Independent Auditor's Report

To the Participants and Administrator of
Toyota of Vancouver 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Toyota of Vancouver 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Toyota of Vancouver 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
December 31, 2022 and 2021

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Toyota of Vancouver 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
December 31, 2022 and 2021

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (I) Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and (II) Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for

Toyota of Vancouver 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
December 31, 2022 and 2021

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

The following description of the Toyota of Vancouver 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of ERISA.

General

The Plan is a defined contribution plan covering eligible employees of McCord’s Vancouver Auto Center, Inc. (the “Company”) who are not union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining. The Company is the administrator of the Plan. The Company has appointed certain members of its management as trustees who are responsible for the management of the Plan. The trustees are responsible for oversight of the Plan including determining the appropriateness of the Plan’s investment offerings and monitoring investment performance. The trustees have appointed Nationwide Trust Company, FSB and Nationwide Life Insurance Company (“Nationwide”) as custodians of the Plan’s assets.

Employees are eligible to participate in the Plan on the first day of the quarter coinciding with, or next following, the date upon which they satisfy the following conditions:

Employee Salary Deferrals. Eligible employees may begin making elective participant salary deferrals upon completion of one year of service and reaching 18 years of age.

Discretionary Employer Matching Contributions. Participants may be eligible to receive discretionary employer matching contributions upon completion of one year of service and reaching 18 years of age. Eligible participants will receive discretionary employer matching contributions regardless of the amount of service completed during the plan year.

Discretionary Employer Profit Sharing Contributions. Participants may be eligible to receive discretionary employer profit sharing contributions upon completion of one year of service and reaching 18 years of age. Participants must be employed on the last day of the plan year and complete a year of service during the plan year to be eligible to receive discretionary employer profit sharing contributions for a given year. A participant will receive discretionary employer profit sharing contributions, regardless of the amount of service completed during the plan year, in the year of the participant’s death, disability or retirement, as defined by the Plan.

Contributions

Participants may elect to contribute up to 100 percent of their compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make discretionary matching contributions which are based on a percentage of each eligible employee’s annual salary deferrals that do not exceed 5 percent of the respective employee’s annual compensation. The Company will determine the amount of

Toyota of Vancouver 401(k) Profit Sharing Plan

Notes to Financial Statements

the discretionary matching contributions each year, if any. The Company may elect to make discretionary profit sharing contributions which are allocated among eligible participants. The Company will determine the amount of the discretionary profit sharing contributions each year, if any. Participants direct the investment of their elective salary deferrals and their allocation of employer contributions into any of the investment options offered by the Plan. The Plan currently offers various investment options into which participants may direct their investments. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and administrative expenses. Allocations are based on participant earnings, years of service, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contributions portion of participant accounts is based on years of credited service subject to a five year vesting schedule. A participant vests at the rate of 20 percent per year and is 100 percent vested after five years of credited service. Participants will also be 100 percent vested if employed on or after the Plan's normal retirement age, or upon death or becoming disabled while employed by the Company.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are collateralized by the balance in the participant's account and bear interest at fixed rates that are determined at the issuance date of each loan by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive either a lump-sum distribution equal to the value of the participant's interest in his or her account or partial withdrawals. On termination of service for other reasons, if a participant's vested interest is less than \$5,000 the participant will receive the value of the vested interest in his or her account as a lump-sum distribution or an IRA rollover; however, if the participant's vested interest exceeds the \$5,000 threshold, the participant may elect to receive either a lump-sum distribution equal to the value of the participant's interest in his or her account or partial withdrawals.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaling \$26,083 and \$26,101, respectively, were held by the Plan. Forfeited accounts may be used to pay administrative expenses or reduce future employer contributions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced to zero and a corresponding benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements
December 31, 2022 and 2021

Subsequent Events

Management has evaluated subsequent events through November 6, 2023, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation in fair value of investments, and interest and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB and Nationwide Life Insurance Company.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Toyota of Vancouver 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Registered investment companies: Registered investment company accounts are valued at unit value as reported by Nationwide each day the principal market is open. The fair value of investments in this category has been estimated by Nationwide using the net asset value of the underlying investments, which consist primarily of mutual funds, per unit of participation. The unit values of the Plan's investments are not publicly-quoted prices in an active market.

Insurance company general accounts: Insurance company general account assets consist of investments in guaranteed interest accounts and noninterest-bearing accounts offered and maintained by Nationwide Life Insurance Company. Nationwide Life Insurance Company maintains these assets in an insurance company general account; accordingly, the Plan's ability to receive the amounts due under these unallocated contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Guaranteed interest accounts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because participants transact at contract value, fair value is determined for financial statement reporting purposes only. The guaranteed interest accounts are not considered to be fully benefit-responsive due primarily to certain redemption restrictions; accordingly, they are presented at fair value in the accompanying financial statements. The Nationwide Life Insurance Company fixed select account crediting rate is reset quarterly and was 2.12 percent as of December 31, 2022. Noninterest-bearing accounts are valued at the amount payable on demand.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ -	\$ 5,578,723	\$ -	\$ 5,578,723

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	Insurance Company General Accounts
Balance, beginning of year	\$ 992,851
Purchases	242,355
Interest income	19,009
Withdrawals	(177,379)
Administrative fees	(10,205)
Balance, end of year	<u>\$ 1,066,631</u>

5. Related Party and Party-In-Interest Transactions

Certain investments are offered through or managed by Nationwide Trust Company, FSB, Nationwide Life Insurance Company, or affiliated entities. Nationwide Trust Company, FSB and Nationwide Life Insurance Company serve as the Plan's investment custodians and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment expenses are included in net appreciation in fair value of investments, as they are paid through fees charged at the investment level rather than direct payments remitted by the Plan. The Plan made direct payments for plan administration and investment advisory services totaling \$73,765 during the year ended December 31, 2022. The Company pays directly certain other fees related to the Plan's operations.

6. Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

Toyota of Vancouver 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

7. Tax Status

The Plan has adopted a volume submitter profit sharing plan agreement which the Internal Revenue Service has determined, by a letter dated June 30, 2020, is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as pandemics or international conflicts, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Delinquent Participant Contributions

As reported on the supplemental schedule of (II) Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain employee contributions were not remitted to the Plan within the timeframe specified by the Department of Labor, therefore constituting nonexempt transactions between the Plan and the Company during the years ended December 31, 2020 and 2019. The related lost earnings remittances due under applicable regulations to correct the delinquent participant contributions were pending calculation and payment to the Plan as of December 31, 2022.
