Independent Auditor's Report

To the Plan Administrator
GameStop, Corp. Employees' Savings Plan
Grapevine, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the GameStop, Corp. Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing

and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agree to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GameStop, Corp. Employees' Savings Plan

Notes to Financial Statements

1. Plan Description

The following description of the GameStop, Corp. Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to qualifying employees of GameStop Corp. (the Company or Employer). The Company is the Plan's sponsor and administrator. To be eligible to participate in the Plan, an employee must have attained the age of 21, have completed at least one year of service and be a full-time or part-time employee who has worked at least 1,000 hours during such plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Principal Trust Company (Principal or Custodian) is the custodian of the Plan. Certain members of management of the Company serve as the plan administrator. On May 25, 2021, the Plan changed the custodian of the plan assets from Wells Fargo Bank, N.A. Institutional Retirement and Trust Services to Principal.

Contributions

Participants may contribute up to 60% of their eligible annual compensation, excluding fringe benefits, bonuses, the value of stock options and subject to certain limitations as either pre-tax contributions (that are taxable, as are the earnings, when withdrawn from the Plan) or after-tax Roth contributions (that are intended to be nontaxable, along with the associated earnings, when withdrawn from the Plan). The Company will match 100% of the first 3% of the participant's compensation and 50% of the next 2% of the participant's compensation elected as a before-tax contribution by the participant, as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and the employers contributions and an allocation of net plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers 28 mutual funds and one common collective fund as investment options for participants. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings, rollover contributions, and matching contributions thereon.

Forfeited Accounts

The non-vested account of a participant shall be forfeited as of the earlier of the following: a) the date the record keeper is notified that the participant dies (if prior to such date, the participant has had a severance from the employment), or b) the participant's forfeiture date. The forfeiture date means the date the participant incurs five consecutive vesting breaks.

GameStop, Corp. Employees' Savings Plan

Notes to Financial Statements

Forfeitures by non-vested participants are generally used to reduced future Company contributions. During the year ended December 31, 2022, the Company utilized \$7,971 in forfeitures to reduce matching contributions.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution or installment payments under various options.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The minimum loan amount is \$1,000. The loans bear interest at the prime rate plus 2.0%. Loans outstanding on December 31, 2022 bear interest rates ranging from 5% to 10.5%. The loans are repaid ratably through bi-weekly payroll deductions over a period of five years or less except for loans for the purchase of a primary residence, whereby the repayment period may extend beyond five years from the date of the loan, but the extended repayment period shall be consistent with commercial home loan practices. Notes receivable repayments made less frequently than quarterly is considered for default. Loans in default status may be considered a distribution from the Plan, resulting in taxable income to the participant. Also, each participant may not have more than one loan outstanding at any time.

Administrative Expenses

Administrative expenses consist of loan and distribution processing fees which are paid by the participant. Sub-transfer agency fees and 12B-1 fees are paid by the Plan. Other administrative expenses are paid by the Plan sponsor.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Recognition

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Amounts related to purchases and sales of investments are recorded on the trade date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

GameStop, Corp. Employees' Savings Plan

Notes to Financial Statements

Investment Valuation

In accordance with Accounting Standard Codification (ASC) 820, *Fair Value Measurements*, the Plan's investments are reported at fair value except for the fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional information regarding fair value measurements.

Fully Benefit Responsive Investment Contracts

The Galliard Stable Return, held in a common collective trust fund, invests in fully benefit-responsive guaranteed investment contracts. These investments are valued at their net asset value (NAV) per share as of the close of business on the valuation date. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no unfunded commitments, and the units may be redeemed daily. These investments are valued at the NAV of the units held by the Plan. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document. There was no allowance as of December 31, 2022 and 2021 as the notes receivables are fully collateralized by the participants' accounts.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Principal, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments and notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Total investment loss and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investment information, as reflected in the Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified

Notes to Financial Statements

investment information with the related information presented and disclosed in the financial statements and supplemental schedules, reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

ASC 820 defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering assumptions, we follow a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 - This level consists of quoted prices for identical instruments in active markets.

Level 2 - This level consists of quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations, in which all significant inputs are observable in active markets.

Level 3 - This level consists of unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Mutual Funds

The Plan's investments in mutual funds are shares of registered investment companies and are valued at quoted market prices on an exchange that represent the net asset values of shares held by the Plan at period end and are classified as Level 1 investments. Mutual funds consist of fixed income, balanced and equity funds.

Common Collective Fund

The stable return fund is a common collective fund which represents investments with various investment managers, included in those investments are fully benefit-responsive investment contracts. Units held by the Plan in the common collective fund are valued at the unit value as reported by the investment managers. Common collective funds are not available in an exchange and active market. These investments are valued at NAV, which is used as a practical expedient to estimate fair value as of December 31, 2022 and 2021. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GameStop, Corp. Employees' Savings Plan

Notes to Financial Statements

There have been no changes in the methodologies used at December 31, 2022 or 2021.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2022 and 2021. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 138,045,356	\$ -	\$ -	\$ 138,045,356

Investments, measured at NAV				10,876,621
Total Investments, at fair value	\$ 138,045,356	\$ -	\$ -	\$ 148,921,977

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 180,491,648	\$ -	\$ -	\$ 180,491,648
Total Assets, in the fair value hierarchy	180,491,648	-	-	180,491,648
Investments, measured at NAV				12,350,782
Total Investments, at fair value	\$ 180,491,648	\$ -	\$ -	\$ 192,842,430

As of December 31, 2022 and 2021, there were no restrictions on redemption or unfunded commitments for any of the major classes of assets.

5. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

7. Income Tax Status

The Plan uses a prototype plan document sponsored by Principal. Principal received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype

GameStop, Corp. Employees' Savings Plan

Notes to Financial Statements

document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related Party Transactions and Party-In-Interest Transactions

On December 31, 2022 and 2021, there were outstanding loans of \$2,712,119 and \$2,695,893, respectively, due from Plan participants, which are considered party-in-interest transactions. All of these loans were made in accordance with the Plan agreement which permits loans to be made with prescribed terms, amounts and collateral. None of these loans were determined to be a prohibited transaction as defined by ERISA.

Certain Plan investments are managed by Principal Life Insurance Company and Principal and as such these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions and loan repayments totaling \$1,130 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer is in the process of correcting these transactions. The related participant contributions, loan repayments, and lost earnings are expected to be remitted to the Plan and/or Participants during 2023.

10. Subsequent Events

For the period January 1, 2023, to August 31, 2023, participant contributions and loan repayments totaling \$66,300 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer is in the process of correcting these transactions. The related participant contributions, loan repayments, and lost earnings are expected to be remitted to the Plan and/or Participants during 2023.

In preparation of its financial statements, the Plan considered subsequent events through November 1, 2023, which was the date the Plan's financial statements were available to be issued.
