INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of the
Autry Museum of the American West Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We were engaged to perform audits of the financial statements of the Autry Museum of the American West Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 6, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the 2021 financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

AUTRY MUSEUM OF THE AMERICAN WEST RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. PLAN DESCRIPTION

The following description of the Autry Museum of the American West Retirement Savings Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions. Prior to September 1, 2022, the Plan utilized Charles Schwab Trust Bank ("Schwab") as its asset custodian for Plan assets and also utilized The Standard Insurance Company ("The Standard") as its third party administrator. Effective September 1, 2022, the Plan utilizes Empower Trust Company and Empower Life & Annuity Insurance Company of America (collectively, "Empower") as its asset custodian and also utilizes Empower Retirement, LLC ("Empower Retirement") as its recordkeeper.

General - The Plan is a 403(b) defined contribution plan covering eligible employees who have been employed by the Autry Museum of the American West (the "Employer", the "Organization" and the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), as amended.

Effective September 1, 2022, all Plan assets were transferred from Schwab to Empower.

Participant Contributions - Each participant may elect to make pretax or Roth contributions as a percentage of eligible compensation, as defined and subject to certain limitations under the Internal Revenue Code ("IRC"). The Plan includes an automatic enrollment provision where all eligible employees are automatically enrolled at a pretax deferral rate of five percent of eligible compensation. Any participant that has not opted out of automatic enrollment will have their deferral percentage increased annually by one percent up to a maximum of 10 percent of eligible compensation starting with the third year the participant has been subject to automatic enrollment. Effective August 22, 2022, the Plan was amended to change the automatic enrollment deferral rate to two percent and participants automatically enrolled as of August 22, 2022 will continue to have their deferral rate automatically escalate each year, as noted above, otherwise participants are not subject to automatic escalation. For the year ended December 31, 2022, participants may contribute up to \$20,500 of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The deferred amounts qualify for favorable tax treatment under IRC Section 403(b).

Employer Contributions - At the discretion of its Board of Trustees (the "Board"), the Organization can match participants' Plan contributions up to a maximum of five percent of the employee's eligible compensation. For the year ended December 31, 2022, the Board approved a two percent matching contribution. Prior to August 22, 2022, participants who are employed for one month and have attained 18 years of age are eligible for the Organization matching contribution. Effective August 22, 2022, the eligibility requirement for Organization matching contributions was changed to two months of service and attainment of 21 years of age. The eligibility criteria is waived for participants who incur a severance of employment during the Plan year due to death, disability or attainment of normal retirement age (age 55). The Organization matching contribution was \$136,793 for the year ended December 31, 2022.

Effective August 22, 2022, the Plan provides for discretionary Organization nonelective contributions and a participant must be employed on the last day of the Plan year and have attained 21 years of age to be eligible for such contributions unless the participant terminates employment due to death, disability or reaching normal retirement age. The Organization nonelective contribution was \$74,496 for the year ended December 31, 2022.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Organization matching contributions as well as allocations of the Organization's nonelective contribution, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

Payment of Benefits - Upon termination of service, retirement, death or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated Plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59 ½ or for hardship purposes. Effective August 22, 2022, the Plan allows in-service withdrawals for purposes of qualified reservist and deemed severance distributions. Minimum required distributions for participants also apply per Internal Revenue Service ("IRS") regulations. If a participant should leave the Plan, the participant can rollover all or any part of the distribution to an eligible retirement plan without paying any taxes. The Plan provides for a mandatory cash-out following severance of employment for account balances less than \$5,000.

Vesting - Participants are vested immediately in their contributions and the Organization's matching and nonelective contributions, plus actual earnings thereon.

Forfeitures - Forfeitures arise from corrections of participant accounts and may be used to pay Plan administrative expenses or to reduce future Employer contributions and total \$21,006 and \$0 as of December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, no forfeitures were utilized.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Estimates - The preparation of financial statements in conformity with US GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of contributions, gains, expenses, and losses during the reporting period. Actual results could differ from those estimates.

AUTRY MUSEUM OF THE AMERICAN WEST RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, may be paid by the Plan, unless otherwise paid by the Organization. Administrative expenses paid by the Organization are excluded from these financial statements.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

In accordance with the fee schedule agreed upon between the Plan Sponsor and Empower Retirement, Empower Retirement will pay \$3,250 annually, in which a portion of the fees may be credited to the Plan's Plan Expense Account ("PEA") on a monthly basis, which will be used to pay Plan administrative expenses at the direction of the Plan Sponsor. In addition, Empower Retirement paid a \$3,000 one-time transfer revenue credit to the Plan's PEA, during 2022, which may be used to pay Plan administrative expenses associated with the Plan's transfer to Empower Retirement or as otherwise determined appropriate by the Plan Sponsor. During the year ended December 31, 2022, fees credited to the PEA amounted to \$3,812 which is included in net depreciation of investments in the statement of changes in net assets available for benefits, and \$173 was utilized to pay Plan administrative expenses. As of December 31, 2022 and 2021, funds of \$3,650 and \$0, respectively, are available in the PEA for future use.

Benefits Payable to Participants - Benefits are recorded when paid.

Subsequent Events - The Organization has evaluated subsequent events through November 15, 2023, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable.

AUTRY MUSEUM OF THE AMERICAN WEST RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management considers observable data to be market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to the Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore classified as Level 1 within the valuation hierarchy.

All of the Plan's investments measured at fair value are Level 1 and the following table sets forth the Plan's investments at fair value:

As of December 31,	2022	2021
Mutual funds	\$ 7,836,542	\$ 9,095,807
Total investments at fair value	\$ 7,836,542	\$ 9,095,807

4. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Charles Schwab Trust Bank, Empower Trust Company and Empower Life & Annuity Insurance Company of America (collectively, the "Custodians") and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- b. Net depreciation of investments, dividend and interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- c. Investments, fully benefit-responsive investment contract, and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. Loans are generally issued with a maturity of up to five years. The loan interest rate is set at rates which are commensurate with local prevailing rates as determined by the plan administrator and commensurate with local prevailing rates, as defined. Principal and interest are paid ratably through payroll deductions.

6. AVAILABLE INFORMATION

In November 2007, the Department of Labor issued amended regulations which eliminated an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I ERISA. Prior to the amended regulations, the Plan (established in 1997) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various records related to the Plan's 403(b) annuity contracts and custodial accounts issued to certain current and former Organization employees were not sufficiently maintained by the Plan to ensure completeness. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

7. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with The Standard totaling \$973,683 and \$948,376 as of December 31, 2022 and 2021, respectively. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Standard is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with The Standard. Such interest rates are reset on a quarterly basis.

The Standard Stable Value Asset Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on The Standard's ability to meet its financial obligations. The Standard's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with The Standard. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with The Standard and that would also limit the Plan's ability to transact at contract value with participants.

The Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by The Standard, a market value adjustment or other withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

AUTRY MUSEUM OF THE AMERICAN WEST RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

9. PLAN TERMINATION

The Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Participants are 100 percent vested in their accounts. In the event of Plan termination, the assets of the Plan would be allocated in accordance with the requirements of ERISA. The Organization has the right to amend the Plan.

10. TAX STATUS

Effective August 22, 2022, the Organization adopted a non-standardized pre-approved profit sharing plan that is the subject of a favorable tax opinion letter from the IRS dated June 30, 2020. The Organization is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Organization routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Organization believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

All Plan investments are managed by the Custodians. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party in interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party in interest transactions under ERISA.

For the year ended December 31, 2022, The Standard and Empower received a total of \$50,358 for administration fees, of which \$50,185 was paid by the participants through the Plan and \$173 was paid from the PEA, as well as indirect compensation.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
