To the Administrator of the
TACK 401K Plan

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of TACK 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TACK 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ending December 31, 2022, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**To the Administrator of the
TACK 401K Plan
Independent Auditor's Report
(Continued)**

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TACK 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TACK 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**To the Administrator of the
TACK 401K Plan
Independent Auditor's Report
(Continued)**

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TACK 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TACK 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedules of Delinquent Participant Contributions and Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TACK 401K Plan
Notes to the Financial Statements
For the Years Ended December 31, 2022 and 2021

Note 1. Description of Plan

The following description of the TACK 401K Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Copies of the Plan Agreement are available from Transit Authority of Central Kentucky (Company).

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are at least 21 years of age and have completed 2 months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to the maximum allowable annual contribution as defined by the Internal Revenue Code (IRC). Those participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and a common collective trust as investment options for participants. The Company matches at a rate of 100% of the contributions made by each eligible employee up to a maximum employee contribution of 6% of their compensation. Additionally, the Company may elect to make non-elective contributions to the Plan that are allocated to all employees eligible to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution; the Company's matching contribution; and Plan earnings (losses) and charged with a proportionate amount of any administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Participant Loans

Participants may borrow up to a maximum of the lesser of \$50,000 or 50% of their vested balance, reduced by the excess of the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance of the participant's account and bear interest at 2% over the prime rate on the 14th day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022 and 2021, participant loan interest rates range from 5.25% to 8.25%. As of December 31, 2022, participant loan maturity dates ranged from January 2023 through October 2027.

Note 1. Description of Plan *(Continued)*

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or, if permitted under the Plan at the time of distribution, an alternative form of payment. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

All forfeitures are applied to employer matching contributions. Forfeited participant balances during 2022 and 2021 totaled \$17,878 and \$4,908, respectively. During 2022 and 2021, forfeitures totaling \$17,047 and \$4,908, respectively, were used to reduce contributions. Unspent forfeitures at December 31, 2022 and 2021 were \$831 and \$0, respectively.

Administration

Certain administrative functions are performed by the Company's officers and employees. No such officers or employees receive compensation from the Plan. Generally, accounting, legal, and other expenses to maintain the Plan's records are paid by the Company and are therefore not reported as expenses on the accompanying Statement of Changes in Net Assets Available for Benefits. Administrative expenses reported on the accompanying Statement of Changes in Net Assets Available for Benefits represent recordkeeping fees charged directly to the Plan by the Plan's third-party administrator.

Note 2. Summary of Accounting Policies

Date of Management's Review

The Plan's management has evaluated subsequent events through October 2, 2023, the date the financial statements were available to be issued.

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). Investments by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

For the Years Ended December 31, 2022 and 2021

Note 2. Summary of Accounting Policies *(Continued)*

Investment Valuation and Income Recognition

The Plan contains numerous investment options held in mutual funds and an Invesco Stable Asset Fund. The mutual funds are valued at fair value based on quoted net asset values as reported by the fund as more fully described in Note 13. The Invesco Stable Asset Fund is considered a fully benefit-responsive investment contract under GAAP. Accordingly, the Invesco Stable Asset Fund is reported at contract value as more fully described in Note 14. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the Plan's terms.

Realized gains and losses on the Plan's investments are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized at period end when the carrying value of the related mutual fund investments are adjusted to their estimated fair value. The Plan's net realized and unrealized appreciation or depreciation in fair value of the Plan's investments includes gains and losses on investments bought and sold, as well as held, during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Investment-related fees charged to the Plan are deducted from net appreciation or depreciation in fair value of investments and are not separately reflected on the accompanying Statement of Changes in Net Assets Available for Benefits. Consequently, net appreciation or depreciation in fair value of investments is reflected net of investment-related fees on the accompanying Statement of Changes in Net Assets Available for Benefits.

Benefit and Withdrawal Payments

Benefit and withdrawal payments are recorded when paid.

Participant Loans

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021 as delinquent notes in the amount of \$586 and \$2,391, respectively, were reclassified as benefit payments. Delinquent status is based on a participant's failure to follow the related loan's payment terms.

Note 3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 4. Investments

At December 31, 2022, and 2021, the Plan's investments, including gains and losses on investments bought and sold, as well as held, during the year, appreciated (depreciated) in value by \$(95,198) and \$58,790, respectively.

For the Years Ended December 31, 2022 and 2021
(Continued)

Note 5. Plan Fees and Commissions

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. All other administrative expenses are paid by the Plan Sponsor.

Note 6. Non-Participant-Directed Investments

The Plan did not have any non-participant-directed investments for the years ended December 31, 2022 and 2021.

Note 7. Excess Contributions

No benefit distributions were returned to participants for excess contributions.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

The Company can terminate the Plan by delivering to the Trustee (or Insurer) and Administrator written notice of such termination. Upon full termination of the Plan, the Company shall direct the distribution of the assets in a manner that is consistent with and satisfies the provisions of the Plan Document, except that no participant or spousal consent is required. Distributions to a participant shall be made in cash or through the purchase of irrevocable nontransferable deferred commitments from the Insurer. The termination shall not result in the reduction of Section 411(d)(6) protected benefits. Such distributions will be made as soon as reasonable after the Plan termination, regardless of the amount of the Participant's vested account balance, the Participant's age, and whether the Participant consents to the distribution. To the extent that a distribution is required to be made and the Participant does not consent to such distribution, then the Administrator may make a direct distribution to an individual retirement account or an individual retirement annuity.

Note 9. Tax Status

The Plan operates under a pre-approved 401(k) plan sponsored by ADP. The Internal Revenue Service has determined and informed the Plan by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator is not aware of any occurrences that would adversely affect the Plan's qualified status and believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that that Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan's administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a tax liability, or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits in progress for any tax periods. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 10. Exempt Party-in-Interest Transactions

The Plan's investments are managed by Reliance Trust Company, the Plan's investment custodian. Administrative expenses, comprised of fees, paid by the Plan to Reliance Trust Company for investment management services and withdrawal charges for the years ended December 31, 2022 and 2021 are \$2,785 and \$3,485, respectively. Participant loans qualify as party-in-interest assets. These transactions are permitted under the plan provisions and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 11. Custodial Certification

The information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, the custodian. The following table presents the fair value of assets (except for the Invesco Stable Asset Fund, which is reported at contract value) in the Plan that was certified by the custodian:

Note 13. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of 3 broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

TACK 401K Plan
Notes to the Financial Statements
For the Years Ended December 31, 2022 and 2021
(Continued)

Note 13. Fair Value Measurements *(Continued)*

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair value is based on the closing price reported on the active market where the funds are traded. The following table sets forth the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value at December 31,	<u>2022</u>	<u>2021</u>
Mutual funds	\$ <u>463,895</u>	\$ <u>495,186</u>

There have been no changes in the valuation methodologies used at December 31, 2022 and 2021. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 14. Common Collective Trust

The Invesco Stable Asset Fund (Fund) is a collective trust fund in the Invesco Asset Trust (ISAT), which is a collective trust of Invesco Trust Company (Trustee). The ISAT was established by the Trustee to be administered as a collective trust exclusively for the collective investment and re-investment of assets contributed thereto by eligible pension and profit-sharing trusts and other eligible entities. The primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Fund invests 100% of its assets in Class C units of Invesco Stable Value Trust consisting of ADP85, ADP30, ADP59, and ADPZ. The investment objectives of the Fund are identical among each class of units. The Plan's balance in the Fund at December 31, 2022 and 2021 was \$8,957 and \$5,172, respectively.

In general, if the contract value of the investment agreements exceeds the market value of the underlying investments (including accrued interest), the investment contract issuer becomes obligated to pay that difference to the Fund in the event that permitted individual plan participant withdrawals result in a total contract liquidation. The circumstance under which payments are made and the timing of payments between the Fund and the contract issuer may vary based on the terms of the investment contracts, and the investment contract issuer's obligation to pay is subject to significant conditions relating to, among other things, the types and frequency of withdrawals from or by the Fund.

The Trustee's Board of Directors may at any time direct the termination and liquidation of ISAT or any Fund by resolution. The Trustee will send notice of the adoption of such resolution to each Participating Trust to whom a regular periodic accounting would be rendered with respect to each participating account. On termination of ISAT or any Fund, the Trustee may reserve, in connection with any transfer or distribution of assets, an amount adequate to assure payment of its fees and expenses and to provide for any other liabilities of ISAT or any of its respective Funds properly incurred or to be incurred, and finally shall dispose of any balance of such amount to the same parties and in the same proportions as the rest of the assets were disposed.

Note 15. Delinquent Participant Contributions

During the year ended December 31, 2021, the Company failed to remit certain participant contributions totaling \$3,254, employer contributions totaling \$3,089, and loan repayments totaling \$727 to the Plan on a timely basis. As a result, the Company engaged in prohibited transactions as defined by DOL Reg. 2510.3-102. These transactions did not have a significant impact on the Plan's net assets available for benefits as of December 31, 2021 or changes thereto for the year then ended. This failure was corrected during the year ended December 31, 2022 with an earnings adjustment to the Plan totaling \$35.

During the year ended December 31, 2022, the Company failed to remit certain participant contributions totaling \$3,168 and employer contributions totaling \$5,677 on a timely basis. As a result, the Company engaged in prohibited transactions as defined by DOL Reg. 2510.3-102. A receivable for these contributions has been recorded which resulted in an increase of \$8,845 on the Plan's net assets available for benefits as of December 31, 2022 and changes thereto for the year then ended.

Note 16. Restatement of 2021 Investments

Investments at December 31, 2021 were restated to correct prior period errors as follows:

		Investments at <u>Fair Value</u>		Investments at <u>Contract Value</u>
2021 Investments, per 2021 financial statements	\$	500,358	\$	
Adjustment for investments improperly recorded at fair value		(5,172)		5,172
2021 Investments, per 2022 financial statements	\$	<u>495,186</u>	\$	<u>5,172</u>

The adjustment did not affect the total balance of investments or the net assets available for benefits at December 31, 2021.
