INDEPENDENT AUDITOR'S REPORT

To The Board of Trustees of
the Moody Dunbar, Inc. Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of Moody Dunbar, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of January 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Moody Dunbar, Inc. Profit Sharing Plan as of January 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Moody Dunbar, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

America Counts on CPAs

Members: American Institute of Certified Public Accountants •
Tennessee Society of Certified Public Accountants • Virginia Society of Certified Public Accountants

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Moody Dunbar, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Moody Dunbar, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Moody Dunbar, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes for the year ended January 31, 2023, referred to as "supplemental information," is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Moody Dunbar, Inc. Profit Sharing Plan

Notes to Financial Statements For Years Ended January 31, 2023 and 2022

Note 1

Description of Plan

The following description of the Moody Dunbar, Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the employees of Moody Dunbar, Inc. and its subsidiaries (Dunbar Foods Corporation and Saticoy Foods Corporation) who are at least twenty-one years old or older with 1,000 hours of service during a consecutive twelve-month period and are employed on the Plan entry date of February 1st. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year the company’s board of directors approves a contribution in the amount they deem advisable. This amount is subject to certain limitations.

Participant Accounts

Each participant’s account is credited with an allocation of (a) the company’s contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as defined by the Plan, according to the following schedule:

Years of Service	Matching Contributions Vesting Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Administration

Empower Trust Company, LLC is the trustee of the Plan. Empower Retirement, LLC performs participant record keeping and other administrative duties for the Plan. The Board of Directors of Moody Dunbar, Inc. oversees the Plan’s operations.

Payment of Benefits

Upon termination of service, a participant with a vested account balance of \$1,000 or less will receive a lump sum payment equal to the vested value of his or her account. If the terminated participant’s vested account balance is greater than \$1,000, he or she may elect to receive a lump sum payment equal to the vested value of his or her account. Effective September 1, 2015, the Plan permits in-service distributions if deemed a severance distribution in accordance to the terms of the Plan.

Note 1

Description of Plan (continued)

Forfeited Accounts

At January 31, 2023 and 2022, forfeited nonvested accounts totaled \$18,776 and \$20,902, respectively. The Plan Administrator may allocate participant forfeitures to reduce nonelective contributions and/or to pay reasonable plan expenses.

Note 2

Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan, except for GWI Fixed Account – Series II, are stated at fair value as determined by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan.

Subsequent Events

Management has evaluated events and transactions occurring subsequent to the date of the statement of net assets available for benefits for any items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through November 13, 2023, which is the date these financial statements were available to be issued.

Notes to Financial Statements For Years Ended January 31, 2023 and 2022

Note 3 Investments

The Plan's investments are held by a bank-administered trust fund.

The following table presents the general type of investments held by the Plan:

January 31	2023	2022
Mutual Funds	\$ 10,979,391	\$ 13,097,256
Stable Value Funds	1,447,500	1,277,922
Total Investments	\$ 12,426,891	\$ 14,375,178

The mutual funds appreciated (depreciated) in value by (\$1,890,081) and \$218,733 during the years ended January 31, 2023 and 2022, respectively. Stable value funds approximate \$1 per share and held no change in net appreciation/depreciation for either year.

Note 4 Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4

Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for instruments measured at fair value. There have been no changes in the methodologies used at January 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Funds: Measured according to net asset value per share as a practical expedient and is not considered within the fair value hierarchy. The net asset value is generally obtained directly from the fund house or other investment provider.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets consisted of mutual funds, considered Level 1 within the fair value hierarchy, at \$10,979,391 and \$13,097,256 and stable value funds, considered Level 2 within the fair value hierarchy, measured at net asset value per share as a practical expedient at \$1,447,500 and \$1,277,922 at January 31, 2023 and 2022, respectively.

Note 5

Related-Party Transactions

As of February 12, 2021, the Plan trustee formally transitioned from SunTrust now Truist, as trustee, to Great-West Trust Company, LLC now known as Empower Trust Company, LLC, as trustee, and the Plan documents were restated. Due to the forgoing, it is noted that certain Plan investments are shares of funds managed by Empower Trust Company, LLC (formerly known as Great-West Trust Company, LLC), the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$52,690 and \$29,377 for the years-ended January 31, 2023 and 2022, respectively. Additionally, U.S. Government Securities Money Market (formerly known as SunTrust Bank Money Market) funds held \$18,776 and \$20,902 as of January 31, 2023 and 2022, respectively.

Note 6

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7

Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

Moody Dunbar, Inc. Profit Sharing Plan

Notes to Financial Statements For Years Ended January 31, 2023 and 2022

Note 7

Tax Status (continued)

The Plan follows the accounting guidance for uncertainty in income taxes using the provision of FASB ASC Topic 740, *Income Taxes*.

The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years ending January 31, 2021 through January 31, 2023, the years that remain subject to examination by major tax jurisdictions as of January 31, 2023.

Note 8

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
