AS OF DECEMBER 31, 2022 AND 2021**

TOGETHER WITH AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
403(b) Thrift Plan of New Star, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(b) Thrift Plan of New Star, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and December 31, 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audit of the Financial Statements-(Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets Held (At End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter Supplemental Schedules Required by ERISA-(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) THRIFT PLAN OF NEW STAR, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(1) DESCRIPTION OF PLAN:

The following description of the 403(b) Thrift Plan of New Star, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The financial statements were available to be issued October 30, 2023, with subsequent events being evaluated through this date.

General -

The Plan is a defined contribution plan covering all employees of the Organization unless they are 1) non-resident aliens or 2) independent contractors. For deferrals, there is no age limit or minimum service time. For matching contributions, employees are eligible that are at least eighteen (18) years of age and have completed one year of service during which they complete at least 1,000 hours of service per year. The Organization currently matches up to 4% of employee yearly contributions.

Contributions -

Participants may contribute up to 100% of pre-tax annual compensation as defined by the Plan limited to the maximum amount allowable under the IRS. Some or all of a participant's contribution may be designated as a Roth contribution. Roth contributions are made on an after-tax basis; however, such contributions will not be taxed at the time of distribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. The Organization contributes to the Plan a matching percentage of 100% of a participant's deferral, up to 4% of qualified compensation, after completion of one year of service. The match is made each payroll period. For the year ended December 31, 2022, the Organization made matching contributions of \$108,139.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and guaranteed interest accounts as investment options for participants. Contributions are subject to certain limitations.

Participant Accounts -

Each participant's account is credited with the participant's elective and, if applicable, rollover contributions and allocations of a) the Organization's contributions and b) Plan earnings and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) DESCRIPTION OF PLAN: (Continued)

Vesting -

Participants are immediately vested in their contributions, plus actual earnings thereon. A participant is also 100% vested immediately from the date of participation in the Organization contributions.

Notes Receivable from Participants -

Loans are available to participants through Mutual of America Life Insurance Company, subject to certain limitations. Plan loans are issued directly from the funds held by Mutual of America Life Insurance company and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's Mutual of America Life Insurance account balance is reserved, or held as collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates charged by commercial lending institutions, as periodically determined by the Plan administrator. Interest rates applicable to all outstanding loans are 3.25%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits -

Participants withdrawing during the year for reasons of minimum required distribution at age 72, disability, retirement, death or termination of employment are entitled to their vested balance.

On termination of service, a participant may elect to receive payments in the form of a lump sum payment, installment payments or direct rollover into an Individual Retirement Account or another qualified plan. If the participant's vested account balance is less than \$1,000, payment is made in a lump sum distribution.

(2) SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) SUMMARY OF ACCOUNTING POLICIES: (Continued)

Payment of Benefits -

Benefits are recorded when paid.

Investment Valuation and Income -

Appreciation or depreciation in the market value of an investment held both at the beginning and end of the year is equal to the difference between the market value at the beginning and end of the year. Appreciation or depreciation in the market value of an investment acquired during the year and held at the end of the year is equal to the difference between the cost and the market value of the investment at the end of the year.

Gain or loss recognized from the disposition of an investment held at the beginning of the year is equal to the difference between the market value of the disposed asset at the beginning of the year and the proceeds from disposition. Gain or loss realized from the disposition of an investment acquired during the year is equal to the difference between the cost and the proceeds from disposition.

Administrative Expenses -

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan. Generally, most Plan expenses are paid by the Organization and are not reflected in the accompanying financial statements.

Reclassification -

Certain prior year amounts have been reclassified to conform to the current year presentation.

(3) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(4) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(4) FAIR VALUE MEASUREMENTS: (Continued)

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Insurance Company General Accounts: The general account is a deposit administration account through an insurance company that is not fully benefit responsive. Interest is credited to the general account using a current rate. The general account is reported at the estimated fair value representing contributions and transfers made to the account, plus earnings, less participant withdrawals and transfer and administrative expenses.

Pooled Separate Accounts: Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments and deducting participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) FAIR VALUE MEASUREMENTS: (Continued)

Level 3: (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Assets at Fair Value as of December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

* The value of the Insurance Company General Accounts at any time will equal contributions and transfers in, plus interest, minus withdrawals and transfers out, and charges that are deducted as specified in the contract.

(5) INFORMATION CERTIFIED BY THE TRUSTEE:

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by Mutual of America Life Insurance Company, which included total investments as of December 31, 2022 and 2021, the total investment income and loss, including net realized and unrealized gains/losses on investments for the year ended December 31, 2022, and all information included in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year).

(6) INCOME TAXES:

Effective October 19, 2005, the Plan adopted a non-standardized form of a prototype plan sponsored by Mutual of America Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status; however, for adopters of the non-standardized version of the plan, such opinion letter cannot be relied upon by the adopting plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

(6) INCOME TAXES: (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2019.

(7) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) PARTY-IN-INTEREST TRANSACTIONS:

As of December 31, 2022 and 2021, \$3,531,927 and \$4,175,940, respectively, of the Plan's investments are shares of pooled separate accounts or guaranteed interest accounts offered by Mutual of America Life Insurance Company or one of its subsidiaries. As Mutual of America Life Insurance Company is the Trustee of the Plan, these investments qualify as party-in-interest investments. Fees were paid by the Plan to Mutual of America Life Insurance Company for investment and recordkeeping services in the amount of \$701 for the year ended December 31, 2022, which qualifies as party-in-interest investment.

Certain employees of the Organization that provide administrative services for the Plan are not reimbursed for their services from the Plan.

(9) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 3,544,398	\$ 4,177,104
Receivables:		
– Employee contributions	(8,120)	(697)
– Employer contributions	<u>(4,351)</u>	<u>(467)</u>
Net assets available for benefits per the Form 5500	<u>\$ 3,531,927</u>	<u>\$ 4,175,940</u>

(9) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500: (Continued)

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2022 to the Form 5500:

	<u>Participant</u>	<u>Employer</u>
Contributions per the financial statements	\$ 213,565	\$ 108,139
Less - Contributions receivable for 2022	(8,120)	(4,351)
Plus - Contributions receivable for 2021	<u>697</u>	<u>467</u>
Contributions per Form 5500	<u>\$ 206,142</u>	<u>\$ 104,255</u>

(10) UNTIMELY CONTRIBUTIONS:

During the year ended December 31, 2022, the Organization failed to timely remit to the Plan's Custodian certain employee contributions totaling \$613. Since these contributions were not deposited within the period prescribed by the Department of Labor's regulations, the Organization owes lost earnings.

As of December 31, 2022, any lost earnings on the late payments have not been corrected.
