INDEPENDENT AUDITOR'S REPORT

To the Audit and Risk Committee of
Robert Morris University Board of Trustees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of Robert Morris University Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 3 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

As described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The effects of these excluded contracts and custodial accounts and the related income and distributions are not reasonably determinable.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2020 financial statements may have been affected by these conditions.

The Plan has excluded from investments in the 2020 financial statements certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements. The effect of these excluded contracts and custodial accounts and the related income and distributions are not reasonably determinable.

In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

**ROBERT MORRIS UNIVERSITY
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

1. DESCRIPTION OF THE PLAN

The following description of the Robert Morris University Defined Contribution Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan was last amended on February 1, 2019.

General—The Plan is a defined contribution retirement plan covering full-time and regular part-time employees of Robert Morris University (the University). Employees are eligible to contribute to the Plan on the first of the month following their date of hire. Employees are eligible for employer matching contributions if they have reached age 21. The named fiduciaries of the Plan are the University and the University’s Senior Vice President for Business Affairs. Asset custodians of the Plan are Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (TIAA-CREF), The Variable Annuity Life Insurance Company (VALIC), Fidelity Management Trust Company (Fidelity), and State Street Bank and Trust Company (State Street). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2013, all new salary deferrals and employer matching contributions are made to State Street as trustee. Participants have the option on a voluntary basis to transfer their account balances from TIAA-CREF, Fidelity, or VALIC to State Street.

Contributions—Each year, participants may contribute up to the maximum percentage of their annual compensation on a pretax basis, as defined in the Plan, subject to dollar limitations established by the Internal Revenue Code (IRC). The University contributes employer matching contributions based on employee type and years of service.

Pennsylvania State Educators Association (PSEA) Union (Environmental Services Professionals (ESP) workers) employees – These employees receive an employer match contribution of 188% of the first 5% of base compensation that a participant contributes to the Plan.

Full-Time Faculty employees – These employees receive an employer match contribution of 188% of the first 5% of base compensation that a participant contributes to the Plan. In August 2021, effective September 1, 2022, due to a change under a collective bargaining agreement, these employees will receive an employer match contribution of 150% of the first 5% of base compensation that a participant contributes to the Plan.

Staff and Security, Police, Fire Professionals of America (SPFPA) Union (campus police) employees with 5 or more years of service – These employees receive an employer match contribution of 150% of the first 5% of base compensation that a participant contributes to the Plan.

Staff and SPFPA Union (campus police) employees with up to 5 years of service – These employees receive an employer match contribution of 100% of the first 5% of base compensation that a participant contributes to the Plan.

The most recent contribution change took effect as of February 1, 2019, where staff and SPFPA Union employees that were hired prior to April 1, 2013, received a reduction of employer matching contributions from 188% to 150% of the first 5% of base compensation that a participant contributed to the plan. These employees were thereby considered to be staff and SPFPA Union employees with 5 or more years of service.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the employer matching contributions, earnings, and charged with withdrawals and an allocation of losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants direct the investment of their contributions and employer matching contributions into various investment options offered by the Plan. The Plan currently offers a guaranteed investment contract (GIC), pooled separate accounts, and mutual funds.

Noninterest Bearing Cash—A portion of the fees paid by participants is held in a noninterest-bearing account. The Plan sponsor uses these funds to pay expenses related to the Plan.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$1,000. In no event may the amount of such a loan exceed the lesser of (1) \$50,000 reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the date on which the loan was made or (2) 50% of the value of the vested interest in the participant's Plan account that is serviced by Transamerica or Fidelity. The loan may be made from prior after-tax contributions, rollover contributions, or pretax deferral contributions. The loan shall be secured by an equivalent lien on the participant's nonforfeitable interest in the Plan that is serviced by Transamerica or Fidelity at the time of the loan. The loan interest rate is the prime rate, as stated in the Wall Street Journal. The repayment period from the date in which a general loan is made ranges in years depending upon the nature of the loan and if it pertains to the purchase of the participant's primary residence. The amount of such outstanding loans is \$300,356 and \$297,931 at December 31, 2021 and 2020, respectively. Additionally, as of December 31, 2021 and 2020, there were defaulted loan amounts of \$30,911 and \$34,853, respectively. As of December 31, 2021, participant loans have maturities through 2030 at interest rates ranging from 3.25% to 5.00%.

Vesting—Employee contributions are 100% vested immediately. Employer matching contributions are 100% immediately vested for all employees hired prior to April 1, 2013, as well as faculty employees hired on or after April 1, 2013. A five-year graduated vesting schedule applies to the University employer matching contributions for staff and SPFPA employees (campus police) hired on or after April 1, 2013. The University employer matching contributions will be 100% vested after the employee reaches five years of service.

Plan Loans—Participants may borrow directly from the asset custodians using a portion of the Plan account as security for the loan. Participants may borrow a minimum of \$1,000 up to a maximum equal

to the lesser of \$50,000 or 45% of their account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments (up to 10 years for the purchase of the participant's primary residence). The loans are secured by the participants' account balances in an amount equal to 110% of the outstanding loan balances. Loans bear interest at a variable rate. Principal and interest are paid ratably by the participant to the asset custodians and each payment will reduce amounts secured by the participant's accounts. The amount of such outstanding loans is \$89,637 and \$107,968 at December 31, 2021 and 2020, respectively. Once the participant has a distributable event, these amounts will be redeemed by the asset custodians as settlement of defaulted plan loans.

Payment of Benefits—Upon termination, death, or disability, participants or their beneficiaries may request a withdrawal. Participants who are invested in options other than a TIAA Traditional Annuity Contract that are eligible for either a withdrawal or payment of benefits as per the Plan document, can request payment via a rollover to another retirement account, an annuity, or a lump-sum cash payment in the amount of their account balance, less any applicable taxes, penalties, and fees. Liquidity restrictions vary by type of TIAA Traditional Annuity Contract. The TIAA Traditional Annuity Contract is offered as an investment option in both the Retirement Annuities (RA) and Group Supplemental Retirement Annuities (GSRA) contracts. The RA contract does not allow for lump-sum cash withdrawals, and transfers must be spread out in 10 annual installments under the TIAA Traditional Annuity Contract; however, the GSRA contract allows for lump-sum cash withdrawals and transfers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), except for GAAP departure disclosed in Note 3.

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan invests in various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts report in the statement of net assets available for benefits.

Investment Valuation and Income Recognition—The TIAA Traditional Annuity Contract is considered a GIC, as it guarantees repayment of principal and a fixed interest rate for a predetermined period. The TIAA Traditional Annuity Contract is offered through a variety of contracts, this Plan investing in Retirement Annuities (RA), and Government-Sponsored Retirement Arrangement (GSRA). The type of contract through which a participant owns the TIAA Traditional Annuity Contract determines certain

account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

There are four characteristics of return that are key to the TIAA Traditional Annuity Contract:

1) guaranteed principal and minimum interest rate, 2) opportunity to receive additional amounts, 3) guaranteed minimum interest rate and potential for additional amounts during the payout phase, and 4) long-time horizon to enable competitive returns. 1) The TIAA Traditional Annuity Contract guarantees principal and pays a guaranteed minimum interest rate during the accumulation phase. These guarantees of principal and minimum interest rates assure that each participant's accumulation is protected from loss and will always increase in value; 2) additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA board of trustees on a year-by-year basis. When declared, additional amounts remain in effect for the 'declaration year' that begins each March 1 and are not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the "crediting rate" in the accumulation phase of the account; 3) each participant dollar applied to the account purchases a guaranteed amount of lifetime annuity income, paid to participants when they annuitize. As in the accumulation phase, this guaranteed minimum rate may be supplemented by additional amounts declared by the TIAA board of trustees on a year-by-year basis; 4) long-time horizon is provided with liquidity restrictions that apply to the TIAA Traditional Annuity Contract under annuity contracts used to fund primary retirement plans. This is dependent on the type of contract. The RA contracts do not provide for lump-sum withdrawals and due to the decreased liquidity of the contract, it is credited with higher interest rates. The GSRA contracts provide for lump-sum withdrawals and due to this increased liquidity of the contract, it is credited with lower interest rates (see Note 6).

Investments in the TIAA Traditional Annuity Contract are secured by the general assets of TIAA and backed by TIAA's claims-paying ability. Because of the complexity of the vintage system, a Plan's investment in the TIAA Traditional Annuity Contract is unitized for earnings calculations. Because the yields available on bonds and other fixed-income investments tend to change over time, TIAA groups the premium dollars it receives over defined time periods into vintages—typically composed of one or more contiguous calendar months—for the purpose of determining the crediting rate for the applicable declaration year during the accumulation phase. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. The net investment earnings rate associated with each vintage reflects both the yields at which premiums are invested and the rates at which subsequent cash flows are reinvested. This approach enables TIAA to distribute excess earnings to participants on a more equitable basis so that each generation will ultimately receive benefit payments that reflect, in part, the prevailing interest-rate environment at the time the crediting rates were applied. For accumulating GSRA and RA contracts, both the crediting rate based on annualized earnings and interest rate credited to participants were 3.00% as of December 31, 2021 and 2020. For accumulating RA contracts, both the crediting rate based on annualized earnings and interest rate credited to participants were 3.00% as of December 31, 2021 and 2020.

The Plan's allocation in the TIAA Traditional Annuity Contract is stated at fair value, except for the fully benefit-responsive contracts which are reported at contract value, in all plan and participant reporting.

The contract value of the TIAA Traditional Annuity Contract equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The fair value of the TIAA Traditional Annuity Contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The TIAA Real Estate Account (REA) is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. The REA is valued based on quoted market prices and traded on an active market.

The Plan's CREF investments are insurance company separate accounts of CREF and are based on quoted market prices and traded on an active market.

The Plan's VALIC investments consist of insurance company separate accounts and State Street investments consist of mutual funds. Except for the State Street investment in the Prudential Principal Preservation Separate Account (PPSA), these investments are stated at fair value based on quoted market prices and traded on an active market. The PPSA is considered a fully-benefit responsive GIC, as it guarantees repayment of principal and a fixed interest rate for a predetermined period. PPSA is recorded at contract value in all plan and participant reporting and Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The PPSA issuer may not terminate the contract at any amount less than the contract value.

The Plan's Fidelity investments are mutual funds stated at fair value based on quoted market prices and traded on an active market.

Purchases and sales of securities are recorded on a trade date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net depreciation/appreciation includes the plan gains and losses on investment bought and sold as well as held during the year.

Administrative Expenses— All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investment vehicles are deducted from income earned on a daily basis and are not separately reflected. The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's investment management and transaction fees. Consequently, net management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2021. If a vested account balance is more than \$1,000, a participant may leave money in the Plan, unless otherwise required by the Plan's minimum distribution requirements. If the vested balance is \$1,000 or less, it will be paid directly to the participant as a mandatory distribution.

The automatic form of benefit under the Plan is an annuity. The type of annuity is dependent on marital status. If the participant is married with an account balance over \$1,000, the account will be paid to the participant in a qualified joint and survivor annuity equal to 50% unless the participant elects to waive the annuity payment within 180 days before the first payment is due to be made. Other

options include lump-sum payment, 66 2/3% annuity, 75% annuity, 100% annuity, installment payment, or flexible payment option in an amount elected by the participant from time to time.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions for the years ended December 31, 2021 and 2020.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Changes due to CARES Act—In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was enacted. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management adopted and implemented certain provisions of the CARES Act and as a result, participants impacted by COVID-19 were able to:

- COVID-19-related distribution—Participants were able to take a COVID-19-related distribution of up to \$100,000 from their retirement plan without a 10% early withdrawal penalty. Eligible distributions were able to be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.
- Participant loans—Participants were able to borrow up to \$100,000 from the Plan (an increase from the \$50,000 previously allowed), and repayment was able to be delayed.
- Required minimum distributions (RMDs)—RMDs were temporarily suspended for 2020 and reinstated for 2021.

3. GAAP DEPARTURE

GAAP requires inclusion in the Plan’s financial statements all assets and liabilities of and activity related to the Plan. However, the Plan’s financial statements may not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The University may have excluded those contracts and accounts and related activity from the Plan’s financial statements for purposes of the annual reporting requirements of ERISA as permitted by the Department of Labor Field Assistance Bulletin 2009-02, *Annual Reporting Requirement for 403(b) Plans*. The investment income and distributions related to such accounts may have also been excluded in the accompanying statements of changes in net assets available for benefits. GAAP requires that these accounts and related income and distributions be included in the accompanying financial statements. The effects of these excluded contracts and custodial accounts and the related income and distributions on the financial statements are not reasonably determinable.

4. FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820-10, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2021 and 2020.

Certain reclassifications have been made to the 2020 amounts in the table below to conform with the presentation of the 2021 amounts.

Fair Value Measurements at December 31, 2021				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
GIC—TIAA Traditional Annuity	\$ -	\$ -	\$ 21,985,896	\$ 21,985,896
TIAA Pooled Separate Accounts	3,972,235			3,972,235
CREF Pooled Separate Accounts	50,416,715			50,416,715
VALIC Pooled Separate Accounts	9,277,597			9,277,597
Fidelity Mutual Funds	7,678,569			7,678,569
State Street Mutual Funds	<u>96,997,728</u>			<u>96,997,728</u>
Total	<u>\$ 168,342,844</u>	<u>\$ -</u>	<u>\$ 21,985,896</u>	<u>\$ 190,328,740</u>

Fair Value Measurements at December 31, 2020				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
GIC—TIAA Traditional Annuity	\$ -	\$ -	\$ 22,950,024	\$ 22,950,024
TIAA Pooled Separate Accounts	3,488,357			3,488,357
CREF Pooled Separate Accounts	47,731,471			47,731,471
VALIC Pooled Separate Accounts	9,514,054			9,514,054
Fidelity Mutual Funds	7,602,669			7,602,669
State Street Mutual Funds	<u>84,639,831</u>			<u>84,639,831</u>
Total	<u>\$ 152,976,382</u>	<u>\$ -</u>	<u>\$ 22,950,024</u>	<u>\$ 175,926,406</u>

The following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31, 2021 and 2020:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)	
	2021	2020
Balance—beginning of year	\$ 22,950,024	\$ 24,038,472
Purchases	546,410	2,642,144
Sales	(2,300,165)	(4,678,154)
Earnings	101,421	207,587
Realized gains	426,939	871,189
Unrealized gain (loss)	<u>261,267</u>	<u>(131,214)</u>
Balance—end of year	<u>\$ 21,985,896</u>	<u>\$ 22,950,024</u>

Transfers between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, transfers are recognized on the actual date of the event or change in circumstances that caused the transfer. There were no transfers in or out of Level 3 during the years ended December 31, 2021 and 2020.

The valuation methods as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information regarding the Plan as of December 31, 2021 and 2020, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by TIAA-CREF, VALIC, Fidelity, and State Street, the asset custodians of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the asset custodians that such information is complete and accurate.

	2021	2020
Statements of net assets available for benefits:		
Investments—at fair value	\$ 190,328,740	\$ 175,926,406
Investments—at contract value	7,418,190	5,095,258
Noninterest bearing cash	243,604	184,177
Notes receivable from participants	<u>300,356</u>	<u>297,931</u>
	<u>\$ 198,290,890</u>	<u>\$ 181,503,772</u>
Statements of changes in net assets—investment income:		
Interest and dividends	\$ 4,477,587	\$ 2,436,996
Net appreciation in fair value of investments	\$ 20,602,875	\$ 19,512,027

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).

Note 4: All investment information in Note 4, excluding the level classification of investments.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The TIAA Traditional Annuity Contract is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity Contract is offered through a variety of contract types, including RA and GSRA. The TIAA Traditional Annuity Contract is reported at contract value (which approximates fair value) and is segregated into non-benefit and fully benefit-responsive categories. The contract value of the TIAA Traditional Annuity Contract equals the accumulated cash contributions, interest credited to Plan's contracts, and transfers (if any) less any withdrawals and transfers (if any).

GSRA contracts are fully benefit responsive. When a participant's accumulation in the TIAA Traditional Annuity Contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits.

Limitations on the Ability of the GIC to Transact at Contract Value—Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: 1) the Plan's failure to qualify

under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, 2) premature termination of the contracts, 3) plan termination or merger, 4) changes to the Plan's prohibition on completing investment options, or 5) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. TIAA-CREF may not terminate the contract at any amount less than the contract value.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Some Plan investments are managed by State Street, TIAA-CREF, Fidelity, and VALIC. TIAA-CREF, Fidelity, State Street, and VALIC are the asset custodians, as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Administrative revenues arise when investment managers return a portion of the investment fees to the recordkeeper to offset the investment management and transaction fees. Any excess resulting from this revenue sharing, if applicable, remains in an unallocated account from which future Plan expenses can be paid.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

9. FEDERAL INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. SUBSEQUENT EVENTS

For the year ended December 31, 2021, subsequent events were evaluated through October 12, 2022, the date the financial statements were available to be issued.
