Independent Auditors' Report

The Pension Committee of Highland Medical PC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Highland Medical PC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**The Pension Committee of
Highland Medical PC Retirement Savings Plan**
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**The Pension Committee of
Highland Medical PC Retirement Savings Plan**
Page 4

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Highland Medical PC Retirement Savings Plan (the “Plan”) provides general information about the Plan’s provisions. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan was established by Highland Medical PC (the “Plan Sponsor”) on January 1, 2011 as a defined contribution plan. The Pension Committee (the “Committee”) is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Montefiore Nyack Hospital (the “Hospital”), which changed its name from Nyack Hospital to Montefiore Nyack Hospital as a result of the Montefiore Health System, Inc. becoming an active parent of Nyack Hospital, exercises significant control over the Plan Sponsor through a nominee shareholder agreement.

Eligibility

An employee is eligible to contribute to the Plan upon hire if they have attained 21 years of age. An employee is eligible to receive employer matching and non-elective contributions upon attainment of 21 years of age and completion of one year of service. A year of service is defined as a twelve consecutive month period during which an employee is credited with at least 1,000 hours of service.

Contributions

Each year, participants may contribute a portion of their eligible compensation on a pre-tax or after-tax (Roth) basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor makes a safe harbor non-elective contribution equal to 3% of an employee’s eligible compensation. Employer safe harbor non-elective contributions totaled \$510,646 for the year ended December 31, 2022.

The Plan Sponsor may make a discretionary matching contribution to the Plan. For the 2022 plan year, the matching contribution was equal to 100% of the employee’s first 2% of their eligible compensation plus 50% of the employee’s next 2% of their eligible compensation. No matching contributions will be made for employees who were not employed as of the last day of the plan year. Employer matching contributions totaled \$402,453 for the year ended December 31, 2022.

1. Description of Plan (*continued*)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting

Participants are immediately vested in their contributions and safe harbor non-elective contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching contributions are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 or more years	100%

In addition, a participant will be 100% vested in the Plan Sponsor's matching contributions if: (1) a participant attains the Plan's normal retirement age of 65; (2) a participant becomes permanently disabled; or (3) a participant dies.

Forfeitures

If a participant terminates employment and is less than 100% vested in their matching contributions, the participant will forfeit the non-vested portion of their account. Forfeitures will first be used to restore previously forfeited amounts from participant's accounts. Any remaining forfeitures will be used to reduce future matching contributions or Plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$6,203 and \$22,664. During 2022, \$17,630 of forfeitures was used to offset the Plan Sponsor's contributions and none was used to reduce Plan expenses.

1. Description of Plan (*continued*)

Expense Budget Account

The Plan and Transamerica Retirement Solutions Corporation ("TRSC") have entered into a revenue sharing arrangement whereby a portion of the revenue earned by TRSC from certain funds is passed through to the Plan for payment of permitted plan expenses or allocation to participants. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay Plan expenses, the Plan Sponsor created the Expense Budget Account. The Expense Budget Account is an account within the Plan and is used to record keep the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Expense Budget Account balance was \$5,963 and \$5,963 at December 31, 2022 and 2021. During 2022, \$10,000 was used from the Plan credit account to reduce Plan expenses.

Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Expenses

Administrative expenses represent investment management fees paid by the Plan. All other administrative expenses are paid by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net depreciation in value of investments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or \$50,000. Participants may not have more than two loan outstanding at any time. The interest rate is based on the prime rate plus 1%. Loans are repaid through payroll deductions within a five-year period, unless the loan was made to acquire a primary residence, in which case the loan can be repaid over a fifteen-year period. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the insurance company general account, which is valued at contract value since it is fully benefit-responsive. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These funds are deemed to be actively traded. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The insurance company general account is valued at contract value, which represents deposits made to the contract, plus interest credited under terms of contract, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is November 1, 2023.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank and Trust Company (“State Street”) and Transamerica Financial Life Insurance Company (“TFLIC”), qualified institutions.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan’s investments at fair value as of December 31:

2022			
Other Investments Measured at NAV *			
	Level 1	Level 2	Total

	<u>\$ 19,410,443</u>	<u>\$ 308,270</u>	<u>\$ 19,718,713</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Insurance Company General Account

The TFLIC Insurance Company General Account is benefit-responsive and part of the general assets of TFLIC (its general account). The Plan does not own any underlying securities of TFLIC's general account. The Plan has guaranteed benefits under the terms of the contract. TFLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is determined by TFLIC, but may not be less than the minimum guaranteed rate.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Under the terms of the contract, participants are generally permitted to make distributions or transfers from the GIC to non-competing funds at contract value. Certain events allow TFLIC to terminate the contract and settle at contract value minus a 6% withdrawal charge. Such events may include the following: (a) deposits required under the terms of the contract are not received by TFLIC; or (b) TFLIC determines it can no longer provide benefits under the contract because of a change to the Plan.

The credit risk of TFLIC was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best Company (A since November 2022), Moody's Investors Service (A1 since April of 2022), and S&P Global (A+ since March of 2023).

6. Common/Collective Trust

The Morley Stable Value Fund (the "MSV Fund") is an investment fund offered by Principal Global Investors Trust Company, the trustee of the MSV Fund. Morley Capital Management is the investment advisor of the MSV Fund. The objective of the MSV Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit payments. The MSV Fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions.

The trustee of the MSV Fund determines the NAV each business day (valuation date) by dividing total assets less liabilities by the number of outstanding units. No distributions are made to unitholders as net investment income and net realized capital gains are reinvested into the MSV Fund in accordance with the MSV Fund's investment objectives. Unitholder transactions are processed daily at the current NAV and are considered as made immediately after the daily valuation.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the prototype document preparer by a letter dated June 30, 2020, that the Plan are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Highland Medical PC Retirement Savings Plan

Notes to Financial Statements
December 31, 2022

7. Tax Status (*continued*)

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Party-in-Interest Transactions

Certain investments are managed by TFLIC. TFLIC is a custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

TRSC is the record-keeper for the Plan. Fees paid to TRSC totaled \$26,494 for the year ended December 31, 2022.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA.

10. Non-Exempt Party-in-Interest Transactions

During the 2022 plan year, the Hospital failed to transmit to the Plan certain participants' contributions and loan repayments within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight.

11. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
