Independent Auditor's Report

The Plan Administrator
Bank Street College of Education
Defined Contribution Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Bank Street College of Education Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, the management has not maintained, and TIAA and CREF did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

Bank Street College of Education Defined Contribution Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Bank Street College of Education Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan, established on April 1, 1960, is a defined contribution 403(b) plan covering employees of Bank Street College of Education (the College or the Employer). All employees are eligible to defer a portion of compensation as a pre-tax employee contribution immediately upon hire, with the exception of employees who are also a student enrolled and attending classes offered by an employer who is a school, college, or university, not to exceed certain limitations prescribed by the Internal Revenue Code (the IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

For Eligible Employees covered under the collective bargaining agreement with DC 37 who were employed on or after January 1, 2013 or who incurred a Separation from Service and were rehired on or after January 1, 2013, 6.25% of compensation. For such Eligible Employees hired before January 1, 2013, 7.5% of compensation. For Eligible Employees covered under the collective bargaining agreement with the Bank Street Professional Employees Federation and for all Eligible Employees who are non-unionized professional staff who were employed on or after September 1, 2013 or who incurred a Separation from Service and were rehired on or after September 1, 2013, 6.25% of compensation. For such Eligible Employees hired before September 1, 2013, 7.5% of compensation.

Participants who have attained age 50 or have been employed by the College for 15 years before the age of 50 are permitted to make catch-up contributions on a before-tax basis in an amount specified by the Internal Revenue Service (IRS). Participants may also rollover amounts distributed from other eligible retirement plans, as defined by the Plan. Effective March 5, 2019, Roth elective deferrals are permitted under the Plan.

Participant Accounts

Each participant's account is credited with the participant's and the College's contributions and an allocation of earnings and losses thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in both the College's and their contributions.

Bank Street College of Education Defined Contribution Plan

Notes to Financial Statements

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive either lump-sum payments, partial payments, fixed annuities, variable annuities, or installments. Effective May 1, 2019, distributions on account of hardship can be made from elective deferrals and employee mandatory contributions held in annuity contracts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by their highest outstanding loan balance during the previous 12 months or 50% of their vested account balance. The terms of the loans range from one to five years and may be longer for the purchase of a principal residence. The loans are collateralized by the vested account balance and bear a reasonable rate of interest. Principal and interest are repaid ratably through payroll deductions. Participants can have up to three outstanding loans at the same time.

Contract Loans

Participants may borrow directly from TIAA and CREF using a portion of their Plan account as security for the loan. Such loans are subject to certain limitations and are not made from Plan assets and, therefore, are not recorded as a receivable on the statements of net assets available for benefits.

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fair market rate (currently 4.25% to 8.00%). The Plan requires a minimum loan of \$1,000. Participants repay the loans directly to TIAA and CREF. The maximum term of the loan is five years, or up to ten years if the loan is utilized to acquire a principal residence.

Participants receiving such loans are required to pledge as collateral an annuity account value of 110% of the loan amount for the period of time the loan is outstanding. Loan balances outstanding from TIAA and CREF to the Plan's participants were \$79,115 and \$140,306 for the years ended December 31, 2022 and 2021, respectively. As such, \$87,027 and \$154,337 for the years ended December 31, 2022 and 2021, respectively, of annuity account values (110% of outstanding loans from TIAA and CREF) serve as collateral for the related loans. According to the Plan document, if the participants default on the loan, the outstanding loans will be deemed distributed and will be taxed on the amount of the outstanding loan balance and may be subject to a 10% penalty if they are under age 59½. In addition, TIAA and CREF have the right to foreclose their security interest in the portion of participants' vested accounts under the Plan that they pledged as security for the loan.

Plan Termination

Although it has not expressed any intent to do so, the College has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant will continue to be 100% vested, and the net assets of the Plan will be distributed as prescribed by ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenue and expenses, and the disclosure of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Investments in fully benefit responsive investment contracts with TIAA (see Note 5) are valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are deemed as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Administrative and Professional Expenses

Investment management fees are presented net within net (depreciation) appreciation in the fair value of investments on the statements of changes in net assets available for benefits. Professional fees are paid by the Plan and are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The College provides certain administrative services without charge to the Plan. Expenses that are paid by the College are excluded from these financial statements.

Bank Street College of Education Defined Contribution Plan

Notes to Financial Statements

Other Income

Other income includes plan servicing credits supporting the Plan and participant-level activity under fees/miscellaneous and revenue credit account report. The revenue credits generally represent the return of excess revenue generated by the Plan based upon the terms of the recordkeeper services agreement. Revenue credits are deposited to the Plan's revenue credit account and may be used to pay reasonable and necessary Plan expenses and can also be allocated to participants as a plan servicing credit. Revenue credit balances as of December 31, 2022 and 2021 were \$17,378 and \$53,392, respectively. For 2022 and 2021, \$95,761 and \$150,000, respectively, of revenue credits were allocated to Plan participants and \$91,486 and \$70,256, respectively, were used to pay Plan expenses.

3. Risks and Uncertainties

The Plan provides for investments in securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

4. Fair Value Measurements

GAAP establishes a three-level hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

Bank Street College of Education Defined Contribution Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

CREF Variable Annuity Contracts - CREF variable annuity contract assets are generally valued using market quotations or prices obtained from independent-pricing services, except those CREF money market fund contract assets valued at amortized cost. The values of the CREF Variable Annuity Contracts are published on NASDAQ but are not publicly traded. The net asset value (NAV) is used as a practical expedient to estimate fair value. Each fund determines its share price or NAV each day calculated generally as of 4 p.m. (ET). The investment objective of the CREF variable annuity contracts is to have favorable long-term rate of return through capital appreciation and income from a broadly diversified portfolio. The CREF variable annuity contracts invest in various securities with value, growth, blended, and fixed-income strategies. The CREF money market fund is managed to maintain a constant value, though not guaranteed, of \$1 per share. Management believes that the most appropriate classification for these investments is measuring at NAV. There are no restrictions as to the redemptions of these investments and no unfunded commitments.

Mutual Funds - Investments in mutual funds are valued at the NAV of shares held by the Plan at year-end. The mutual funds are traded at quoted prices through the National Securities Clearing Corporation. Management believes that the most appropriate classification for these investments is Level 1.

TIAA Real Estate Account (REA) - The REA generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally reported using values obtained from independent-pricing sources. The Plan's investment in the account is valued using a unit value determined daily by TIAA and CREF based on the value of the underlying investments and other factors. The value of the REA is published on NASDAQ but is not publicly traded. The NAV is used as a practical expedient to estimate fair value. There are no unfunded commitments. Transfers out of the REA can be executed on any business day but are limited to once per every 90 days.

TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract - The TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract, or Retirement Annuity, is a fixed rate annuity contract that is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract is reported at fair value using a discounted cash flow method, which is approximated by contract value. The TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract is not available for sale or transfer on any securities exchange. When the contract value accumulation of the TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract is converted to an annuity (plan withdrawal), participants may transfer their accumulation to a CREF account or to the real estate account over a ten-year period. Participants cannot withdraw or transfer their TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract accumulation in a lump sum. When a participant's accumulation in the TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded within benefits paid to participants and beneficiaries in the statements of changes in net assets available for benefits.

Bank Street College of Education Defined Contribution Plan

Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present, by level within the fair value hierarchy, the Plan's assets that are accounted for at fair value on a recurring basis. There have been no transfers between levels in 2022 and 2021.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

December 31, 2022

Type	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Risk-Adjusted Discount Rate Range (%)
TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract	\$ 35,539,616	Discounted cash flow/theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.70-6.25

December 31, 2021

Type	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Risk-Adjusted Discount Rate Range (%)
TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract	\$ 35,766,349	Discounted cash flow/theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.00-3.80

During 2022 and 2021, total purchases and sales of the TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract were 1,417,908 and 2,020,448, and 1,398,092 and 2,058,978, respectively.

5. Fully Benefit-Responsive TIAA Traditional Annuities

The Plan holds TIAA Traditional Annuities that are fully benefit-responsive guaranteed investment contracts with TIAA, which are guaranteed fixed annuity contracts that are available to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuities that are fully benefit-responsive guaranteed investment contracts are offered through a variety of contract types, including Supplemental Retirement Annuities, Group Supplemental Retirement Annuities, and Retirement Choice Plus Annuities. The type of contract through which a participant invests in the Traditional Annuities determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest of 3% and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. When the contract value accumulation of TIAA Traditional is converted to an annuity (plan withdrawal) based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The Plan holds the TIAA Stable Value, which is reported at contract value. The contract value of the TIAA Stable Value equals the accumulated cash contributions and interest credited, less any withdrawals and fees.

6. Information Certified by TIAA and CREF

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, including assets held by TIAA, FSB, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants as shown in the statement of net assets available for benefits as of December 31, 2022 and 2021.
- Net (depreciation) appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedules, including assessing whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

7. Tax Status

The Plan is maintained using a volume submitter 403(b) plan document sponsored by TIAA and covered by an IRS advisory letter dated August 7, 2017, affirming that the form of the volume submitter plan document is designed in accordance with the applicable sections of the IRC. The Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan meets the requirements of IRC Section 403(b).

GAAP requires Plan management to recognize a tax liability (or de-recognize an asset) associated with tax positions taken for tax-return purposes when it is more likely than not that the position will not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by a taxing authority; however, there are currently no audits for any tax periods in progress.

8. Party-in-Interest Transactions

Certain Plan investments are variable annuity contracts, guaranteed annuity contracts, mutual funds, and a real estate pooled separate account managed by TIAA and CREF and, therefore, these transactions qualify as exempt party-in-interest. Fees paid to TIAA and CREF, plan servicing credits, and notes receivable from participants also qualify as exempt party-in-interest transactions. See Note 10 for a description of nonexempt party-in-interest transactions.

Bank Street College of Education Defined Contribution Plan

Notes to Financial Statements

9. Annual Reporting Requirements

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan (established in 1960) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available for years prior to 2009, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

10. Late Remittances

The College has taken the appropriate steps to remedy the late contributions to participants for plan years 2018, 2019, 2020, totaling \$2,135,100, as of March 22, 2023 outside of VFCP using an external audit firm to review and provide the lost earning amounts credited. Currently, the College is in the process of working with the same external audit firm to resolve the lost earnings for plan year 2021 in the amount of \$403,507 and \$103,729 for plan year 2022 before year ending 2023. The lost earnings will be transmitted from the College to TIAA as soon as all calculations are finalized. These amounts were not transmitted in the appropriate time frame by the College and constitute a prohibited transaction under ERISA.

11. Subsequent Events

Plan's management has evaluated all transactions and events that occurred after December 31, 2022 through November 6, 2023, which is the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
