## Independent Auditor's Report

To the Plan Administrator  
Hill Technical Solutions, LLC 401(k) Plan  
Huntsville, Alabama

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hill Technical Solutions, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Notes to the Financial Statements**  
**December 31, 2022 and 2021**

---

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the Hill Technical Solutions, LLC Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

*General* – The Plan Sponsor, Hill Technical Solutions, LLC (“Company”), established the Plan effective as of December 20, 2011. The Plan, as amended, is a defined contribution plan covering all employees of the Company, with certain exceptions for leased employees, nonresident aliens, union employees, residents of Puerto Rico, and part time employees working less than thirty hours per week, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Plan Merger* – Effective December 30, 2022, Plan Management of Hill Technical Solutions, LLC approved the merger of this Plan into the Valkyrie Enterprises 401(k) Plan. As a result of Hill Technical Solutions, LLC merging with Valkyrie Enterprises, Inc., all assets were transferred from the Plan into a new plan on that date.

*Contributions* – Participants may make salary – deferred contributions to the Plan up to 100% of their annual compensation, not to exceed the annual limits imposed by the Internal Revenue Service (IRS). Participants may elect to make all pre-tax deferrals, all Roth deferrals, or a combination of deferrals each pay period. Contributions from employees are recorded and remitted in the period in which the Company makes the deductions from the participants’ payroll. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. The Company contributes a safe-harbor contribution to the Plan on behalf of each participant in an amount equal to 5% of the participant’s regular pretax annual compensation. The Company may also contribute a discretionary profit-sharing contribution to the Plan in an amount equal to a percentage of the participant’s regular pretax annual compensation. During the year ended December 31, 2022, the Company did not make a discretionary profit-sharing contribution.

*Participant Accounts* – Each participant’s account is credited with the participant’s contributions and Company safe-harbor contributions, as well as allocations of the Company’s discretionary profit-sharing contributions and Plan earnings, and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

*Vesting* – Participants are immediately vested in their contributions and employer safe-harbor contributions plus actual earnings thereon. Vesting in the Company’s discretionary profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

**Hill Technical Solutions, LLC 401(k) Plan**  
**Notes to the Financial Statements**  
**December 31, 2022 and 2021**

---

*Notes Receivable from Participants* – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or one-half of their vested account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. The maximum number of Plan loans that a participant may have outstanding at any one time is four. Note terms may generally not exceed 5 years. Repayments of the amount of such loan shall be credited directly to such borrower's account in a manner consistent with the borrower's current investment elections.

*Payment of Benefits* – On termination of service due to death, disability, retirement or other reasons, a participant with a vested balance equal to or less than \$5,000 may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant with a vested balance exceeding \$5,000 may elect to receive a lump-sum distribution or direct rollover. In addition, distributions to participants on account of financial hardship may be made in certain circumstances limited under the terms of the Plan.

*Forfeitures* – The nonvested portion of a terminated employee's account balance shall be forfeited. Forfeitures may be used to pay plan expense or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$- and \$33,681, respectively. During the year ended December 31, 2022, there were no forfeitures used.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting* – The financial statements of the Plan are prepared on the accrual method of accounting.

*Use of Estimates* – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition* – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Hill Technical Solutions, LLC 401(k) Plan**  
**Notes to the Financial Statements**  
**December 31, 2022 and 2021**

---

*Notes Receivable from Participants* – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

*Payments of Benefits* – Benefits are recorded when paid.

*Administrative Expenses* – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

*Subsequent Events* – The Plan has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.

**NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee and custodian, except for comparing such information certified by the trustee and custodian to information included in the Plan's financial statements and supplemental schedule.

	<b>December 31, <u>2022</u></b>	<b>December 31, <u>2021</u></b>
Investments	\$ -	\$ 14,853,673
Notes Receivable from Participants	-	81,478

All of the investments, notes receivable from participants, net depreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants, and the schedule of assets (held at year end) in this Plan were certified by Fidelity Management Trust Company as of December 31, 2022. During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$3,661,359.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

**Hill Technical Solutions, LLC 401(k) Plan**  
**Notes to the Financial Statements**  
**December 31, 2022 and 2021**

---

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2022 and 2021.

*Money Market Funds:* Valued at the daily closing price as reported by the fund.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These funds will settle within industry standard settlement periods and there are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total assets at fair value	<u>\$ 14,853,673</u>	<u>\$ 14,853,673</u>	<u>\$ -</u>	<u>\$ -</u>

**NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS**

During 2022 and 2021, certain Plan investments were shares of funds managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as parties in interest to the Plan. Fees of \$42,384 were paid to Fidelity Management Trust Company by the Plan during the year ended December 31, 2022.

**NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the Employer will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

**NOTE 7 – TAX STATUS**

The Plan has adopted a volume submitter plan sponsored by Fidelity Management Trust Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

**Hill Technical Solutions, LLC 401(k) Plan**  
**Notes to the Financial Statements**  
**December 31, 2022 and 2021**

---

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 8 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation between the amounts reported within the financial statements and the Form 5500 as of December 31, 2022 and 2021.

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ -	\$ 16,270,949
Less contributions receivable per the financial statements	<u>-</u>	<u>(1,335,798)</u>
Net assets available for benefits per the Form 5500	<u>\$ -</u>	<u>\$ 14,935,151</u>
		<u>2022</u>
