Independent Auditor's Report

To the Plan Administrator of the
All Packaging Company 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the All Packaging Company 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 1, 2023 (Plan Merger Date) and June 30, 2022, and the related statement of changes in net assets available for benefits for the period from July 1, 2022 through January 1, 2023 (Plan Merger Date), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of January 1, 2023 (Plan Merger Date) and June 30, 2022, and for the period from July 1, 2022 through January 1, 2023 (Plan Merger Date), stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As further discussed in Note 1 to the financial statements, the Plan was merged into the Mill Rock Packaging Partners Retirement Savings Plan effective January 1, 2023. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

All Packaging Company 401(k) Savings Plan

Notes to Financial Statements

January 1, 2023 (Plan Merger Date) and June 30, 2022

Note 1 – Description of the Plan

The following description of the All Packaging Company 401(k) Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan was a defined contribution plan that was established on July 1, 1995. The Plan was generally available to all employees of All Packaging Company (the "Company," "Employer," "Plan Sponsor," or "Plan Administrator"), age 21 or older, who had completed 90 days of service, as defined. Employees were able to enter the Plan on the date the employee met the Plan's eligibility requirements. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan were not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Merger. On February 22, 2021, Mill Rock Capital, a growth and operations oriented private investment firm, announced that its portfolio company, Mill Rock Packaging Partners LLC, had acquired the Company. As a result of this acquisition, effective January 1, 2023, the Plan was merged into the Mill Rock Packaging Partners Retirement Savings Plan ("Mill Rock Plan") (formerly the TrojanLitho Retirement Savings Plan). In connection with the merger, the following:

- All assets and liabilities of the Plan became the assets and liabilities of the Mill Rock Plan on the effective date of the merger;
- The Plan's net assets of approximately \$3.7 million transferred from the Plan into the Mill Rock Plan on the effective date of the merger; and
- The Company adopted the Mill Rock Plan and became a participating employer in the Mill Rock Plan.

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants had the option to contribute a percentage of their pre-tax annual compensation, as defined in the Plan document, subject to limitations. Participants also had the option to contribute a percentage of their after tax compensation and designate it as a Roth deferral contribution. A participant's total salary deferral contributions cannot exceed \$22,500 (\$30,000 if age 50 or over) and \$20,500 (\$27,000 if age 50 or over) in calendar years 2023 and 2022, respectively.
- Employer Matching Contributions – The Employer made a matching contribution each payroll period equal to 25% of a participant's salary deferrals not exceeding 5% of the participant's compensation.
- Discretionary Employer Profit Sharing Contributions – The Employer had the option to make a discretionary profit sharing contribution to eligible participants who were employed on the last day of the Plan year or who had completed 500 hours of service during the Plan year with certain exceptions. This contribution was allocated to each eligible participant's account in the same ratio that each participant's compensation bears to the compensation of all eligible participants. For the period from July 1, 2022 through January 1, 2023 (Plan Merger Date), the Employer did not make a discretionary profit sharing contribution.
- Rollover Contributions – Certain amounts distributed to eligible participants from other qualified employee benefit plans were able to be rolled into the Plan.

All Packaging Company 401(k) Savings Plan

Notes to Financial Statements

January 1, 2023 (Plan Merger Date) and June 30, 2022

Note 1 – Description of the Plan (continued)

All contributions were allocated to the Plan's investment funds at the direction of the participants.

Investment Options. Participants had the option direct their investments into various common collective trusts, pooled separate accounts, and an investment contract with insurance company.

Participant Accounts. Each participant's account was credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Employer's matching and discretionary profit sharing contributions, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Payment of Benefits. Benefits to participants or beneficiaries generally were payable as a lump sum, installments, or partial withdrawals equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than \$5,000 could be automatically paid out by the Plan upon termination. Additionally, participants had the option to request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, upon a deemed severance, or if they incurred a financial hardship, as defined, if certain criteria were met.

Vesting. Participants were immediately vested in their salary deferral contributions, rollover contributions, and related earnings thereon. Participant vesting in the Employer's matching and discretionary profit sharing contributions was based on a three year cliff vesting schedule, whereas participants became 100% vested after completing 3 years of service. The Plan also provided for a pre-amendment vesting schedule for employees as of August 18, 2020, whereas participants became 20% vested after one year of service, 40% vested after two years of service, and 100% vested after three years of service. Additionally, participants became 100% vested in their accounts upon attainment of their early retirement date, normal retirement age, death, and disability.

Forfeitures. When certain terminations of Plan participation occurred, the non-vested portion represented a forfeiture. Forfeitures were used to reduce Employer contributions. During the period from July 1, 2022 through January 1, 2023 (Plan Merger Date), forfeitures of \$645 were used for this purpose. As of January 1, 2023 (Plan Merger Date) and June 30, 2022, there were no unutilized forfeitures.

Notes Receivable from Participants. Participants had the option to borrow from their fund accounts a minimum of \$1,000. The maximum loan was the lesser of (i) \$50,000 minus the highest loan balance in the previous 12-month period, or (ii) 50% of their vested account balance. Loan terms ranged up to a maximum of 5 years (a longer term was available if used for the purchase of a principal residence). The loans were secured by the balance in the participant's account and bore a reasonable rate of interest based on the prime rate at the date the loan was granted as determined by the Plan Administrator. Principal and interest payments were generally paid ratably through payroll deductions or check.

Note 2 – Summary of Significant Accounting Policies

Use of Estimates and Basis of Accounting. The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for the Plan's investments in an investment contract with insurance company which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 1, 2023 (Plan Merger Date) and June 30, 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Contributions are recognized in the period during which the Company makes the respective payroll deduction from participants' compensation.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a liability and a corresponding reduction to contributions. The Plan distributes the excess contributions to applicable participants after the Plan's year end.

Benefits Payments. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Included in administrative expenses are investment advisory, recordkeeping, and other fees. Additionally, certain costs of administering the Plan and certain investment related expenses are included in net appreciation in fair value of investments.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at January 1, 2023 (Plan Merger Date) and June 30, 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

- Common collective trusts ("CCTs") and pooled separate accounts ("PSAs") are valued at the NAV of units held by the Plan at year end. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

January 1, 2023 (Plan Merger Date) and June 30, 2022

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022:

	Fair Value Measurements at June 30, 2022			Total
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	
Total Assets in Fair Value Hierarchy Investments Measured at NAV	\$ -	\$ -	\$ -	\$ -
				3,265,216
Total Assets at Fair Value				\$ 3,265,216

Investments in Certain Entities that Calculate NAV per Unit. The following table for June 30, 2022, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of June 30, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period (c)
Common Collective Trusts (a)	\$ 1,889,322	None	Daily	None
Pooled Separate Accounts (b)	1,375,894	None	Daily	None

(a) Various asset allocation investment strategies.

(b) Various balanced, asset allocation, global/international, specialty, small cap, mid cap, large cap growth/value/blend, and bond fund investment strategies.

(c) Voya actively monitors fund transfer and reallocation activity within its variable insurance and retirement products to identify excessive trading. Voya currently defines excessive trading as: a) More than one purchase and sale of the same fund (including money market funds) within a 60 calendar day period (hereinafter, a purchase and sale of the same fund is referred to as a "roundtrip"). This means two or more round-trips involving the same fund within a 60 calendar day period would meet Voya's definition of excessive trading; or b) Six round-trips within a twelve month period.

Note 4 – Investment Contract with Insurance Company

During 2020, the Plan entered into a traditional benefit-responsive investment contract, the Voya Fixed Account ("Fixed Account"), with Voya Retirement Insurance and Annuity Company ("Voya"). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a regular basis for resetting.

All Packaging Company 401(k) Savings Plan

Notes to Financial Statements

January 1, 2023 (Plan Merger Date) and June 30, 2022

Note 4 – Investment Contract with Insurance Company (continued)

This contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions.

There are certain restrictions on transfers from the investment contract when competing funds (e.g. the JPMorgan Limited Duration Bond Fd R6) are involved. Direct transfers from the Fixed Account to a competing fund may not be made. Transfers from the Fixed Account will prevent transfers to a competing fund for 90 days. Transfers into competing funds will prevent transfers from the Fixed Account for 90 days.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at January 1, 2023 (Plan Merger Date) and June 30, 2022, was \$0 and \$262,683, respectively. The investment contract does not have a defined maturity specified in the contract.

Certain events, such as non-benefit Surrenders, limit the ability of the Plan to transact at contract value with the issuer. In the event of a non-benefit Surrender, a market value adjustment ("MVA") per the investment contract's formula will apply. In connection with the liquidation of the Fixed Account as a result of the Plan's merger into the Mill Rock Plan (See Note 1), the MVA was immaterial.

Note 5 – Certified Information

The following information disclosed in the accompanying financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Institutional Trust Company and Voya Retirement Insurance and Annuity Company, the custodians of the Plan:

- Investments, as shown in the Statement of Net Assets Available for Benefits as of June 30, 2022;
- Notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of June 30, 2022;
- Investment amounts, as shown in Notes 3 and 4;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the period from July 1, 2022 through January 1, 2023 (Plan Merger Date);
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the period from July 1, 2022 through January 1, 2023 (Plan Merger Date); and
- Transfers due to Plan Merger, as shown in the Statement of Changes in Net Assets Available for Benefits for the period from July 1, 2022 through January 1, 2023 (Plan Merger Date).

Add: excess contributions payable	<u>28,730</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u>\$ 3,540,074</u>

The following is a reconciliation of excess contributions / corrective distributions per the financial statements to the Form 5500 for the period from July 1, 2022 through January 1, 2023 (Plan Merger Date):

	<u>Excess Contributions/ Corrective Distributions</u>
Amounts per the financial statements June 30, 2022 accruals	\$ - <u>28,730</u>
Amounts per the Form 5500 (unaudited)	<u>\$ 28,730</u>

Note 7 – Tax Status

The Company has adopted a Voya Retirement Insurance and Annuity Company Non-Standardized Pre-Approved Profit Sharing Plan ("pre-approved plan"). The pre-approved plan received an opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan and pre-approved plan have been amended since receiving the IRS opinion letter, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of January 1, 2023 (Plan Merger Date) and June 30, 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 1, 2023 (Plan Merger Date) and June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

All Packaging Company 401(k) Savings Plan

Notes to Financial Statements

January 1, 2023 (Plan Merger Date) and June 30, 2022

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments were units of pooled separate accounts and an unallocated insurance contract offered by Voya. As Voya was the custodian of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintained notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Concentrations, Risks, and Uncertainties

The Plan provided for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances transferred into the Mill Rock Plan. As of June 30, 2022, there were two investments which individually represented more than 10% of net assets available for Plan benefits.

As of November 10, 2023, the Plan's nondiscrimination testing for the period from July 1, 2022 through January 1, 2023 (Plan Merger Date) had not been completed. No adjustment has been made to the accompanying financial statements as a result of this uncertainty.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through November 10, 2023, which is the date the financial statements were available to be issued.
