Pro Services, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **Pro Services, Inc. 401(K) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and the Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Pro Services, Inc. 401(K) Plan

Notes to Financial Statements

December 31, 2022

Note 1 – Description of the Plan

The following description of the Pro Services, Inc. 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established October 1, 2015 and restated effective October 1, 2022. The Plan is sponsored by Pro Services, Inc. (the “Company”). The Plan covers substantially all employees of the Company who have reached 2 months of service and are not union employees or Pro University Students. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 90% of annual compensation, as defined by the Plan. Participants may designate these deferrals to be pre-tax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes a safe harbor matching contribution equal to 100% of the first 3% of eligible compensation plus 50% of the next 2% of eligible compensation that a participant contributes to the Plan. The Company may make discretionary profit-sharing contributions. The amounts of these discretionary contributions are determined by the Company. All contributions are participant directed and are directed into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, safe harbor matching contributions, and Company discretionary contributions, if any, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

See accompanying independent auditor’s report

Note 1 – Description of the Plan (Continued)

Vesting

Participants are vested immediately in their contributions and the safe harbor matching contributions plus actual earnings thereon. The Company's discretionary profit sharing contributions begin to vest after two years of service at a rate of 20% per year and are fully vested after six years of service. Participant accounts become fully vested in the event of death, total disability, early retirement, and normal retirement while still employed.

Notes Receivable from Participants

Notes receivable from participants are not allowed under the Plan.

Payment of Benefits

On termination of service due to death, disability, separation, or retirement, a participant (or a participant's beneficiary in the event of death) may elect to receive a lump sum amount, annual installments, or partial withdrawals equal to the value of the participant's vested interest in his or her account. In-service distributions and hardship withdrawals, as defined by the Plan, are allowed from all types of contributions.

Forfeited Accounts

These accounts may be used to offset employer contributions. There were no forfeited non-vested accounts at December 31, 2022 and 2021.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

See accompanying independent auditor's report

Pro Services, Inc. 401(K) Plan

Notes to Financial Statements (Continued)

December 31, 2022

Note 2 – Summary of Accounting Policies (Continued)

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan, and of benefit payments are charged directly to the participant's account and are included in administrative expenses. Total administrative expenses paid by the Plan for the year ended December 31, 2022 were approximately \$27,200. Investment related expenses are included in net depreciation in fair value of investments.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued, and determined that no disclosure in these financial statements was necessary.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, other inputs that are observable, or can be corroborated by observable market data.

See accompanying independent auditor's report

Pro Services, Inc. 401(K) Plan

Notes to Financial Statements (Continued)

December 31, 2022

Note 3 – Fair Value Measurements (Continued)

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 2,969,082	\$ -	\$ -	\$ 2,969,082

Note 4 – Information Certified by Reliance Trust Company and Charles Schwab Trust Bank

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee, and Charles Schwab Trust Bank, the former custodian, have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

December 31,	2022	2021
Mutual Funds	\$ 2,969,082	\$ 3,034,802
Common Collective Trust	\$ -	\$ 331,616

Notes to Financial Statements (Continued)

December 31, 2022

Note 5 – Related Party and Party-In-Interest Transactions

For the year ended December 31, 2022, the Plan made a direct payment to ADP, LLC of approximately \$500. ADP is the current recordkeeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan made a direct payment to The Standard of approximately \$26,700. The Standard is the former recordkeeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for additional investment management services are included in net depreciation in fair value of the investment. The Company pays directly any other fees related to the Plan's operations.

Note 6 – Income Tax Status

The IRS has determined and informed ADP, LLC, the Plan's current recordkeeper, by a letter dated October 6, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan/CODA (the prototype plan upon which the Plan is based) is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the opinion letter, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirement of the IRS and, therefore, believes the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Prohibited Transactions

In 2022, the Company failed to remit participant contributions of \$59,973 to the Plan in a timely manner. The Company remitted \$44,227 in 2022 and \$5,996 in January of 2023. The Company is in the process of remitting the remaining contributions of \$9,750 and determining related lost earnings. Management intends to remit the remaining contributions and lost earnings on the total contributions of \$59,973 by November 2023. These transactions constitute prohibited transactions as defined by ERISA. Management intends to file under the Department of Labor's Voluntary Fiduciary Correction Program.
