REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Source 4 Solutions, LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Source 4 Solutions, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA
The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of Source 4 Solutions, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Source 4 Solutions, LLC and its subsidiaries, S4 Teachers LLC and Mission One Educational Staffing Services (collectively, the Company). Effective January 1, 2020, employees become eligible to participate in the Plan once they have completed one year of service and are age 21 or older. Employees who satisfy the eligibility requirements become participants on the first day of the Pan quarter following the participant's completion of the one year of service requirement. The Plan Administrator is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective February 22, 2022, the West Educational Leasing, Inc location (a member of the Dynamic Human Resources, Inc. 401(k) Plan (a multi-employer plan)) merged into the Plan. As a result of the merger, approximately $316,000 was transferred to the Plan. The participants in this plan became eligible to participate in the Plan as of the date of the transfer.

Contributions

Participants may make voluntary, tax-deferred or after-tax contributions to the Plan up to 100% of their annual compensation and up to 100% of any bonus, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may elect to make matching contributions (company matching contributions), at its discretion, to the Plan. During the period of January 1, 2019 through December 31, 2021, the Company suspended its discretionary match. Effective January 1, 2022, the Company reinstated its discretionary match. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by Plan management in 1% increments. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of any Company matching contributions, and allocations of Plan's earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Company matching contributions plus actual earnings vest based on years of service as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants become immediately 100% vested in Company matching contributions in the event of death, disability or upon the attainment of normal retirement age.

Payment of Benefits

The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in a lump-sum payments with certain exceptions allowed.

Forfeitures

Forfeitures are used to reduce future Company matching contributions or pay Plan expenses. There were unallocated forfeitures in the amount of $2 and $12,503 at December 31, 2022 and 2021, respectively. During 2022, forfeitures of $16,124 were used to pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The term of the loan, as established by the Plan Administrator at the time of the loan, cannot exceed five years unless the loan is used to purchase the participant's primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate of Prime plus 1%. A participant is not permitted to have more than one loan outstanding at any given time. Outstanding loans bear interest at rates from 4.25% to 8.00% at December 31, 2022, and 4.25% to 7.50% at December 31, 2021. Principal and interest are paid ratably through regular payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants after March 15, 2023 and 2022, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced, and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Contributions

Contributions from Plan participants and any Company matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and Company matching contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY MID ATLANTIC TRUST COMPANY

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and as instructed by the Plan administrator, no audit procedures have been performed on information certified by Mid Atlantic Trust Company, trustee of the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, except to compare such information to the information included in the accompanying financial statements and supplemental schedules.

Information certified by the trustee include the fair value of investments as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021; investment loss as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the investment information included in the schedule of assets (held at end of year) at December 31, 2022.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 - Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at the price. The funds are deemed to be actively traded.

Collective Trust Fund

Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,217,379	$ -	$ -	$ 4,217,379
Total assets in the fair value hierarchy	$ 4,217,379	$ -	$ -	4,217,379
Investments at NAV: Collective trust fund				5,757
Total investments, at fair value				$ 4,223,136

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,813,566	$ -	$ -	$ 3,813,566
Total assets in the fair value hierarchy	$ 3,813,566	$ -	$ -	3,813,566
Investments at NAV: Collective trust fund				12,503
Total investments, at fair value				$ 3,826,069

The following table sets forth disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2022 and 2021:

Collective Trust Fund	December 31, 2022	December 31, 2021	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Reliance trust stable value fund	$ 5,757	$ 12,503	$ -	Daily	None	Daily

NOTE 5 - STABLE VALUE FUND

The Plan's investments include investments in a collective trust fund that is considered to be a stable value fund (the Fund) with underlying investments in insurance contracts. Fair value of a stable value fund is the NAV of the fund. The NAV is based on net assets, which includes the insurance contracts at contract value. The Fund's investment objective is to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals for benefit payments and participant transfers to noncompeting investment options to be paid to plan participants shall be made 30-45 days after written notification has been received. Withdrawals, other than for benefit payments, and participant transfers to noncompeting investment options may be made up to one year after notification is received. At December 31, 2022 and 2021, there were no other restrictions or unfunded commitments.

Certain events can limit the ability of the Plan to transact at contract value with the Fund, and the Fund may be subject to circumstances that affect its ability to transact at contract value. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are likely to occur.

NOTE 6 - RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments as they were paid through revenue shares rather than a direct payment. The Company also paid certain administrative expenses of the Plan. Certain officers of the Company are also administrators of the Plan.

NOTE 7 - PLAN TERMINATION

Although it has not expressed intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company matching contributions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - TAX STATUS

The prototype plan has received an opinion letter dated April 10, 2014 from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (the Code) and is, therefore, tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
