INDEPENDENT AUDITOR'S REPORT

**To the Plan Administrator and Plan Trustees of
First Financial Credit Union 401(k) Plan and Trust
Albuquerque, New Mexico**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the First Financial Credit Union 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the First Financial Credit Union 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information relates to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Plan Trustees of
First Financial Credit Union 401(k) Plan and Trust

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the First Financial Credit Union 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the First Financial Credit Union 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Administrator and Plan Trustees of
First Financial Credit Union 401(k) Plan and Trust

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Financial Credit Union 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about First Financial Credit Union 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Plan Trustees of
First Financial Credit Union 401(k) Plan and Trust

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of First Financial Credit Union 401(k) Plan and Trust (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of First Financial Credit Union (the "Credit Union"). The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility and Vesting: Employees are eligible to participate in the Plan on the first entry date following three months of employment. Participants are immediately vested in their voluntary and rollover contributions and safe harbor contributions plus actual earnings thereon. Vesting in the remainder of their accounts plus earnings thereon is based on years of credited service, as defined by the Plan. All participants who are participating in this plan will vest at 20% per year and become 100% vested in the matching contribution after completing six years of credited service on a cliff schedule beginning after year one.

Contributions: Participants may elect to defer to the Plan a portion of their eligible earnings on a pre-tax and post-tax basis up to the maximum allowed under Section 402(g) of the Internal Revenue Code ("IRC"). Participants may contribute funds from another qualified plan as rollover contributions. The Plan includes an automatic deferral provision wherein unless a participant elects otherwise, the deferral rate will be initially be set at 3% of eligible compensation and will increase by 1% of compensation up to a maximum of 10% compensation. The increase will be applied as of the second period that begins March 1st each year. The Credit Union makes a matching contribution equal to a uniform percentage of each participant's elective deferral, not including catch-up contributions, based on the participant's years of service, as described in the Plan document.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Credit Union's contributions, and Plan earnings and losses. Participants' accounts are reduced by administrative expenses and distributions. Allocations are based on participant contributions, participant earnings, or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participant: Participants may borrow from their vested fund accounts. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%. Current participant loans bear interest at rates of 4.25% to 8.00%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service due to termination or retirement, benefits are paid in the form chosen, including single sum, partial withdrawals, in the form of an annuity, or in equal installments over a period not more than the participant's or designated beneficiary's assumed life expectancy at the time of distribution. For termination of service for other reasons, a participant may receive that value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures: A participant vests in the employer contributions in accordance with the provisions of the Plan. Forfeitures of non-vested amounts remain in the Plan and may be used to reduce future contributions of the Plan sponsor or plan expenses. There were no forfeited amounts available as of December 31, 2022 and 2021. There were approximately \$73,000 of forfeitures used to reduce employer contributions during the plan year ending December 31, 2022.

Restatement: Certain 2021 financial statement amounts have been reclassified to conform with classifications adopted in the current year.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation: The Plan's financial statements are on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator/Management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value except for the fully benefit responsive investment contract which is held at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when paid. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when paid. Accrued interest on participant loans is immaterial to the Plan financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan permits payment of plan expenses to be made from Plan assets and these expenses will generally be allocated among accounts of all plan participants. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events: Credit Union Management has evaluated subsequent events through November 7, 2023, the date on which the financial statements were available to be issued.

NOTE 3: INVESTMENT CONTRACT

The Plan holds investments in an investment contract with CMFG Life Insurance Company (CMFG). The assets invested under this contract are reported as the CUNA Mutual Stable Value Account in the Plan's accounting records which are considered fully benefit responsive. CMFG maintains the contributions to the account, and the account is credited with actual earnings on the underlying investments and decreased for Plan withdrawals and administrative expenses.

Because this contract meets the fully benefit-responsive investment contract criteria, the contract is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a periodic basis.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual agreements may be affected by future economic, financial and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 4: INVESTMENTS - UNAUDITED

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation/loss in fair value of investments, and interest and dividends for the year ended December 31, 2022, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by CMFG Life Insurance Company (CMFG) and Matrix Trust Company. This information has not been audited by independent public accountants.

NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

The availability of inputs relevant to the asset or liability and the relative reliability of the inputs might affect the selection of appropriate valuation techniques.

Level 1 Inputs

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs

Inputs to the valuation methodology include:

- (a) quoted market prices for similar assets or liabilities in active markets;
- (b) quoted market prices for identical or similar assets or liabilities in inactive markets;
- (c) inputs other than quoted market prices that are observable for the asset or liability;
- (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2022 and 2021:

Mutual funds: These investments are valued at net asset value of shares held by the Plan at year-end in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,075,917	\$ -	\$ -	\$ 17,075,917
Total assets at fair value	\$ 17,075,917	\$ -	\$ -	\$ 17,075,917

Total assets at fair value	<u>\$ 20,313,470</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,313,470</u>

NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares and mutual funds managed by CMFG Life Insurance Company and Matrix Trust Company. CMFG Life Insurance Company and Matrix Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7: TAX STATUS

The Internal Revenue Service has determined and informed the Credit Union by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan management believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, First Financial Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
