Report of Independent Auditor

To the Plan Administrator
SOAR365 Tax Deferred Annuity Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of SOAR365 Tax Deferred Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of SOAR365 Tax Deferred Annuity Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SOAR365 TAX DEFERRED ANNUITY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The following brief description of the SOAR365 Tax Deferred Annuity Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established by SOAR365 (the “Plan Sponsor” or “Employer”) on May 1, 1993. The Plan covers all employees for elective deferrals. The Plan excludes certain employee groups for the Employer contributions as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2021. The Plan’s assets are held by AIG Retirement Services and Reliance Trust Company (the “Trustees” or “qualified institution”). Effective November 1, 2020, contributions were remitted to Reliance Trust Company and no longer remitted to AIG Retirement Services. Both Trustees held assets as of December 31, 2021. The Board of Trustees oversees governance of the Plan. Juno Financial Group serves as a 3(38) Investment Advisor for the Plan and works directly with the Board of Trustees in determining the appropriateness of the Plan’s investment offerings, monitors investment performance.

Administration – The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – For the calendar year ended December 31, 2021, participants have the right to contribute up to the maximum allowed under Internal Revenue Code (“IRC”) limitations. The Plan has an automatic enrollment feature (EACA) of 4%, with annual 1% increases up to a maximum of 8%. Participants are immediately eligible to enter the Plan and may also contribute amounts representing distributions from other qualified retirement plans, tax deferred annuity plans, government 457(b) plans, and traditional IRAs.

Employees must complete 30 days of service with the Plan Sponsor and be at least 21 years old before the employee is eligible to receive matching and other non-elective Employer contributions. The Employer makes safe harbor matching contributions of 100% of the elective deferrals up to a maximum of 4%. The employer may also make nonelective distributions. Total Employer matching contributions and discretionary contributions for the year ended December 31, 2021 totaled \$234,746 and \$110,809, respectively. Participants direct the investments of their contributions into various investment options offered by the Plan.

Catch-Up Contributions – For the year ended December 31, 2021, if a participant is eligible to make deferrals and reaches age 50 before the end of any calendar year, the participant may defer an additional \$6,500 into the Plan as a pre-tax contribution subject to certain IRC limitations.

Participant Accounts – Each participant’s account is credited with the participant contributions and allocations of (a) the Employer’s contributions, (b) Plan earnings and losses, and (c) certain administrative expenses. Allocations are based on participant earnings or participant balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting Requirements – Participants are immediately fully vested in their voluntary contributions, including their Employer matching contributions, rollover contributions from other plans, Employer discretionary contributions, and earnings thereon under the Plan.

Investment Options – A participant may direct 100% of their allocation of contributions with the Trustees. Participants may direct contributions into various investment options.

SOAR365 TAX DEFERRED ANNUITY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or longer for the purchase of a primary residence, which can be repaid over a period of up to 30 years. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan's management. Principal and interest are paid ratably through bi-weekly payroll deductions. Participant loans are reported as unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in certain circumstances, an annuity. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. A participant may also request a withdrawal from their account balance based upon financial hardship as defined by IRC regulations.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year, as well as held during the year.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

SOAR365 TAX DEFERRED ANNUITY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2— Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. Audit fees generally are paid by the Plan Sponsor.

Note 3—Fair value measurements

The Plan follows the *Fair Value Measurements* topic of the Financial Accounting Standards Board Accounting Standards Codification which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used to measure the Plan's investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There were no transfers between levels during the year ended December 31, 2021.

Mutual Funds – These public investment vehicles are valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SOAR365 TAX DEFERRED ANNUITY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 3—Fair value measurements (continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31:

2021			
	Level 1	Level 2	Total Fair Value
Mutual funds	\$ 3,814,109	\$ -	\$ 3,814,109
2020			
	Level 1	Level 2	Total Fair Value
Mutual funds	\$ 3,018,668	\$ -	\$ 3,018,668

Note 4—Information certified by the Plan's Trustees (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees of the Plan have certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

- Investments, at fair value, investments, at contract value, and certified participant loans, as of December 31, 2021 and 2020 as shown in the statements of net assets available for benefits.
- Net appreciation in fair value of investments, interest and dividends, and interest income from participant loans as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5— Guaranteed investment contracts with insurance company

The Plan invests in guaranteed fixed annuity contracts with the Trustees, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The unallocated contracts are included in the financial statements at contract value as reported to the Plan by the Trustees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

SOAR365 TAX DEFERRED ANNUITY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 5— Guaranteed investment contracts with insurance company (continued)

Under the terms of the Trustees investment contracts, participant-initiated transactions for the purpose of receiving benefits allowed under the Plan are completed at contract value. The Trustees fixed account options are supported by the Trustees general account and offer guaranteed crediting rates specified in advance of participant investment and set in response to several factors.

The average yield of the fund and the average yield credited to the participant accounts are one and the same, since there is no ownership right to the assets in the general account, which support the obligations of the fixed account options. The average yield of the fixed account plus was 2.43% and 2.81% for the years ended December 31, 2021 and 2020, respectively, and the short-term fixed account was 4.02% and 2.64% for the years ended December 31, 2021 and 2020, respectively.

The minimum guaranteed interest rate for the portfolio director group varies by participant and depends on the date the participant established his/her account. Participant accounts set up prior to 2018 have a minimum guaranteed interest rate of 1.21%. The minimum guaranteed interest rate for accounts set up on or after 2018 range between 1.43% and 1.87%. The minimum guaranteed interest rate for the Trustees plan group fixed annuity contracts is 4.50%. The minimums apply to all Trustees fixed options under the contract.

Certain events limit the Plan's ability to transact at contract value with the Trustees. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance companies to terminate the agreements prior to the scheduled maturity date.

Note 6—Parties-in-interest transactions

Plan investments are units of mutual funds and guaranteed investment contracts managed by the Trustees for the year ended December 31, 2021 and 2020; therefore, these transactions qualify as party-in-interest. The Plan Sponsor pays certain administrative expenses of the Plan and is also considered a party-in-interest. Fees paid by the Plan Sponsor for administrative services were \$5,411 for the year ended December 31, 2021.

Notes receivable from participants qualify as party-in-interest transactions.

Note 7—Tax status

The Plan converted from a custom plan document to a volume submitter 403(b) plan. The volume submitter plan has received an opinion letter dated April 5, 2018 from the Internal Revenue Service ("IRS") stating the written form of the underlying volume submitter plan document is qualified under Section 403(b) of the IRC and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 8—Plan termination

The Plan Sponsor believes the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 25, 2023, the date these financial statements were available to be issued.
