INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator
WestMass ElderCare, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the WestMass ElderCare, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 3, 2023 and June 30, 2022, and the related statement of changes in net assets available for benefits for the period July, 1 2022 to January 3, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of January 3, 2023 and June 30, 2022, and for the period July 1, 2022 to January 3, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

WESTMASS ELDERCARE, INC. RETIREMENT PLAN

Notes to Financial Statements

January 3, 2023 and June 30, 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of WestMass ElderCare, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and related amendments for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of WestMass ElderCare, Inc. (“Organization” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). See Note 7 regarding the merger of the plan into another Employer plan.

Contributions

On an annual basis, the Organization may make a profit-sharing contribution to the Plan. The amount may vary from year to year and may not be made in some years. Profit sharing contributions are allocated among participants eligible to share in the contributions based on a participant’s points divided by the total points of all participants. Points are computed based on participants’ years of service and compensation. Employees who are 21 years of age or older, have completed one year of service, worked over 1,000 hours and are employed by the Organization on the last day of the Plan year are eligible to share in the profit-sharing contribution for the year.

Participants may also make rollover contributions representing distributions from other eligible plans.

Participant Accounts

Participant accounts are credited with the allocations of the Organization’s profit-sharing contributions and investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

The Plan trustee is responsible for the investment of assets held by the Plan. All investments are nonparticipant-directed.

Vesting

Vesting in the Organization’s profit-sharing contributions is based on years of continuous service. After the second year of credited service, participants vest 20 percent per year and are 100 percent vested after six years of credited service. Participants are 100 percent vested in their profit-sharing contributions if they are employed on or after normal retirement age or if they die or become disabled. Participants are immediately vested in their rollover accounts, plus actual earnings thereon.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

All distributions from the Plan will be made in a single lump-sum payment. Participants must consent to the distribution before it is made if the vested account balance exceeds \$1,000. Distributions may be delayed for vested account balances that do not exceed \$1,000. Distributions for terminated participants and in-service withdrawals are allowable to participants who qualify under certain conditions.

Forfeitures

At January 3, 2023 and June 30, 2022, there were no forfeited non-vested accounts. Forfeited accounts, if any, may be used to reduce future Employer contributions and pay for administrative expenses. During the period July 1, 2022 to January 3, 2023, no forfeitures were utilized to reduce Employer contributions or administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies, utilizing information provided by Brighthouse Life Insurance Company ("Brighthouse"). See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through November 14, 2023, the date the financial statements were available to be issued.

NOTE 3 – GROUP ANNUITY CONTRACT

The Plan has a benefit-responsive guaranteed investment contract with Brighthouse totaling \$795,387 at June 30, 2022. Brighthouse maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a periodic basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully-benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transaction under the terms of the Plan. Contract value, as reported to the Plan by Brighthouse, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, 5) premature termination of the contract. The Plan administrator does not believe that any events are probable of occurring which might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, 4) a material amendment to the agreement without the consent of the issuer.

NOTE 4 – FAIR VALUE MEASUREMENTS

The investments measured at fair value consist solely of pooled separate accounts. The fair value of these plan investments are based on the net asset value ("NAV") per share (or its equivalent) as a practical expedient.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Unit value calculated based on the observable NAV of the underlying investments.

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2022:

Description	2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 1,786,094	None	Daily	No restrictions

NOTE 5 – CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements, including investments held at June 30, 2022, and net appreciation in fair value of investments and interest income for the period July 1, 2022 to January 3, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Brighthouse.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Substantially all the costs and expenses incurred in connection with the operation of the Plan are paid by the Organization. Certain Plan investments are managed by Brighthouse. Brighthouse is the custodian of the Plan's assets therefore these transactions qualify as party-in-interest transactions. The remaining costs and expenses incurred in connection with the operation of the Plan are paid by the Organization.

NOTE 7 – PLAN TERMINATION

The Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. On February 7, 2022, the Board of the Organization voted to merge this Plan with and into the WestMass Eldercare, Inc. Tax Shelter Retirement Plan ("Tax Shelter Plan") as of January 3, 2023, with the Tax Shelter Plan being the surviving plan. As a result, on January 3, 2023, \$2,320,904 was transferred from the Plan to the Tax Shelter Plan.

NOTE 8 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
