INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Southeast Mississippi Rural Health Initiative, Inc.
Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Southeast Mississippi Rural Health Initiative, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of January 31, 2023 and 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended January 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Southeast Mississippi Rural Health Initiative, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 31, 2023 and 2022, and for the year ended January 31, 2023 stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southeast Mississippi Rural Health Initiative, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeast Mississippi Rural Health Initiative, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southeast Mississippi Rural Health Initiative, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeast Mississippi Rural Health Initiative, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JANUARY 31, 2023 AND 2022

A. DESCRIPTION OF PLAN

The Southeast Mississippi Rural Health Initiative, Inc. Retirement Plan ("The Plan") was implemented effective February 1, 1994. The Plan was amended and restated effective February 1, 2020. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General* – Employees become eligible immediately to participate in the Plan and to make elective deferrals. An employee shall be eligible for employer contributions upon the earlier of the completion of 12 months of employment with the employer or the completion of 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Contributions* – Participating employees may defer up to the maximum allowable contribution under the Internal Revenue Code for each year. The Company, at its sole discretion, will match a percentage of each employee's deferred income not to exceed 4.0% of each employee's compensation provided the employee has agreed to make elective deferrals at a rate equal to at least 1% of compensation. For the years ended January 31, 2023 and 2022, the Company elected to contribute 100% of each employee's deferred income up to 4.0% of each employee's compensation. The Company may also make a discretionary contribution to the Plan. No discretionary contributions were made for the years ended January 31, 2023 and 2022. The discretionary contributions are allocated to the account of each employee who is eligible for employer contributions based on a percentage of that employee's compensation.
3. *Participant Accounts* – Each participant's account is credited with the participant's contributions, the employer's matching and discretionary contributions, and an allocation of Plan earnings and administration expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. The participant accounts are valued daily.
4. *Investment Options* – Upon enrollment in the Plan, a participant may direct employer and employee contributions into several investment options ranging from fixed income to more aggressive funds. Participants may change their investment options daily. New contributions are no longer allowed to be directed to investments offered by American Funds or Invesco Trust Company.

A. DESCRIPTION OF PLAN – CONTINUED

5. *Notes Receivable from Participants* – Loans are available to participants through Invesco, a custodian of the Plan's assets. Participants can borrow up to the lesser of 50% of their account balance or \$50,000. The loan's interest rate will be equivalent to the federal prime rate on the date of the loan's approval. No loans were outstanding at January 31, 2023 and 2022.

Loans are also available to participants, subject to certain limitations, through The Variable Annuity Life Insurance Company (VALIC), one of the custodians of the Plan assets. Policy loans are issued directly from funds owned by VALIC. A portion of a participant's VALIC account balance is held in a fixed account as collateral to cover the outstanding loan amount. At January 31, 2023 and 2022, participants had outstanding loan balances due to VALIC of \$306,670 and \$287,873, respectively. The Employee Benefit Security Administration (EBSA) has expressed concern that the pledging of collateral of a participant's balance could be considered a prohibited transaction; however, formal guidance has yet to be issued by EBSA.

6. *Vesting* – Participants are immediately vested in their voluntary contributions plus earnings thereon. Effective with the Plan year beginning February 1, 2016, a participant is 100% vested immediately in Company contributions.
7. *Forfeitures* – Forfeitures attributable to matching and discretionary contributions are used to reduce future Company contributions. Forfeitures totaled \$0 at January 31, 2023 and 2022. No forfeitures were used to reduce employer contributions for the year ended January 31, 2023.
8. *Payment of Benefits* – On termination of service due to death, permanent disability, retirement, or other reasons, a participant may elect to receive the value of the vested interest in his account as a lump-sum payment, periodic payments over a specified period, or a joint and survivor annuity.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the modified cash basis of accounting. Consequently, contributions are recognized when received and certain expenses are recognized when paid. Other receivables, payables, and accrued income and expenses, which may be material in amount, are not reflected in these financial statements.

RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED
FOR THE YEARS ENDED JANUARY 31, 2023 AND 2022

B. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Valuation of Investments – The Plan's investments are stated at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Accounting Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Administrative expenses include an annual asset-based fee for those participants who choose the Guided Portfolio Services. Other participants are charged a quarterly administrative fee.

C. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

For the years ended January 31, 2023 and 2022, the plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the investments held by The Variable Annuity Life Insurance Company. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

	<u>2023</u>	<u>2022</u>
Registered separate accounts	\$ 7,284,152	\$ 7,524,612
Fixed annuity contracts	3,540,246	3,696,246

For the year ended January 31, 2023, VALIC also certified net depreciation in fair value of investments of \$693,174 and interest income of \$80,159.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

D. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

SOUTHEAST MISSISSIPPI RURAL HEALTH INITIATIVE, INC.
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED
FOR THE YEARS ENDED JANUARY 31, 2023 AND 2022

D. FAIR VALUE MEASUREMENTS – CONTINUED

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used for investments for which Level 1 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values (NAV) of the shares held by the Plan at year end. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The registered separate accounts are held in The Variable Annuity Life Insurance Company variable accounts and are valued at net asset value based on the market value of the underlying investments. The net asset value is not a publicly quoted price in an active market. These registered separate accounts are redeemable daily, and there are no restrictions on redemptions or unfunded commitments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of January 31, 2023 and 2022:

<u>January 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

D. FAIR VALUE MEASUREMENTS – CONTINUED

Gains and losses included in changes in net assets available for benefits for the year ended January 31, 2023 are reported in net depreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended January 31, 2023, there were no transfers into or out of Level 3.

E. FIXED ANNUITY CONTRACTS WITH INSURANCE COMPANY

The Plan holds benefit responsive fixed annuity contracts with The Variable Annuity Life Insurance Company. The company maintains the Plan's contributions in its general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by The Variable Annuity Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract value of the investment contracts with The Variable Annuity Life Insurance Company was \$3,540,246 and \$3,696,246 as of January 31, 2023 and 2022, respectively. The average yield and crediting interest rates ranged from approximately 1.0% to 3.5% for 2023 and 2022. The crediting interest rate is based on a formula agreed upon with the issuer and is determined by when the contract is established and the type of contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- a. amendments to the Plan document (including complete or partial Plan termination or merger with another plan),
- b. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- c. bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan or
- d. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED
FOR THE YEARS ENDED JANUARY 31, 2023 AND 2022

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

G. TAX STATUS OF PLAN

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to January 31, 2020.

H. PARTY-IN-INTEREST TRANSACTIONS

The Plan Sponsor and Plan Administrator entered into a group annuity contract with The Variable Annuity Life Insurance Company. Certain Plan investments are managed by VALIC. VALIC is a custodian as defined by the Plan, and therefore, these investments and investment transactions qualify as party-in-interest transactions.

Administrative expenses paid by the Plan to The Variable Annuity Life Insurance Company during the year ended January 31, 2023 totaled \$4,190.

FOR THE YEARS ENDED JANUARY 31, 2023 AND 2022

I. NONEXEMPT TRANSACTIONS

During the plan year ended January 31, 2023, employee deferrals in the amount of \$20,096 were not remitted within the appropriate time period by the employer. This transaction constitutes a prohibited transaction as defined by ERISA. The employer is aware of the occurrence and has taken the appropriate steps to correct the situation.

J. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

K. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through November 15, 2023, at which time the accompanying financial statements and supplemental schedules were available to be issued. The Plan has determined that no significant events occurred after January 31, 2023, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.
