INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
PhyNet Dermatology, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the PhyNet Dermatology, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the PhyNet Dermatology, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the PhyNet Dermatology, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PhyNet Dermatology, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the PhyNet Dermatology, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

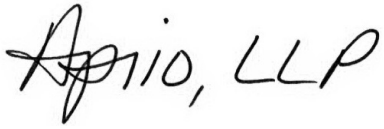

The supplemental schedules of Assets Held at End of Year and Delinquent Participant Delinquent Contributions as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A
Description of Plan

The following description of the PhyNet Dermatology, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. More complete information regarding items such as vesting, benefit provisions and plan termination may be found in the Summary Plan Description, and also in the Plan Document, which is available to all participants upon request.

General:

The Plan is a defined contribution plan that covers all eligible employees, except part-time/temporary/seasonal employees whose regularly scheduled service is less than 1,000 hours of service, of PhyNet Dermatology, LLC (referred collectively hereafter as the "Company") who have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments and Mergers:

Effective January 1, 2021, the Plan was amended and restated to comply with the IRS Cycle 3 remedial restatement period.

Effective January 1, 2021, the Plan was amended and restated to remove part-time/temporary/seasonal employees whose regularly scheduled service is less than 1,000 hours of service as excluded employees.

In September 2021, the Plan was retroactively amended as follows (see also Note J):

1) Effective January 1, 2019, to remove Dermatology & Mohs Surgery, LLC as a participating employer. This retroactive amendment also added Douglas Dermatology & Skin Center Specialist, Howard Fein, MD Inc., Lupo Center for Aesthetics & General Dermatology LLC, North Pacific Dermatology PS, Semler Dermatology, and Vanguard Dermatology as participating employers.
2) Effective December 1, 2019, to allow Family Dermatology to adopt the Plan as a participating employer, and to waive the service requirement and provide a one-time special entry date of December 1, 2019, for employees of Family Dermatology who were employed by Family Dermatology on December 1, 2019.
3) Effective December 1, 2019, to allow Washington Institute of Dermatologic Laser Surgery to adopt the Plan as a participating employer, and to waive the service requirement and provide a one-time special entry date of September 1, 2020, for employees of Washington Institute of Dermatologic Laser Surgery who were employed by Washington Institute of Dermatologic Laser Surgery on the acquisition date. In December 2021, assets totaling approximately $1,000,000 were transferred from the Washington Institute of Dermat 401(k) Profit Sharing Plan & Trust.

Effective January 1, 2022, the Plan was amended to allow The Parker Skin & Aesthetic Clinic, LA Dermatology, LLC and Gateway PhyNet, LLC to adopt the Plan as participating employer.

Effective September 1, 2022, the Plan was amended to not apply the Code section 410(b)(6)(C) exclusion set forth in the Plan document.

Note A
Description of Plan (Continued)

Effective September 7, 2022, to allow Dermatology & Mohs Surgery Institute, LLC to adopt the Plan as a participating employer, and to waive the service requirement and provide a one-time special entry date of September 7, 2022 for employees of Dermatology & Mohs Surgery LLC.

Contributions:

Participants may contribute up to 100% of pretax annual compensation up to IRS limits, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for participants to make Roth elective contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective March 1, 2019, once an employee is eligible to participate, the Company will automatically defer 2% of the employee's eligible compensation to the Plan as a pre-tax contribution. The automatic deferral rate increases each year by 2% up to a maximum of 10%. Eligible employees may complete a salary deferral agreement to select an alternative deferral amount or to elect not to defer under the Plan.

The Company may make a discretionary matching contribution at the discretion of the Company's owners. Additional, nonelective profit sharing may be contributed by the Company. No discretionary matching or nonelective profit sharing contributions were made during the year ended December 31, 2022.

Contributions are subject to certain statutory limitations.

Participant Accounts:

Each participant's account is credited with the participant's contributions, and allocations of (a) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participant's voluntary contributions and any safe harbor contributions are always 100% vested as well as the earnings on those accounts. Vesting in the Company's discretionary matching contribution accounts and profit sharing contribution accounts are based on years of service with the Company. A participant is fully vested after five years of service or the reaching of the normal retirement age.

Note A
Description of Plan (Continued)

Payment of Benefits:

On termination of service due to death, disability, or retirement, a participant or designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may also make a hardship withdrawal from his or her vested accounts in the event of severe financial need (as defined by Internal Revenue Service Regulations). In addition, the Plan allows for in-service distributions for participants who have reached the age of 59 1/2.

Forfeited Accounts:

Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are used to reduce future company contributions or pay plan expenses. Unallocated forfeiture balances as of December 31, 2022, totaled $25,941 ($44,052 at December 31, 2021). For the year ended December 31, 2022, no forfeitures were used.

Notes Receivable from Participants:

Participants may borrow from their account up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable are considered to be a directed investment from the account(s) of the participant maintained under the Plan. As such, all payments of principal and interest made by the participant will be credited only to the account(s) of such participant. Note receivable terms cannot exceed five years unless the note is for the purchase of a primary residence, in which case the loan must be payable within 15 years from the date the participant receives the loan from the Plan. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator.

Note B
Significant Accounting Policies

Basis of Accounting:

The financial statements of the plan are prepared using the accrual basis of accounting.

Note B
Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the note receivable from participant is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments and loans to participants are charged directly to the related participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payments of Benefits:

Benefits are recorded when paid.

Note C
Party-In-Interest Transactions

Newport Trust Company ("Newport Trust") is the trustee for all Plan investments. Newport Group, Inc. ("Newport") is the Plan's administrator and record-keeper; however, the Plan Sponsor retains primary responsibility for administration. The Plan's investments include mutual and money market funds and collective investment funds. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Newport Trust and Newport received $230,644 in direct fees in 2022.

Note D
Information Prepared and Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Newport Trust Company (the trustee of the Plan).

Note E
Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note F
Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note G
Income Tax Status

The non-standardized pre-approved plan sponsor has received an opinion letter dated June 30, 2020, in which the IRS stated that the restated non-standardized pre-approved plan document was in accordance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator timely adopted the restated plan. Although the Plan is in the process of filing a Voluntary Correction Program ("VCP") submission with the IRS (Note K), the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. See Note K in regards to the VCP submission with the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H
Fair Value Measurements

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note H
Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price reported by the fund.

Common collective trusts: The fair value of participation units held in the collective trust funds are based on their net asset values, as reported by the managers of the collective trust funds and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The Putnam Stable Value Fund invests primarily in guaranteed and security-backed investment contracts with life insurance companies, banks, and other financial institutions. Subject to certain restrictions, withdrawals from the common collective trusts are generally permitted daily at NAV. The NAV as provided by the plan custodian, is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$29,266,084	$ -	$ -	$29,266,084
Common collective trusts (a)	-	-	-	828,911
Total	$29,266,084	$ -	$ -	$30,094,995

	December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$31,206,819	$ -	$ -	$31,206,819
Common collective trusts (a)	-	-	-	719,202
Total	$31,206,819	$ -	$ -	$31,926,021

(a) The common collective trusts are measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, these investments have not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note I
Subsequent Events

Effective January 1, 2023, the Plan was amended to exclude Physicians and Physicians owners (as defined in the books and records of the Employer).

Subsequent events have been evaluated through November 9, 2023, which is the date the financial statements were available to be issued.

Note J
Self-Correction Program

The Company retroactively amended the Plan in September 2021 to correct a limited number of isolated operational errors related to participating employers under the IRS's Employee Plans Compliance Resolution System using the Self-Correction Program. This had no impact on the net assets available for benefits.

Note K
Voluntary Correction Program and Nonexempt Transactions

The Company is in the process of filing a Voluntary Correction Program ("VCP") submission with the IRS to address certain Plan failures. The issue to be included in the submission is inclusion of controlled group members in the 2018 nondiscrimination testing. As part of the VCP submission to resolve the nondiscrimination testing failure, the Company intends to make a Qualified Nonelective Contribution ("QNEC") to the non-highly compensated employees (NHCEs) that would bring the Plan into compliance with Code Sections 401(k) and (m). However, it is not possible to reasonably estimate the amount of the QNEC that could be material to the financial statements as of December 31, 2022 and 2021. The Plan administrator does not expect the VCP submission to affect the Plan's tax status.

During the years ended December 31, 2022 and 2021, the Company failed to remit to the Plan's custodian certain participant contributions within the period prescribed by Department of Labor regulations. The Company will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.
