To the Plan Administrator
Dr. Dental 401(k) Plan

We have audited the financial statements of Dr. Dental 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022, and we will issue our report thereon dated October 20, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Voya Retirement Insurance and Annuity Company and Reliance Trust Company, the custodians, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 28, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Dr. Dental 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Impermissible Hardship Withdrawals

During our audit, we noted that Plan management did not retain a copy of evidence of financial need to substantiate the reasoning or the amount for a hardship withdrawal given during the year. Plan management should retain copies of documentation for all hardship withdrawal requests, including evidence of financial need and amount. Plan management should review all hardship withdrawals during the year and if paperwork is missing from personnel files to support the necessity of the withdrawal, action should be taken to obtain such information again from the participant in order to maintain complete records.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have represented to us in your letter dated October 20, 2023 that you have considered the effects of uncorrected misstatements and that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though, in our judgment, such uncorrected misstatements are immaterial to the financial statements under audit. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 20, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

During the audit, we became aware of certain matters that we consider an opportunity for strengthening internal controls and operating efficiency. Listed below are such matters:

Deferral Percentage Changes

During our audit, we noted an instance in which an employee’s deferral percentage in ADP and Voya was not correctly reflected in the payroll system and their contributions were made at the incorrect deferral rate. Plan management should make the necessary corrections to the affected participant’s account and implement a control to ensure that all deferral percentages are correctly reflected in payroll in a timely manner.

Use of Available Forfeitures

During our audit, we noted the Plan had an available forfeiture balance to be used. We recommend that Plan management monitor this amount at least annually and use the amounts to apply towards Plan expenses or Employer contributions, based on the terms of the Plan document.

Review of Census for Accuracy

During our audit, we tested the Plan’s census data, including dates of birth and hire, by comparing those dates to information in the participant’s employee file. Based on our testing, we noted that certain employees’ hire dates on the census did not agree to the information included in the employee file. We recommend that additional review procedures be considered when compiling the annual census, such as spot checks back to employee personnel files by an employee independent of preparing the census.

Review of Terminated Participant Account Balances

During the audit, we noted there are currently no procedures in place to review participant account balances after receiving a full payout to ensure their participant account balances are effectively reduced to zero by their payout. Often times, residual earnings may post to participant accounts after receiving a full payout. Although the plan includes a force-out provision to allow for automatic lump-sum distributions of participant accounts under \$5,000, terminated participant accounts should be reviewed on a periodic basis to ensure these distributions are in fact occurring.

No Signed Plan Documents Maintained

During our audit, we noted that there was no signed copy of the Plan's restated adoption agreement maintained. We recommend that Plan management keep signed copies of all Plan documents on file.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Administrator and management of Dr. Dental 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
