Foley & Lardner LLP Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Foley & Lardner LLP Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of January 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended January 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 31, 2023 and 2022, and for the year ended January 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of January 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Foley & Lardner LLP Defined Contribution Retirement Plan

Notes to Financial Statements

January 31, 2023 and 2022

1. Description of Plan

The following description of the Foley & Lardner LLP Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Foley & Lardner LLP (the Firm) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 31, 2012, the Foley & Lardner LLP 401(k) Savings Plan was merged into the Foley & Lardner LLP Defined Contribution Retirement Plan. All employees previously enrolled in the Foley & Lardner LLP 401(k) Savings Plan were enrolled into the Foley & Lardner LLP Defined Contribution Retirement Plan. There are separate rules related to the Plan provisions of the Foley & Lardner LLP 401(k) Savings Plan (401(k) Plan Account) and the Foley & Lardner LLP Defined Contribution Retirement Plan (DC Plan Account).

The 401(k) Plan Account portion of the Plan permits eligibility for all employees of the Firm (except summer associates) who have completed three months of service, as defined in the plan document. Entrance into the 401(k) Plan Account may occur on the first of the month following the satisfaction of the eligibility requirements.

The DC Plan Account portion of the Plan permits eligibility for all support staff and all partners who have completed one year of service, as defined in the plan document. Entrance into the DC Plan Account begins on each February 1 or August 1, following the satisfaction of the eligibility requirements.

The Plan Administrative Committee is responsible for oversight of the Plan. The Retirement Plans Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrative Committee.

Contributions

For those eligible for the 401(k) Plan Account, non-highly compensated participants may elect to contribute, in 1% increments, up to 50% of their eligible pre-tax compensation, as defined in the plan document. Highly compensated participants may elect to contribute, in 1% increments, up to 19% of their eligible pre-tax compensation, as defined in the plan document. These contributions are subject to the maximum limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible non-partner employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

Notes to Financial Statements

January 31, 2023 and 2022

For support staff participating in the 401(k) Plan Account, the Firm matches 25% of the first 4% of participant contributions made during the plan year, not to exceed 1% of eligible compensation for eligible participants that are employed as of the last day of the Plan's year end.

For those eligible for the DC Plan Account, the Firm makes an annual contribution to the Plan in an amount equal to 5% of a support staff participant's eligible compensation for the year, as defined by the plan document. The allocation of contributions for partners ranges from \$22,750 to \$43,500 and is based upon formulas tied to participants' compensation, subject to certain IRC limits, and age. The DC Plan Account does not allow for employee contributions.

In accordance with plan design, partners elect their annual contribution amount as of each January 31 which is accrued as a receivable. Participant contributions receivable for the Firm's partners totaled \$10,988,196 and \$9,654,023 as of January 31, 2023 and 2022, respectively. Additionally, in accordance with plan design, the Firm's contributions are accrued each year as a receivable. The Firm's contributions receivable totaled \$24,745,210 and \$23,143,181 as of January 31, 2023 and 2022, respectively.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of all contributions into either separate brokerage accounts or various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Firm's contribution under the 401(k) Plan Account and DC Plan Account defined above, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their contributions and the Firm's contributions plus actual earnings thereon for the 401(k) Plan Account balances. Vesting of Firm contributions in the DC Plan Account is based on years of credited service as defined by the plan document. A participant is 100% vested after three years of credited service, or if the participant's service date is on or after attainment of the normal retirement age or as a result of death. Upon severance, the nonvested portion of a participant's account is forfeited. If the participant is re-employed by the Firm, in any capacity, prior to incurring a period of severance of 72 consecutive months in duration, then any amount forfeited pursuant to this section shall be reinstated to the participant's account from forfeitures for the plan year in which such reemployment occurs or, if such forfeitures are not sufficient, from a special contribution by the Firm.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their 401(k) Plan Account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25% at January 31, 2023. All loans shall bear interest at a fixed rate commensurate with the rate that would be charged by commercial lenders for similar loans in accordance with the Department of Labor as determined by the plan administrator from time to time. Unless determined otherwise, the rate shall be the prime rate reported in The Wall Street Journal plus 1%. Terms range from one to five years or up to 10 years for the purchase of a primary residence. Principal and interest is paid ratably through bimonthly or monthly payroll deductions and are due within 90 days upon termination.

Payment of Benefits

Upon termination of service due to death, retirement, or other termination, a participant may elect to receive the value of the participant's vested interest in their account in either a lump-sum payment or monthly installment payments, with one exception. If a participant's account does not exceed \$5,000 upon termination, then the vested balance will be distributed in a lump-sum payment. Upon attainment of age 59 1/2, a participant may withdraw any portion of their vested account balance attributed to participant contributions. If a participant incurs a substantial hardship, the participant may withdraw from his or her account an amount not to exceed the lesser of accumulated participant contributions or the amount of the hardship, after they have maximized all other distributions and loans allowed under the Plan.

Forfeited Accounts

As of January 31, 2023 and 2022, forfeited nonvested accounts totaled \$205,918 and \$90,953, respectively. These accounts will be used to reduce Firm contributions into the trust in the subsequent plan year and are netted against Firm contributions receivable as of January 31, 2023 and 2022. During the year ended January 31, 2023, Firm contributions received by the trust were reduced by \$85,813 from forfeited nonvested accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Foley & Lardner LLP Defined Contribution Retirement Plan

Notes to Financial Statements

January 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the Retirement Plans Committee, investment advisors, and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of January 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to withdrawing participants and approved for payment prior to the Plan's year-end, but not yet paid as of that date, totaled \$272,162 and \$1,510,400 as of January 31, 2023 and 2022, respectively.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants, issuance of certain benefit payments, and custodial services for brokerage accounts are charged directly to the participant's account and are included in administrative expenses. Investment and recordkeeping related expenses are allocated to participant accounts and are included in administrative expenses.

Subsequent Events

Subsequent events were evaluated through November 8, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Notes to Financial Statements

January 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2023 and 2022.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisers reserve the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts include mutual funds, corporate stocks, and exchange traded funds which are valued at the closing price reported on the active market on which the individual securities are traded. The self-directed brokerage accounts also include money market funds and various government and corporate bonds which are valued at the quoted NAV of shares held by the Plan at year-end or through pricing models maximizing the use of observable inputs for similar investments.

The pooled separate account is valued based upon the unit values of the pooled account held by the Plan at year-end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate account consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of the pooled account, there are no unfunded commitments or redemption restrictions.

The money market fund is valued at the quoted NAV of shares held by the Plan at year-end.

Life insurance is valued at the cash surrender value, which approximates fair value, as reported by the insurance carrier.

Total investments at fair value	\$1,273,271,349	\$117,331,884	\$ -	\$1,421,520,065

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Noninterest-bearing cash balances totaling \$16,586,724 as of January 31, 2022 were previously included within the self-directed brokerage accounts line of the fair value hierarchy table, but have been reclassified from investments to cash on the statement of net assets available for benefits to conform with the current year presentation and accordingly have been removed from the fair value hierarchy table above.

Investments Measured using NAV per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of January 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

January 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust funds	\$494,426,829	N/A	Daily	None

January 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust fund	\$ 30,916,832	N/A	Daily	None

4. Concentrations

As of January 31, 2023 and 2022, the Plan had investments of approximately \$152,984,000 and \$163,858,000, respectively, that were concentrated in one fund.

5. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by affiliates of Charles Schwab Trust Bank, the trustee of the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services provided by the affiliates of the trustee amounted to \$445,633 for the year ended January 31, 2023. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by employees of the Firm. No such officer or employee receives compensation from the Plan.

Foley & Lardner LLP Defined Contribution Retirement Plan

Notes to Financial Statements

January 31, 2023 and 2022

6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the Firm by a letter dated September 21, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of January 31, 2023 and 2022, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of January 31, 2023, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended January 31, 2023.
