## Independent Auditors' Report

To the Plan Administrator of the JSL Technologies, Inc. Profit-Sharing Plan  
Board of Directors of JSL Technologies, Inc. and  
Participants of the JSL Technologies, Inc. Profit-Sharing Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of JSL Technologies, Inc. Profit-Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JSL Technologies, Inc. Profit-Sharing Plan's ability to continue as a going concern for the near future. Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time. Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ***JSL Technologies, Inc. Profit Sharing Plan***

Notes to the Financial Statements

December 31, 2022 and 2021

### **Note 1 - Plan Description**

#### **General**

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

The Plan was established as a defined contribution plan on January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all employees of the company are eligible to participate in the Plan subject to the eligibility criteria discussed below. On May 1, 2022, the JSL Technologies, Inc. Profit Sharing Plan merged with the JSL Technologies, Inc. 401(k) Profit Sharing Plan and all balances were transferred out of the plan.

#### **Funding**

The Plan is a defined contribution plan wherein the Employer makes contributions for each participant based on the employee group allocation method. Investment options are managed by Santa Barbara Pension Consultants, Inc. through Ameriprise Financial. Salary deferrals and matching contributions are not authorized under the Plan. The Plan does not permit Employees to make After-Tax Employee Contributions

#### **Allocation**

Each participant's account is credited with the Employer's contribution. The Employer contribution will be allocated to participants based on allocation group. At this time, each participant under the Plan is considered to be his/her own separate allocation group.

#### **Eligibility and Contributions**

Employees are eligible to participate in the Plan after reaching 21 years of age and providing one year of service to the Company. An employee earns a year of service for eligibility purposes upon completing 1,000 hours of service during an eligibility computation period. Entry dates are the first days of January and July of each year.

#### **Vesting**

Employer contributions vest in accordance with a 6-year graded vesting schedule as follows:

Counted Years	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

***JSL Technologies, Inc. Profit Sharing Plan***

Notes to the Financial Statements

December 31, 2022 and 2021

**Note 1 - Plan Description (Continued)**

**Loans**

The Plan does not authorize any participant loans.

**Termination**

Although the Organization has not expressed any intent to do so, management may terminate the Plan at any time. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or one of various installment payments available under the Plan. Upon termination of the Plan, all amounts credited to an affected Participant's Account become 100% vested, regardless of the participant's vested percentage.

**Payment of Benefits**

Upon death, the participant's beneficiary will receive the participant's death benefit. A participant who terminates employment on account of becoming disabled may receive a distribution of his/her vested account balance in the same manner as a regular distribution upon termination of employment.

**Administrative Expenses**

All reasonable expenses related to plan administration will be paid from Plan assets, except to the extent the expenses are paid (or reimbursed) by the Employer.

**Required Minimum Distributions**

The beginning date for required minimum distributions is the later of attainment of age 70½ or termination of employment.

**Note 2 - Summary of Significant Accounting Policies**

**Basis of Accounting**

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) and have been consistently applied in the preparation of the financial statements.

**Estimates**

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amount reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

***JSL Technologies, Inc. Profit Sharing Plan***

Notes to the Financial Statements

December 31, 2022 and 2021

**Note 2 - Summary of Significant Accounting Policies (Continued)**

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Investments Valuation and Income Recognition**

Investment contracts held by a defined contribution plan are required to be reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Note 3 - Income Tax Status**

The Plan received a letter dated February 3, 2014 from the IRS identifying the Plan as designed in accordance with applicable sections of the IRC. In the opinion of the plan administrator, the plan is currently being operated in accordance with the Plan agreement and in conformity with the applicable provisions of the IRC and therefore exempt from federal income taxes. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 6 - Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable input (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices available in active markets for identical investments as of reporting date.

Level 2: Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

***JSL Technologies, Inc. Profit Sharing Plan***

Notes to the Financial Statements

December 31, 2022 and 2021

**Note 6 - Fair Value Measurements (Continued)**

Level 3: Inputs to the valuation methodology are unobservable inputs in situation where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the proving of the asset or liability including assumptions regarding risk. All investments were transferred to the JSL 401(k) Plan on May 1, 2022. There were no remaining investments as of December 31, 2022.

**Note 7 - Party-In-Interest**

No transactions qualify as party-in-interest transactions; however, they would be exempt from the ERISA prohibited transaction rules.

**Note 8 - Subsequent Events**

Subsequent events have been evaluated for recognition in the December 31, 2022, and 2021 financial statements through October 12, 2023, the date on which the financial statements were available to be issued.
