INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Plan Administrator
National Outdoor Leadership School
Tax Sheltered Annuity Plan
Lander, Wyoming

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the National Outdoor Leadership School Tax Sheltered Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion
We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion
The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 6 to the financial statements, the Plan has excluded from investments in the accompanying Statements of Net Assets Available for Benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying Statement of Changes in Net Assets Available for Benefits. The amounts of these excluded annuity contracts and custodial accounts, and the related income and distributions, are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

The DOL's Rules and Regulations and U.S. GAAP require Plan investments to be valued at fair value as of the end of the Plan year, except for the fully benefit-responsive investment contract, which is reported at contract value. As described in Notes 2 and 4 to the financial statements, Plan management does not have adequate information and procedures to properly value the non-fully benefit-responsive investment contract, which has been certified as of year-end; therefore, this investment may not be presented in compliance with the DOL's Rules and Regulations or in conformity with U.S. GAAP. The effects on the financial statements and supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), of not applying adequate procedures to determine the fair value of this investment have not been determined.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

NATIONAL OUTDOOR LEADERSHIP SCHOOL
TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the National Outdoor Leadership School Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of the National Outdoor Leadership School (the Plan Sponsor) who are United States citizens. Employees of the Plan Sponsor become eligible to participate in elective deferral contributions immediately upon hire. Employees of the Plan Sponsor become eligible to participate in employer discretionary contributions if they hold a position qualifying for benefits, as defined by the Plan document; are not considered a highly compensated employee; and have completed at least one year of service. Annual field positions are eligible for employer contributions immediately upon employment. Field instructors are eligible for employer contributions after completing 200 field weeks. In order to receive an allocation of employer discretionary contributions, eligible employees must have at least 1,000 hours of service and contribute $100 in employee deferrals during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Sponsor's Board of Trustees as necessary.

Contributions: Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

On an annual basis, the Plan Sponsor can elect to make a discretionary non-elective employer contribution. In Plan years 2022 and 2021, the Plan Sponsor elected to make contributions to the Plan in an amount equal to 4% of each participant's eligible compensation. These contributions were made in January following the Plan's year-end. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants' investment options: The Plan is a participant-directed plan. Upon enrollment in the Plan, a participant may direct contributions in 1% increments in any of the investment options, as made available and determined by the Plan Administrator. Participants may change their investment options at any time. The Plan currently offers mutual funds, variable annuities, a pooled separate account, and a fixed-rate annuity investment contract as investment options.

Participant accounts: Each participant's account is credited with the participant's contributions, as well as allocations of the Plan Sponsor's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested in all contributions upon meeting the applicable eligibility requirements.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan, *Continued*

Payment of benefits: Upon the termination of service due to death, disability, retirement, or other reasons, a participant is entitled to 100% of his/her account on his/her severance from the service date. The distribution method depends on the account balance and marital status of the participant and elections made by the participant. If the participant is married on the date benefits begin, the participant will automatically receive a joint and 50% survivor annuity, unless an alternative form of payment is elected. If the participant is not married on the date benefits begin, the participant will receive a life annuity, unless an alternative form of payment is elected. If the annuity form of payment is waived, a participant can elect to have his/her benefit payment in a single lump-sum payment, a periodic installment over the participant's expected life expectancy, or another annuity form selected by the participant and approved by the Plan Administrator.

Upon the termination of service, and in accordance with the timeline established by the Plan Administrator, if a participant's account balance is $1,000 or less, the Plan Administrator will distribute the vested account balance in a cash payment. Regardless of the type, a participant will receive his/her benefit payment in a lump-sum payment equal to the value of the participant's vested interest in his/her account.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan Administrator intends to comply with ERISA, which requires the Plan's financial statements to be reported in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). However, the Plan Administrator was unable to obtain the required information from one of the custodians, Teachers Insurance and Annuity Association of America (TIAA), in sufficient detail to assess the proper valuation and disclosure of a certain Plan investment held by TIAA, as described in Note 4. As a result, the Plan's financial statements may not be in compliance with U.S. GAAP or the Department of Labor's (DOL) Rules and Regulations. The effects on the financial statements and the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), have not been determined.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. However, the non-fully benefit-responsive investment contract held by TIAA is reported at a fair value that cannot be assessed for proper valuation, as discussed previously. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for a discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies, *Continued*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Annual participant fees are charged directly to each participant's account and included in administrative expenses. Investment-related expenses are included in net (depreciation) in fair value of investments.

Excluded contracts and accounts: The Plan Administrator has elected to exclude certain contracts and accounts from Plan assets, in accordance with the DOL's Field Assistance Bulletin (FAB) No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including employee salary reduction contributions) and, in fact, stopped making contributions to the contract or account before January 1, 2009;
- All of the rights under the contract or account are legally enforceable against the insurer by the individual owner of the contract or account without any involvement by the employer; and
- The individual owner of the contract should be fully vested in the contract or account.

Because the Plan Administrator has elected to exclude certain contracts, in accordance with the DOL's FAB No. 2009-02, the excluded contracts are not in accordance with U.S. GAAP. Accordingly, it is not intended that these financial statements be presented in accordance with U.S. GAAP.

Estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: Events occurring subsequent to the Statement of Net Assets Available for Benefits date have been evaluated for financial statement impact or disclosure through November 2, 2023, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified and Provided by Fidelity Management Trust Company (Fidelity), TIAA, Franklin Templeton Investments - Fiduciary Trust International of the South (Franklin Templeton), and Newport Trust Company (Newport)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), that was prepared by, or derived from information provided by, the Plan's custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4 and 5 and the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), related to the following assets as of December 31:

	2022	2021
Investments at fair value:		
Mutual funds	**$ 11,017,872**	$ 14,506,689
Variable annuities	**2,734,093**	3,301,251
Pooled separate account	**373,383**	336,202
Investment contract at fair value (Note 5)	**384,868**	368,356
Total investments at fair value	**$ 14,510,216**	$ 18,512,498
Investment at contract value (Note 5)	**$ 407,207**	$ 399,819

The custodians also certified to the completeness and accuracy of ($3,665,481) of net (depreciation) in fair value of investments, $465,003 of dividends, and $29,788 of interest related to the aforementioned Plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements, *Continued*

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual funds: Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: The funds invest principally in equity securities, fixed-income instruments, other mutual funds and short-term instruments in accordance with each fund's investment objectives. Fund holdings are generally valued using market quotations or prices obtained from independent pricing services, except for those held by the TIAA-CREF Money Market Fund, whose holdings are valued at amortized cost. Each fund determines its share price or NAV each day. The TIAA-CREF Money Market Fund is managed to maintain a constant value, though not guaranteed, of $1 per share. All variable annuities have a readily determinable fair value as daily unit values are listed on the Nasdaq Stock Market by TIAA.

In an effort to reduce market timing and excessive trading, participants will be locked out of a fund for 90 days if a sale/exchange, repurchase, and resale/exchange within that fund is made within a 60-day period, other than for the TIAA-CREF Money Market Fund or the TIAA-CREF Short-Term Bond Fund.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements, *Continued*

Pooled separate account with TIAA (TIAA real estate account (REA)): The TIAA REA generally invests in real estate properties and real-estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real-estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day, as provided by TIAA. The pooled separate account has a readily determinable fair value as daily unit values are listed on the Nasdaq Stock Market by TIAA. Transfers out of the REA are limited to one per calendar quarter.

Fixed-rate annuity investment contract with TIAA (TIAA traditional non-fully benefit-responsive annuity): Valued at contract value by TIAA, which approximates fair value (see Note 5). Fair value is determined using a discounted cash flow model that incorporates an appropriate risk-adjusted market discount rate, which correlates closely with the TIAA Traditional Annuity's historical crediting rates. The ranges of significant input values for the risk-adjusted market discount rate are as follows:

Retirement Annuities (RA)	3.00%-3.80%
Group Retirement Annuities (GRA)	3.00%-3.80%
Retirement Choice (RC)	2.75%-3.90%

Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts and transfers, if any, less withdrawals and transfers, if any. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange. As discussed in Note 5, the fixed-rate annuity investment contract is subject to various restrictions.

U.S. GAAP requires the Statements of Net Assets Available for Benefits to present the fair value of the investment contract as it is non-fully benefit-responsive. While TIAA has estimated that contract value approximates fair value, the Plan Administrator was unable to obtain from TIAA the required information in sufficient detail to assess the proper valuation and disclosure of this contract. As a result, the Plan's financial statements and related disclosures may not be in compliance with U.S. GAAP or the DOL's Rules and Regulations. The difference between fair value and contract value, if any, has not been determined.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022 Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and the size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

For the year ended December 31, 2022, purchases and sales of the Level 3 TIAA traditional non-fully benefit-responsive investment contract totaled $4,444 and $3,023, respectively.

Note 5. Fixed-Rate Annuity Investment Contract With TIAA

The Plan has a fixed-rate annuity investment contract with TIAA that is classified as a traditional investment contract. The TIAA Traditional Annuity is offered through a variety of subcontracts, including Retirement Annuities (RA), Group Retirement Annuities (GRA), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), Retirement Choice (RC), Retirement Choice Plus (RCP) Annuities, individual retirement accounts, and Keoghs. The TIAA Traditional Annuity holdings within the SRA, GSRA, and RCP subcontracts have no liquidity restrictions and are fully benefit-responsive. The TIAA Traditional Annuity holdings within the RA, GRA, and RC subcontracts have liquidity restrictions and are non-fully benefit-responsive.

The SRA, GSRA, and RCP subcontracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents accumulated cash contributions made under the contract plus interest credited to the Plan’s contracts and transfers, if any, less withdrawals and transfers, if any.

Note 5. Fixed-Rate Annuity Investment Contract With TIAA, *Continued*

The RA, GRA, and RC subcontracts are not considered fully benefit-responsive because the Plan does not allow participants reasonable access to their funds, given the withdrawal restrictions. The RA subcontract does not allow lump-sum cash withdrawals, and transfers must be spread over a period of 10 annual installments. With a GRA subcontract, lump-sum withdrawals are available only within 120 days following the termination of employment and subject to a 2.5% surrender charge. All other withdrawals and transfers from the RA or GRA subcontract must be spread over a period of 10 annual installments (or five annual installments for withdrawals after the termination of employment). Participant withdrawals and transfers from the TIAA Traditional Annuity in RC subcontracts must be taken in 84 monthly installments, although a lump-sum distribution is available, if permitted under the Plan, in the 120-day period following the termination of employment, subject to a 2.5% surrender charge. Institutional withdrawals from the RC subcontracts are allowed over a 60-month (five-year) period, with a 190-day advance notice from the institution. Therefore, these non-fully benefit-responsive subcontracts are presented in the financial statements at fair value, as reported to the Plan by TIAA.

The following represents the types of investment contracts held by the Plan and their respective values at December 31:

	2022	2021
Traditional investment contracts:		
TIAA traditional non-fully benefit-responsive investment contract at fair value	**$ 384,868**	$ 368,356
TIAA traditional fully benefit-responsive investment contract at contract value	**407,207**	399,819

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The guaranteed annual interest rate is 3% for all premiums remitted since 1979 for all accumulating contracts, with the exception of the RC and RCP subcontracts. For the RC and RCP subcontracts, the guaranteed rate is between 1% and 3%.

Additional amounts above the guaranteed minimum interest rates may be declared. Additional amounts remain in effect for the declaration year that begins each March 1 and are not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate in the accumulation phase of the account. Such interest rates are reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan’s ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5. Fixed-Rate Annuity Investment Contract With TIAA, *Continued*

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(b) of the Internal Revenue Code (IRC) or the failure of the Plan Sponsor to be tax-exempt under Section 501(c)(3) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Excluded Contracts

The Plan Administrator has elected to exclude from investments certain annuity contracts and custodial accounts that may have been issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009, as permitted by the DOL's FAB No. 2009-02. The investment income and distributions related to such accounts have also been excluded from the Statement of Changes in Net Assets Available for Benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator is not able to determine the amounts of these excluded annuity contracts and custodial accounts, and the related income and distributions, because records relating to these are not available or do not exist.

Note 7. Related-Party and Party-in-Interest Transactions

The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are held in a fixed-rate annuity investment contract managed by TIAA. Other Plan investments are shares of mutual funds managed by Fidelity, Franklin Templeton, and Newport. TIAA, Fidelity, Franklin Templeton, and Newport are custodians, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net (depreciation) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Note 8. Tax Status

The Plan has adopted a volume submitter 403(b) plan sponsored by Randall & Hurley, Inc. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's compliance with IRC Section 403(b), dated March 31, 2017. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan provider received the advisory letter. The Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. Federal, state, or local tax authorities except for the last three years filed.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 11. Plan Amendments and Subsequent Events

On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0) was signed into law. This legislation builds upon the original SECURE Act (SECURE 1.0) that was signed into law in late 2019. Both acts aim to further strengthen the American retirement system. There are both mandatory and optional changes; however, only the mandatory changes are discussed below.

Mandatory SECURE 1.0 and SECURE 2.0 changes include the following:

1. For plan years beginning on or after January 1, 2023, SECURE 2.0 raised the required minimum distribution commencement age to age 73 for participants who reach age 72 after December 31, 2022. The required minimum distribution commencement age will increase to age 75 for participants who reach age 74 after December 31, 2032.

Note 11. Plan Amendments and Subsequent Events, *Continued*

2. SECURE 1.0 and 2.0 broaden eligibility requirements for long-term part-time employees. For plan years beginning on or after January 1, 2024, SECURE 1.0 will require that long-term part-time employees who worked at least 500 hours in the preceding three consecutive years (i.e., 2021 to 2023) must be allowed to participate in the Plan. For plan years beginning on or after January 1, 2025, long-term part-time employees who worked at least 500 hours in the preceding two consecutive years must be allowed to participate in the 401(k) program.

3. For plan years beginning on or after January 1, 2026, SECURE 2.0 will require that catch-up contributions for a participant with prior-year compensation of more than $145,000 (indexed for inflation) be treated as Roth contributions.

The Plan Sponsor will implement these changes operationally, and Randall & Hurley, Inc. will prepare Plan amendments prior to the SECURE Acts amendment deadline (December 31, 2025). No employer action is currently required.
