INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES OF
EMS 401(k) P/S Plan
Houston, TX

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of EMS 401(k) P/S Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EMS 401(k) P/S Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EMS 401(k) P/S Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EMS 401(k) P/S Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EMS 401(k) P/S Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EMS 401(k) P/S Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMS 401(k) P/S PLAN

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF PLAN

The following brief description of the EMS 401(k) P/S Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established on January 1, 2003. The Plan covers substantially all employees of Environmental Monitoring Services, Inc. ("the Company") who are age eighteen or older and who have completed one year of service with the Company. Employees become eligible to contribute to the Plan immediately following the completion of eligibility requirements. The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of their compensation on a pre-tax basis, subject to the limits of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

For the years ended December 31, 2022 and 2021, the Company contributed 100% of the first 1% of eligible compensation that a participant contributed to the Plan. Effective January 6, 2022, the Company changed its match to 100% of the first 2% of eligible compensation. The Company may contribute additional matching amounts at the discretion of the Company's board of directors. For the year ended December 31, 2021, the Company made an additional discretionary matching contribution in the amount $1,418, to the Plan. For the year ended December 31, 2022, the Company did not choose to make an additional discretionary matching contribution to the Plan. The Company may also make discretionary profit-sharing and qualified non-elective contributions to employee accounts on a pro rata basis. Employees must be employed by the Company on the last day of the Plan year and have at least 1,000 hours of employment during the Plan year to receive the profit-sharing contribution. For the years ended December 31, 2022 and 2021, the Company did not choose to make profit-sharing or qualified non-elective contributions to the Plan. Participants direct the investment of their employer matching and discretionary contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary and qualified nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions and the Company's qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions after six years of credited service.

Participant vesting in the Company's discretionary matching and profit-sharing contribution portion of their accounts is based on the following schedule:

Years of Employment	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If a participant reaches normal retirement age (age 65), dies, or becomes totally disabled, the participant becomes fully vested in the Plan, irrespective of years of service.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon death, disability, termination of employment, retirement, or a qualifying withdrawal. Hardship withdrawals from the participants' elective deferral account balance are permitted by the Plan. A participant may request an in-service withdrawal equal to the vested interest in their account if the participant has attained age 59 ½. Benefit payments may be made in the form of a single lump sum. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

Notes Receivable from Participants

For the years ended December 31, 2022 and 2021, loans were not permitted by the Plan.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or pay Plan administrative expenses for the Plan year. During the years ended December 31, 2022 and 2021, forfeitures of non-vested employer contributions were used to pay Plan administrative expenses in the amount of $550 and $451, respectively. As of December 31, 2022 and 2021, forfeited non-vested employer contribution amounts available for use totaled $933 and $0, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses include amounts paid by the Plan for recordkeeping services, third party administration services and investment advisory services. Administrative expenses are allocated to participant accounts based on a pro rata formula. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. To the extent expenses of administering the Plan are not paid by the Plan, the expenses are paid by the Company, and therefore, are not included in the accompanying financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimizes the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the fund. Mutual funds and the money market fund held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and the money market fund held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	(Level 1)	Total
December 31, 2022		
Investment type		
Money market fund	$ 933	$ 933
Mutual funds	1,300,387	1,300,387
Investments at fair value	$ 1,301,320	$ 1,301,320
December 31, 2021		
Investment type		
Mutual funds	$ 1,471,037	$ 1,471,037
Investments at fair value	$ 1,471,037	$ 1,471,037

NOTE D - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

Certain information in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained or derived from information supplied to the plan administrator and certified as complete and accurate.

PAI Trust Company has certified that the mutual funds, money market fund, and the related net (depreciation) appreciation in fair value of investments and dividend and interest income information is complete and accurate as of and for the years ended December 31, 2022 and 2021. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31,	
	2022	2021
Money market fund	$ 933	$
Mutual funds	$ 1,300,387	$ 1,471,037
Net (depreciation) appreciation in fair value of investments	$ (310,425)	$ 92,562
Dividends and interest	$ 43,356	$ 73,849

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administration costs paid to the trustee and recordkeeper are considered party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan to the trustee and recordkeeper for administrative expenses were $7,916 and $7,668 for the years ended December 31, 2022 and 2021, respectively.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - INTERNAL REVENUE SERVICE STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan and the related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan, and the related trust, are currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

NOTE G - INTERNAL REVENUE SERVICE STATUS (CONTINUED)

U.S. generally accepted accounting principles requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market rate, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II on the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

There were no reconciling items between the financial statements and the Form 5500 as of December 31, 2022 and 2021.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 25, 2023, the date the financial statements were available to be issued.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act ("SECURE 2.0 Act") was signed into law. The SECURE 2.0 Act includes optional and mandatory provisions related to eligibility and enrollment, required minimum distributions, catch-up contributions, and emergency withdrawals, some of which become effective in 2023. Plan management is currently evaluating the impact of this legislation on the Plan and applicable provisions will be adopted if elected and/or required.
