Independent Auditors' Report

To the Participants and Plan Administrator of
Oregon Healthcare Resources Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Oregon Healthcare Resources Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2023 and December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 to February 28, 2023 and for the year the ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 28, 2023 and December 31, 2022 and 2021 and for the period from January 1, 2023 to February 28, 2023 and for the year the ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, effective February 28, 2023, the Plan was merged into the UnitedHealth Group 401(k) Savings Plan and OptumCare Retirement 401(k) Plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Oregon Healthcare Resources Employee Savings Plan

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 1 - Description of the Plan

The following description of the Oregon Healthcare Resources Employee Savings Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan sponsored by Optum Oregon MSO, LLC (“the Company”) and was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Employees who were age eighteen or older and who had completed 30 days of service were eligible to make elective deferrals and receive employer safe harbor matching and employer additional discretionary matching contributions under the Plan.

The UnitedHealth Group Employee Benefits Plans Administrative Committee (“Plan Administrator”) was responsible for oversight of the Plan. The UnitedHealth Group Employee Benefits Plans Investment Committee (“Investment Committee”) determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Prior to January 1, 2022, Charles Schwab was the trustee of the Plan (“the former Trustee”).

Effective January 1, 2022, the recordkeeper and trustee functions were transferred to Fidelity Management Trust Company (“the Trustee”).

A majority of the Plan's investments were held in the UnitedHealth Group 401(k) Savings Plan Master Trust (“Master Trust”) effective January 1, 2022. The Master Trust is administered by the Trustee. The Master Trust includes certain assets of the Plan and assets of other defined contribution plans of the affiliates of UnitedHealth Group Incorporated (“Participating Plans”) in a single trust. Each Participating Plan has an interest in specific assets of the Master Trust based on participant account balances.

Effective January 1, 2022, the Plan was restated on an individually designed Plan document.

Effective January 1, 2023, the Plan was frozen to new participation and all future contributions.

Effective February 28, 2023, the Plan was merged into the UnitedHealth Group 401(k) Savings Plan and OptumCare Retirement 401(k) Plan.

Contributions

Prior to the Plan being frozen, participants could contribute an amount up to the maximum dollar amount permissible under the Internal Revenue Code (“the Code”). The Plan allowed participants to contribute up to 100% of their eligible pay. Participant contributions included pre-tax deferrals and Roth deferrals. In addition, the Plan allowed participants to make rollover contributions. Eligible employees were automatically enrolled in the Plan as soon as administratively feasible following thirty days after the participant's entry date under the Plan at an employee pre-tax contribution rate of 3% of their eligible pay, unless they declined to participate within a prescribed time limit, or they elected a different pre-tax and/or Roth contribution rate. Participants who had attained age 50 before the end of the plan year could make additional catch-up contributions, subject to limitations imposed by the Code.

Oregon Healthcare Resources Employee Savings Plan

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 1 - Description of the Plan (cont.)

Prior to the Plan being frozen, the Company made a safe harbor matching contribution equal to 100% of deferral contributions made by the participant up to 3% of eligible compensation, plus an additional 50% on the next 2% of eligible compensation for a maximum contribution of 4% as defined in the Plan document. Participants became eligible for the Company safe harbor matching contribution at the same time they were eligible for elective deferrals.

Prior to the Plan being frozen, the Company could make an additional discretionary matching contribution or a discretionary profit-sharing contribution for each plan year, in an amount determined by the Company. Employees who had completed 12 months of service, completed at least 1,000 hours of service, were age eighteen or older, and were employed on the last day of the plan year were eligible for profit-sharing contributions. No discretionary contributions were made for the period from January 1, 2023 to February 28, 2023, or for the year ended December 31, 2022.

Participant Accounts

Each participant's account was credited with the participant's deferral contributions, rollover contributions, the Company's safe harbor matching contributions, discretionary matching and profit-sharing contributions, if any, and Plan earnings or losses (net of administrative expenses). Allocations were based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled was the benefit that can be provided from the participant's vested account.

Investments Classification

All investments were participant directed. The Plan was intended to comply with ERISA section 404(c). Participants had the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them.

Vesting

Prior to the Plan being frozen, participants were immediately vested in their salary deferral contributions, rollover contributions, employer safe harbor matching contributions, and earnings thereon. Employer discretionary matching and profit-sharing contributions, if any, vested in accordance with provisions of the Plan as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the vesting schedule above, employer discretionary matching and profit-sharing contributions, if any, would become fully vested (100%) upon the occurrence of any of the following events while the participant is employed by the Company: death, attainment of normal retirement age (age 62), disability, partial plan termination with respect to the participant, or complete discontinuance of contributions or termination of the Plan.

Participants became 100% vested in all contributions when the Plan was frozen.

Oregon Healthcare Resources Employee Savings Plan

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of February 28, 2023, and December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0, \$7,490 and \$21,868, respectively. Forfeitures could be used to reduce future employer contributions or to pay certain administrative expenses. For the period from January 1, 2023 to February 28, 2023 and during the year ended December 31, 2022, certain administrative expenses were reduced by \$6,163 and \$52,979, respectively, from forfeiture accounts.

Payment of Benefits

Benefits could be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment as defined in the Plan document. The total vested portion of a participant's account balance was distributed in the form of a lump-sum payment or annuity. Participants experiencing financial hardship could withdraw a portion of their account balance as defined in the Plan document. However, if a participant's account balance was valued at or less than \$1,000, it was distributed as soon as administratively practicable, without an application for distribution, in cash as a direct distribution to the participant. If the vested account balance exceeded \$1,000 but was less than \$5,000, the balance would be rolled over into an Individual Retirement Account (IRA) designated by the Company unless the participant requested that the amount be rolled over into another IRA or retirement plan.

There were no amounts owed to participants who had elected to withdraw from the Plan, but had not been paid as of February 28, 2023, December 31, 2022 and 2021.

Notes Receivable from Participants

Prior to February 28, 2023, participants could borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (subject to reduction for certain loan balances in the prior 12 months) or 50% of their vested account balances. These loans were secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at origination as determined by the Company. The maximum term for a loan was 5 years, except if the loan was used to acquire the participant's principal residence, in which case the term of the loan could not exceed 15 years. Principal and interest were paid ratably through payroll deductions. Participants were permitted to have one outstanding loan at a time.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's and Master Trust's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in Master Trust investment income (loss) and net appreciation (depreciation) in fair value of investments include the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of February 28, 2023, December 31, 2022, or 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the Plan's interest in Master Trust investment income (loss) and net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through November 9, 2023, the date the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023, 2022 and 2021. Accordingly, the Trustee and the former Trustee have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of February 28, 2023, and December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 and the related investment activity and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the period from January 1, 2023 to February 28, 2023, and for the year ended December 31, 2022.

NOTE 4 – Plan’s Interest in Master Trust

The investments held in the Master Trust represent the participant-directed investments of the Participating Plans. Each Participating Plan has a divided interest in specific investment assets held in the Master Trust. The value of each Participating Plan’s interest in the Master Trust is based on the beginning of the year value of each plan’s interest in the Master Trust balance plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Investment income and administrative expenses relating to the Master Trust are allocated to each Participating Plan based upon each plan’s relative interest in the assets held in the Master Trust.

The following table presents the net assets of the Master Trust and the Plan’s interest as of December 31, 2022. The Plan held no investments as of February 28, 2023.

NOTE 5 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan or Master Trust can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 5 - Fair Value of Financial Instruments (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Cash and cash equivalents: The carrying value of the cash and cash equivalents approximates fair value as maturities are less than three months.

Common collective trusts: Valued at the net asset value (“NAV”) of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stock: Valued at the closing price reported on the active markets on which the individual securities are traded.

Debt securities: Fair value of debt securities are based on quoted market prices, where available. A price is obtained for each security primarily from a third-party pricing service (“pricing service”), which generally uses quoted or other observable inputs for the determination of fair value. The pricing service normally derives the security prices through recently reported trades for identical or similar securities, and, if necessary, makes adjustments through the reporting date based upon available observable market information. For securities not actively traded, the pricing service may use quoted market prices of comparable instruments or discounted cash flow analyses, incorporating inputs that are currently observable in the markets for similar securities. Inputs that are often used in the valuation methodologies include, but are not limited to, benchmark yields, credit spreads, default rates, prepayment speeds, and nonbinding broker quotes.

Fair values of debt securities that do not trade on a regular basis in active markets but are priced using other observable inputs are classified as Level 2.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: The self-directed brokerage account allows participants the opportunity to invest in a wide array of individual securities including stocks, corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities and U.S. government agency bonds, certificates of deposit, unit investment trusts, foreign securities, exchange-traded funds, and mutual funds, which are primarily valued using the methodologies described above for the Master Trust’s investments in similar securities.

The following tables set forth by level within the fair value hierarchy a summary of the Plan’s interest in the Master Trust and Plan’s investments measured at fair value on a recurring basis at December 31, 2022 and 2021. The Plan held no investments as of February 28, 2023.

- (1) The fair value of investments is based on the fair values of the underlying investments in the funds.
- (2) Certain events may cause funds held in the common collective trusts to be deferred, including, but not limited to, the following:
- (i) Closing or disruption of the financial markets or exchanges in which a transaction is unable to be settled prudently.
 - (ii) An emergency situation in which the disposition of assets would be seriously prejudicial to Plan participants.
 - (iii) Breakdown in the means of communication normally employed to determine fair market value of an investment.
 - (iv) Investments cannot be effected at normal rates of exchange.
- None of these events occurred in 2022 or 2021.
- (3) Certain common collective trusts require redemption notice periods for plan withdrawals at the discretion of the investment advisor.
- (4) Certain common collective trusts require redemption notice periods for participant withdrawals at the discretion of the investment advisor.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 6 - Fully Benefit-Responsive Investment Contracts

The Master Trust provides a stable value investment fund to participants that is comprised of a separate account guaranteed investment contract and four security-backed investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Master Trust.

	<u>2022</u>
Security-backed investment contracts	\$ 892,422,168
Separate account guaranteed investment contract	<u>233,340,784</u>
Total Master Trust stable value investment fund	<u>\$ 1,125,762,952</u>
Plan's interest in Master Trust stable value investment fund	<u>\$ 4,777,524</u>

Security-backed investment contracts and separate account guaranteed investment contracts are issued by insurance companies or other financial institutions, backed by a portfolio of fixed income funds and pooled separate accounts. The portfolio is either owned directly by 1) the Master Trust (security-backed investment contract) or 2) owned by the contract issuer and segregated in a separate account for the benefit of the Master Trust (separate account guaranteed investment contract). The issuer guarantees that all qualified participant withdrawals will be at contract value and that the crediting rate applied will not be less than 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Master Trust through adjustments to future contract crediting rates. Crediting rates are typically reset quarterly to account for the difference between the contract value and the fair value of the underlying portfolio.

Risks arise when entering into any investment contract due to the potential inability of the issuer to meet the terms of the contract. In addition, security-backed investment contracts and separate account guaranteed investment contracts have the risk of default or lack of liquidity of the underlying portfolio assets. The credit risk of each issuer is evaluated and monitored through the portfolio manager's credit analysis. The credit analysis includes, but is not limited to, asset quality and liquidity, management quality, surplus adequacy, and profitability. The Master Trust requires that the issuers of each contract have a minimum quality rating as of the contract effective date and that all underlying portfolio assets be rated investment grade at the time of purchase.

Security-backed investment contracts and separate account guaranteed investment contracts generally are automatically renewing contracts that contain termination provisions, allowing the Master Trust or the contract issuer to terminate with notice, at any time, at fair value, and providing for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The issuer is obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero.

In addition, if the Master Trust defaults on its obligations under the contract (including the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined by ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the Master Trust will receive the fair value as of the date of termination.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 6 - Fully Benefit-Responsive Investment Contracts (cont.)

Each contract recognizes certain “events of default” which can invalidate the contract’s coverage. Among these are investments outside of the range of instruments which are permitted under the investment guidelines contained in the investment contract, fraudulent or other material misrepresentations made to the issuer, changes in control of the investment advisor not approved by the contract issuer, changes in certain key regulatory requirements, or failure of the Master Trust to be tax qualified.

Certain events might limit the ability of the Master Trust to transact at contract value with the contract issuer. Withdrawals associated with these events, which are not in the ordinary course of the Master Trust operations, are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. These events may be different under each contract. Examples of such events include the following:

- Material amendments to the Master Trust’s structure of administration;
- Failure of the Master Trust to qualify under Section 401(a) of the Code or the failure of the Master Trust to be tax-exempt under Section 501(a) of the Code;
- Premature termination of the contracts;
- Complete or partial termination of the Master Trust, including a merger within another plan;
- Redemption of all or a portion of the interests in the Master Trust at the direction of the Company, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the Master Trust (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit or affiliate, or the Company’s establishment of another tax qualified defined contribution plan;
- Changes to the Master Trust’s prohibition on competing investment options; and
- Bankruptcy of the Company or other company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Master Trust’s normal operations.

No events are probable of occurring that might limit the ability of the Master Trust to transact at contract value with the contract issuers and that also would limit the ability of the Master Trust to transact at contract value with the participants.

NOTE 7 - Related Party and Party-in-interest Transactions

Certain of the Plan’s investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in fair value of investments. Additionally, the Plan issued loans to participants, which are secured by the participant’s account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2023 and December 31, 2022 and 2021, and for the Period from January 1, 2023 to February 28, 2023 and for the Year Ended December 31, 2022

NOTE 8 - Tax Status

Prior to January 1, 2022, the Internal Revenue Service (IRS) had determined and informed the Company by letter dated December 13, 2016 that the Plan was designed in accordance with applicable sections of the Code. The Plan was restated on an individually designed plan document effective January 1, 2022. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore believe the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Master Trust and the Plan invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021, the Plan had investments of \$27,729,485 concentrated in two investments that accounted for more than 10% of plan investments.
