Report of Independent Auditors

Investment Committee

McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the McAngus Goudelock and Courie 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Investment Committee
McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Opinion (continued)

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Investment Committee
McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Investment Committee

McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment Committee
McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

McAngus Goudelock and Courie, LLC adopted the McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan (the “Plan”) to provide retirement benefits to substantially all of its employees. The following description of the Plan provides only general information. Participants may refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan benefits the employees of McAngus Goudelock and Courie, LLC (the “Firm”) and MGC Sports, LLC through a multiple-employer arrangement in which the employers do not have common ownership, as well as Congaree Title and Abstracting, LLC (collectively, the “Companies”) through a participation agreement. The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Employees may become participants in the 401(k) employee deferral portion of the Plan after completing thirty days of service and attaining age twenty-one. Employees are required to complete 1,000 hours of service during the Plan year and be employed by the Companies on the last day of the calendar year to participate in the Companies’ matching and profit sharing portions of the Plan. Once an employee has met all of the eligibility requirements, they are automatically enrolled into the Plan at a deferral rate of 3% of pretax compensation and must opt out of the Plan in order to decline to participate.

Contributions

Participants may contribute any percentage or amount of pretax annual compensation, after-tax Roth 401(k) contributions, or a combination of the two, up to the maximum annual amount permitted by statute. Participants may also contribute rollover distributions from other qualified benefit plans. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions.

The Plan allows for discretionary safe harbor contributions determined by the Firm on an annual basis. The Companies made no discretionary safe harbor contributions in 2022 and 2021. The Plan permits other discretionary contributions, including: non-safe harbor matching, qualified non-elective, qualified matching, and discretionary contributions made to the profit sharing portion of the Plan. The Firm approved discretionary contributions totaling approximately \$1,201,000 and \$2,277,000 for 2022 and 2021, respectively.

1. Description of Plan (continued)

Participant Accounts

Each participant's 401(k) account is credited with the participant's contributions, administrative expenses, and earnings and losses thereon. Each participant's profit sharing account is credited with an allocation of the Companies contributions, if any, and Plan earnings or losses, and is charged with an allocation of any administrative expenses paid by the Plan. The Companies' safe harbor contributions are allocated based on the ratio of each participant's compensation, as defined, to the total compensation of all Plan participants for the Plan year. Other contributions by the Companies are allocated based on the ratio of each participant's compensation, as defined, to the total compensation in the participant's designated employee group as defined by the Plan.

Participants may elect to allocate current contributions into any of the investment options offered by the Plan. Participants may change their investment options at any time. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are always 100% vested in their deferrals, Firm safe harbor, Firm qualified non-elective, and Firm qualified matching contributions to the Plan. For all other Firm contributions, a participant is 20% vested at the end of two years' continuous service, with additional vesting of 20% annually for each of the next four years, resulting in 100% vesting after the sixth year. A participant's account is also 100% vested under the Plan upon death, disability, or attaining normal retirement age regardless of years of service.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, participants, or their beneficiaries, may elect to receive their vested portion of Plan assets under several payout options specified in the Plan. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service. Subject to certain conditions, participants are permitted to make hardship withdrawals from their vested account balance in the Plan in cases of severe financial hardship while employed.

Forfeited Accounts

Participant forfeitures may be used to pay Plan expenses or reduce the Companies' contributions. Forfeitures of approximately \$31,000 and \$12,000 were used to reduce employer contributions for years ending December 31, 2022 and 2021, respectively. The amount of unallocated forfeited non-vested accounts were \$0 at both December 31, 2022 and 2021.

Participant Notes Receivable

Participants may borrow from their accounts, subject to certain restrictions. Loans must be made available to all participants on a reasonably equivalent basis and must not exceed 50% of each participant's vested account balance. The minimum amount of any loan is \$1,000 and may not exceed \$50,000. Loan terms range from one to five years, except for loans made for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 9.50% as of December 31, 2022. Interest rates are established on the date of the loan and are based on prime plus two percent at the date the loan is issued. Principal and interest are paid ratably through payroll deductions. A participant may have no more than one note receivable outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Firm has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company's contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Gains and losses included in changes in net assets available for plan benefits are reported in net appreciation in fair value of investments.

Indirect Compensation

Management has established a segregated account within the Plan which receives Rule 12b-1, shareholder servicing and sub-transfer agency payments paid by mutual funds in which the Plan invests. The Plan received approximately \$279,000 and \$276,000 from these sources in 2022 and 2021, respectively, which is recorded as indirect compensation in the accompanying statements of changes in net assets available for plan benefits. Indirect compensation is used to pay Plan expenses and any excess funds are available to be allocated to participants.

Plan assets include unallocated indirect compensation of approximately \$157,000 and \$112,000 at December 31, 2022 and 2021, respectively.

Risks and Uncertainties

The Plan may invest in investment securities that are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2022 statement of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan paid approximately \$169,000 and \$163,000 for contract administration, investment and professional fees during 2022 and 2021, respectively. These transactions qualify as party-in-interest transactions, but are exempt from the prohibited transaction rules of ERISA.

3. Plan Certification

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021, related to investments, net appreciation in fair value of investments, and interest was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, the trustee of the Plan.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan's mutual fund investments and money market fund were valued using Level 1 inputs, based on quoted market prices of the shares held by the Plan.

The Plan's investments include the Federated Capital Preservation Fund, a collective trust that invests in a variety of fully benefit-responsive investment contracts. The Federated Capital Preservation Fund is valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of the fund is based on the fair value of the underlying investments held, less the fund's liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the trust provider reserves the right to temporarily delay withdrawal from the fund in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

5. Income Tax Status

The Plan is a volume submitter plan, provided by CDM Retirement Consultants, Inc., designed to be in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Internal Revenue Service (“IRS”) has determined by a letter dated June 30, 2020 that the volume submitter plan, as then designed, was in accordance with applicable sections of the IRC. The volume submitter plan has been amended since receiving the opinion letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As a result, Plan management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

US GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2022 and 2021. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Subsequent Events

The Plan evaluated events and transactions after December 31, 2022 through October 16, 2023, the date the financial statements were available to be issued. No subsequent events were noted.
