To the Trustee
Employment Services, Inc. 401(k) Plan
Raleigh, North Carolina

We have audited the financial statements of Employment Services 401(k) Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2022, and have issued our report thereon dated October 16, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 27, 2023. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's assessment and disclosure of the various criteria in the valuation hierarchy (using Levels 1, 2, or 3 valuation inputs) by which fair values of investments were determined under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. We evaluated the key factors and assumptions used to make your assessments of the valuation criteria used, and the application of those criteria, for each Plan investment in determining that they were reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the measurement of fair value for each investment held by the Plan as of December 31, 2022. The Plan followed the guidance of FASB ASC 820 which requires that the Plan disclose how they determined the fair value of its investments by three levels of inputs. The three levels of inputs are: 1) quoted prices in the active market, 2) significant observable inputs, and 3) significant unobservable inputs.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no uncorrected misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 16, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditor. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employment Services, Inc. 401(k) Plan
Page 3

Under DOL Reg. 2520.104-46, DOL released new rules for determining which qualified plans require a plan audit. Historically, plans with over 100 participants at the beginning of the plan year have required an audit. Whether a plan exceeded the threshold was based on the number of eligible employees, even if the employees did not participate in the plan. Beginning January 1, 2023, instead of counting eligible employees on the first day of the year, the threshold will be based on the number of participants with account balances as of the first day of the year. We recommend review of the Plan's participant count as of January 1, 2023 to determine if this new rule will impact the Plan's audit requirement.

This information is intended solely for the use of Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditor

To the Trustee
Employment Services, Inc. 401(k) Plan
Virginia Beach, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Employment Services 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYMENT SERVICES, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan

The following brief description of the Employment Services, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan for which contributions are made by Employment Services, Inc. (the "Company" and "Employer") and its participating employees. The Plan covers all full-time employees of the Company who have completed one year of service and attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Administration – The Company is the Plan sponsor and Plan administrator. John Hancock Life Insurance Company (U.S.A.) is the "Trustee" and Barnes, Brock, Cornwell & Painter, PLC is the third party administrator. Effective November 1, 2022, the Trustee has changed to Principal Trust Company. Certain administrative functions are performed by employees of the Company. These employees do not receive compensation from the Plan.

Contributions – Each year participants may contribute from 1% to 100% of pretax or after tax annual compensation, as defined in the Plan document. Employees may also transfer amounts representing distributions from other qualified plans. Contributions are subject to certain limitations, as defined in the Plan and the Internal Revenue Code ("IRC"). The maximum contribution limitation for 2022 was \$20,500. A participant may change their contribution percentage on the first day of each quarter of the Plan year. The Company may contribute a matching contribution equal to a discretionary percentage, to be determined by the Employer, of the participant's salary reductions. The total Company match was \$370,480. The Company may also make a discretionary profit-sharing contribution each year, to be determined by the Employer. There was no discretionary profit-sharing contribution made during 2022.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions, and (b) investment earnings (losses) (including net appreciation and depreciation in fair value of investments) and charged with participant distributions and an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Employer contributions is based on years of service. A participant must have at least 1,000 hours of service during a Plan year to earn a year of service. Each participant's vesting schedule in the Company's discretionary profit sharing is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

EMPLOYMENT SERVICES, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan (continued)

Each participant's vesting schedule in the Company's matching contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Investment Options – Participants direct the investment of their contributions and any Company contributions into various investment options offered by the Plan. Participants may change their investment allocation daily by using the Trustee's automated service.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator and ranging from 4.25% to 6.50% as of December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Forfeitures – At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$275 and \$1,672, respectively. These accounts will be used to reduce future Employer contributions. In 2022, Employer contributions were reduced by \$42,109 from forfeited nonvested accounts.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants that have reached the age 70½ may be required to take certain minimum distributions, which are paid in annual installments, which shall not extend beyond the participant's life expectancy. Participants may also withdraw all or any part of their vested account balance after having attained age 59½, incurred a disability, or incurred a hardship in accordance with the Plan document.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual method of accounting.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

EMPLOYMENT SERVICES, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Benefits Paid to Participants – Benefits are recorded when paid.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for its fully benefit-responsive investment contract, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investments are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Note 3—Party-in-interest transactions

Certain Plan investments are units of pooled separate accounts managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Investment fees of the individual funds are paid by the Plan. The earnings and value of the various funds reflect the deduction of these investment fees. The Plan also made direct payment of fees to the third party administrator which was based on customary and reasonable rates.

Notes receivable from participants also qualifies as party-in-interest transactions.

Note 4—Federal income tax status

The Plan received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states the Prototype Plan, as then designed, satisfied the applicable provisions of the IRC. The Plan has not requested its own determination letter from the IRS. The Company believes the Plan is designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5—Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time without the consent of any participant, subject to the provisions set forth by ERISA. If the Plan is terminated, the amounts in participants' individual accounts that derive from Employer contributions become fully vested, regardless of length of service.

EMPLOYMENT SERVICES, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 6—Information certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.) and Principal Trust Company, the Trustees of the Plan have certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

- Investments, at fair value, investments, at contract value, and notes receivable from participants as of December 31, 2022 and 2021 as shown in the statements of net assets available for benefits.
- Net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7—Fair value measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

EMPLOYMENT SERVICES, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 7—Fair value measurements (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used on December 31, 2022 and 2021.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and these investments are classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts ("PSA") – PSAs are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate, and mutual funds. These assets are not available in an exchange or an active market; however, NAV is determined based on the fair value of the underlying assets as traded in an exchange or active market. These investments have no redemption restrictions or unfunded commitments as of December 31, 2022 and 2021. In accordance with Accounting Standards Codification ("ASC") 820-10, the PSAs have not been classified under the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fixed Income Guaranteed Option – Principal fixed income guaranteed option ("PFIGO") is a single group annuity contract with a fixed rate of interest. PFIGO is a fully benefit-responsive annuity contract issued by Principal Life Insurance Company. Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis. Average yield earned by the Plan is calculated by dividing the annualized earnings of all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts. The average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract. The declared crediting rate for the PFIGO for the Plan years ended December 31, 2022 and 2021 was 4.05% and 1.55%, respectively. The contract is included in the statements of net assets available for benefits at contract value as determined using the contract value amount, reported to the Plan by Principal.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 7—Fair value measurements (continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2 as of December 31:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,983,197	\$ -	\$ -	\$ 3,983,197
Investments measured at net asset value *				4,763,394
Total investments, at fair value				\$ 8,746,591

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value *				14,273,983
Total investments, at fair value				\$ 14,273,983

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2022				
Pooled separate accounts	\$ 4,763,394	n/a	Daily	30 days
December 31, 2021				
Pooled separate accounts	\$ 14,273,983	n/a	Daily	30 days

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9—Subsequent events

The Plan has evaluated events through October 16, 2023, the date the financial statements were available to be issued. No events have occurred subsequent to the date of the financial statements that would require adjustment to, or disclosure in, the financial statements.
