Wenck Enterprises, Inc.
Profit Sharing and 401(K) Plan
Maple Plain, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wenck Enterprises, Inc. Profit Sharing and 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 21, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended June 21, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 21, 2023 and December 31, 2022, and for the year ended June 21, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

As described in Note C to the financial statements, the Board of Directors of Wenck Enterprises, Inc, the Plan sponsor, voted on December 30, 2020, to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting to the liquidation basis used in presenting the 2022 and 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of Wenck Enterprises, Inc. Profit Sharing and 401(k) Plan (the “Plan”) sponsored by Wenck Enterprises, Inc. (the “Company”) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan’s provisions.

General

In 2020, the Company signed an amendment to terminate the Plan. See Note C for detail of the termination. Prior to plan termination the Plan was a defined contribution plan covering substantially all employees of the Company. Employees were eligible to participate in the Plan on the first day of the month after completing one month of service and were age eighteen or older. Employees were eligible for discretionary employer contributions if the employee has worked a minimum of 1,000 hours during the plan year, was age eighteen or older, and was employed on the last day of the plan year or has died or become permanently disabled during the plan year. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and was participant directed.

Effective January 1, 2020, the Plan was amended to reflect the changes in hardship distribution rules in accordance with the Bipartisan Budget Act of 2018.

Contributions

Prior to plan termination, each year participants could contribute up to 100 percent of pre-tax annual compensation as defined in the Plan document, subject to IRS limitations. Participants who have attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute pre-tax amounts representing distributions from other qualified plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Company contributed safe harbor contributions equal to 100 percent of up to 3.50 percent of eligible compensation that a participant contributed to the Plan, and could also make discretionary contributions. The Company did not make any safe harbor or discretionary contributions for the year ended June 21, 2023.

NOTE A – DESCRIPTION OF PLAN (continued)

Participant Accounts

Prior to plan termination, each participant's account was credited with the participant's contributions, company discretionary contributions, and safe harbor contributions, as well as allocations of the company's profit-sharing contribution, and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Prior to plan termination, participants were immediately vested in their own contributions plus actual earnings thereon. Participants were fully vested in the Company's safe harbor contributions, plus actual earnings thereon, after two years of credited service and were fully vested in the Company's non-elective contributions, plus actual earnings thereon, after six years of credited service. Participants became fully vested in their total account balance upon death or permanent disability.

Notes Receivable from Participants

Prior to plan termination, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. After plan termination, the outstanding loans continued to be paid ratably through payroll deductions of the acquiring company. When the IRS favorable determination letter is received, those participants with outstanding loans will be given the option of rolling their account balance including the loan to the new plan. The loans are secured by the balance in the participant's account and bear interest, as determined at the origination of the loan, at prime plus 2 percent. The loans outstanding at December 31, 2022 bear interest at a range of 5.25 percent to 7.50 percent.

Payment of Benefits

Prior to plan termination, on termination of service due to death, disability or retirement, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For participants that reach age 59 ½, the participant could receive an in-service distribution in the value of the vested interest in his or her account as a lump-sum distribution. For participants that reached the age 55, the participant could receive an in-service distribution in the value of the vested interest in his or her employer contributions as a lump-sum distribution. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump sum distribution.

NOTE A – DESCRIPTION OF PLAN (continued)

Forfeited Accounts

Forfeited nonvested accounts may be used to pay administrative expenses or to reduce future employer contributions. At June 21, 2023 and December 31, 2022, the forfeited accounts totaled \$0 and \$20,284, respectively. Forfeitures of \$20,311 were used to reduce Plan expenses.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the liquidation basis as a result of the Plan termination (see Note C).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
June 21, 2023 and December 31, 2022**

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are classified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of June 21, 2023 or December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

Management evaluates events occurring subsequent to the date of the statement of net assets available for benefits in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through November 14, 2023, which is the date the financial statements were available to be issued.

NOTE C – PLAN TERMINATION

In 2020, the board voted to terminate the Plan subject to the provisions of ERISA as a result of the Company being acquired. The plan adopted a resolution to terminate the Plan effective December 30, 2020. Contributions ceased December 18, 2020. All participants became 100 percent vested in their account balances upon termination.

NOTE D – INFORMATION CERTIFIED BY PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to information certified by Nationwide Financial Services, Inc. (Nationwide), the custodian of the Plan.

Certification of investment assets, transactions, income and the schedules of investments and related transactions are complete and accurate pursuant to Section 29 CFR 2520.103-5(c) was covered by Nationwide as of June 21, 2023 and December 31, 2022 and for the year ended June 21, 2023.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE E – FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Values as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,827,228	\$ -	\$ -	\$ 17,827,228
Total Assets at Fair Value	\$ 17,827,228	\$ -	\$ -	\$ 17,827,228

NOTE F – TAX STATUS

The Plan sponsor adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service dated September 21, 2017, which states that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTE F – TAX STATUS (continued)

On February 7, 2023 the Plan received a favorable opinion letter from the Internal Revenue Service which stated that the Plan's termination amendment does not affect the Plan's qualification for federal tax purposes and that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

NOTE H – PARTIES-IN-INTEREST

Certain Plan investments are managed by the Trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the year ended June 21, 2023, the Plan paid \$7,389 for third-party administrator and recordkeeping expenses and \$21,227 for asset and custodial fees, which are included on the statement of changes in net assets available for benefits under administrative fees.
