated under the Plan.

The Board of Directors of the Company approved the termination of the Plan effective December 1, 2021, and all participants became 100% vested in their accounts. Pursuant to the Redemption Agreement dated December 1, 2021, the Plan transferred to the Company 49,067.106 shares, valued at \$4,870,892, in repayment of the outstanding principal and interest on the Plan loan. Simultaneously, the Company redeemed the then allocated shares (212,251.894 shares) for cash consideration of \$21,070,246. Total consideration for unallocated and allocated shares was \$25,941,138 (\$99.27 per share). During 2022, the Plan filed for an updated determination letter from the Internal Revenue Service ("IRS") to confirm the Plan's tax-qualified status upon Plan termination. In anticipation of receipt of an updated determination letter, Plan participants were given the option to receive a partial distribution (no more than 80%) of their account balance in either a (1) direct rollover to the DDW, Inc. Retirement Savings Plan or another qualified retirement account; (2) lump sum payment; or (3) combination thereof. The Plan received a determination letter from the IRS dated May 5, 2023, stating that the termination of the Plan would not affect its qualification for federal tax purposes. All remaining account balances were distributed prior to July 19, 2023.

2. Eligibility: Employees of the Company were generally eligible to participate in the Plan upon attainment of age 21 and the completion of six months of service. Entry dates into the Plan were monthly. Participants who did not have at least 1,000 hours of service during the Plan year or were not employed on the last working day of the Plan year were generally not eligible for an allocation of Company contributions for that Plan year.
3. Contributions: The Company was obligated to make contributions to the Plan which, when aggregated with the Plan's dividends and interest earnings, equaled the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the term loan. The Company could make additional contributions at its discretion. There were no contributions for the period from January 1, 2023 to July 19, 2023, or the year ended December 31, 2022.

Note A - Description of Plan (Continued)

4. Participant Accounts: The Plan maintained a separate account in the name of each participant reflecting his or her interest in the Plan. Prior to Plan termination, each participant's account was credited as of the last day of each Plan year with an allocation of the shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Allocations were based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings (losses) were allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances. Participant loans were not permitted.
5. Vesting: All participants became 100% vested in their accounts on December 1, 2021.
6. Diversification: Prior to Plan termination, diversification was offered to participants close to retirement so that they could have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Any participant in the Plan, who was at least 55 years of age and had at least ten years of Plan participation, could elect to diversify a portion of their account, as described in the Plan agreement.
7. Put Option: Under federal income tax regulations, the employer stock that was held by the Plan and its participants and was not readily tradable on an established market, or was subject to trading limitations, included a put option. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there was no market. The put price was representative of the fair value of the stock. Prior to Plan termination, the Company could pay for the purchase, with interest, over a period not to exceed five years with the first installment payable within 30 days of exercising the put option. The purpose of the put option was to ensure that the participant had the ability to ultimately obtain cash.
8. Voting Rights: Prior to Plan termination, each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. The Trustee was not permitted to vote any allocated share for which instructions had not been given by a participant. The Trustee was required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.
9. Payment of Benefits: Prior to Plan termination, no distributions from the Plan were made until a participant retired, died, or otherwise terminated employment with the Company or became eligible for diversification. Distributions were made in cash. The Participant should refer to the Plan agreement for a more complete description of the Plan distribution provisions.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2013-07, *Presentation of Financial Statements (Topic 201): Liquidation Basis of Accounting*, which requires an entity to prepare its financial statements using the liquidation basis of accounting when liquidation is imminent. The Plan adopted ASU 2013-07 for the 2021 Plan year as that is when liquidation was determined to be imminent (Note A.1). Therefore, the accompanying financial statements have been prepared on the liquidation basis of accounting.
2. Use of Estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note B - Summary of Significant Accounting Policies (Continued)

3. Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized and unrealized losses on investments held during the Plan year.

4. Payment of Benefits: Benefits are recorded when paid.
5. Administrative Expenses: Fees associated with administering the Plan are paid by the Company or the Plan, at the discretion of the Company.
6. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report on Financial Statements, which represents the date the financial statements were available to be issued.

Note C - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 (there were no assets at July 19, 2023, and all assets at December 31, 2021 were held in non-interest bearing cash).

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed income securities: These investments include a U.S. treasury bill, asset-backed securities, and corporate bonds and debentures. Valued at quoted prices in markets that are not active, broker dealer quotations, or other methods.

Note C - Fair Value Measurements (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

| | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u> |
|----------------------------|-------------------|---------------------|----------------|---------------------|
| Mutual funds | \$ 364,150 | \$ - | \$ - | \$ 364,150 |
| Fixed income securities | - | 3,836,853 | - | 3,836,853 |
| Investments, at fair value | <u>\$ 364,150</u> | <u>\$ 3,836,853</u> | <u>\$ -</u> | <u>\$ 4,201,003</u> |

Note D - Related Party and Party in Interest Transactions

All fees incurred in the administration of the Plan are paid by the Company. The Plan has service contracts with various parties in interest.

Note E - Income Tax Status

The Plan utilized an individually designed Plan document with its most recent IRS determination letter dated May 5, 2003, in which the IRS ruled that the Plan is in compliance with the applicable requirements of the Code. The Plan administrator believes the Plan has been operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
