Independent Auditors' Report

To the Plan Trustees
Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the 2022 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2022 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following description of the Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information of the Plan's provisions.

General

The Plan is a participant directed, defined contribution profit sharing plan covering substantially all employees of Spokane Digestive Disease Center P.S. (the Company), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's asset management and custodian responsibilities are performed by Empower Trust Company, LLC and its subsidiaries. The Board of Trustees is responsible for oversight of the Plan. The Plan's third-party administrative duties are performed by Randall & Hurley, Inc. The Company's human resources department oversees the day-to-day operations of the Plan.

On January 1, 2022, the Plan was amended and restated in order to comply with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e., the 6-year pre-approved plan restatement cycle).

Eligibility

Employees who have completed 90 days of service are eligible to participate in the plan. Participants are able to enter the Plan on the first day of the following month after meeting eligibility requirements.

Employees who have attained age 18 and completed at least 1 year of service and 1,000 hours are eligible to receive employer contributions. Entry dates for employer contributions are January 1 or July 1 after meeting eligibility requirements.

Contributions

Participants may contribute up to 100% of qualified compensation, as defined by the Plan, up to a maximum amount allowed by the Internal Revenue Code (IRC). Participants may also voluntarily elect to contribute after tax Roth contributions, not exceeding a specific dollar amount determined by applicable law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor contribution equal to 100% of the first 5% of eligible compensation of each plan participant. The Company may make an additional discretionary matching contribution and/or a discretionary profit-sharing contribution. No discretionary matching contributions were made for the year ended December 31, 2022. The discretionary profit-sharing contributions totaled \$206,146 for the year ended December 31, 2022. Safe harbor contributions totaled \$300,339 for the year ended December 31, 2022.

Contributions are subject to regulatory limits.

Spokane Digestive Disease Center P.S. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of any Company contributions, the participant's portion of earnings (losses), and charged with an allocation of administrative expenses. The Company's discretionary contributions are allocated to each participant's account based on a formula as determined by the Board of Trustees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in their participant elected contributions, the employer safe harbor contributions, and actual earnings thereon. For vesting of the employer discretionary contributions, an employee must complete 1,000 hours of service during a vesting computation period in order to receive credit for one year of service. Employer discretionary contributions are vested based on a 2-year vesting schedule. Aside from normal vesting periods, a participant can also become fully vested upon reaching age 55, upon the participant's death or upon permanent disability.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment as specified in the Plan agreement. The forfeiture account is available to pay administrative expenses or reduce Company contributions under the Plan provisions. As of December 31, 2022 and 2021, and for the year ended December 31, 2022, forfeiture activity and forfeiture balances were immaterial to the Plan.

Notes Receivable from Participants

The Plan allows for participant loans (notes receivable from participants). Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Notes are secured by the balance in the participants' account and bear interest at rates of 1% over the prime interest rate. The maximum note term is five years, unless the note is used for the purpose of acquiring a principal residence of the participant, in which case the repayment period may be longer. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to retirement after reaching normal retirement age of 55, separation, disability, death, termination, or other reasons, a participant or their beneficiary may elect to receive a lump-sum payment equal to the vested balance in his or her account. Distributions from the Plan after termination for reasons other than death may be made as partial withdrawals as elected by the participant. Withdrawals due to "financial hardship" are not permitted.

Plan Termination

Although it has not expressed intent to do so, the employer has the right at any time to terminate the Plan and discontinue its contributions, subject to provisions of ERISA. In the event of Plan termination, participant accounts become fully vested.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that may affect certain amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments consists of both realized gains or losses and unrealized appreciation or depreciation of the investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. The Plan classifies all notes receivable from participants with no payments received for 6 months as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits. No allowance for credit losses as has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plan's investment earnings activity and are therefore included in net appreciation/depreciation of fair value of investments in the Statement of Changes in Net Assets Available for Benefits. Participants are also charged for expenses specifically incurred by the participant.

3. Risks and Uncertainties

The Plan provides for investments in various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur near term and that such changes could materially affect a participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access;
Level 2	Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs without quoted market prices that are observable for the assets or liability, and inputs that are derived from corroborated observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Stocks, Mutual Funds, Exchange-Traded Funds ("ETF") - Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Fixed Annuities - The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. All of these inputs are generally considered obtainable/observable through the review of existing contracts and readily available financial information on the Web sites of the issuing financial institutions.

Notes to Financial Statements

December 31, 2022 and 2021

Self-Directed Brokerage Accounts – These accounts are comprised of common stock, mutual funds, money market funds, ETFs, and cash and cash equivalents. Common stock is valued at the published market price on an active market. The mutual funds, money market funds, and ETFs are valued at the daily closing price as reported by the fund. The self-directed brokerage accounts also include an investment in a variable annuity fund measured at NAV as a practical expedient.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value:

	As of December 31, 2022 (Audited)			
	Level 1	Level 2	Level 3	Fair Value
Common stocks	\$ 1,268,763	\$ -	\$ -	\$ 1,268,763

Investments, at fair value				<u>\$ 8,677,865</u>

	As of December 31, 2021 (Compiled)			
	Level 1	Level 2	Level 3	Fair Value
Common stocks	\$ 1,911,248	\$ -	\$ -	\$ 1,911,248

Investment measured at NAV (practical expedient)				<u>45,106</u>
Investments, at fair value				<u>\$ 10,628,590</u>

The fair value methodologies described on the previous page may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2022 and 2021

5. Information Certified by the Custodians

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, qualified institutions, Empower Trust Company LLC and Empower Annuity Insurance Company of America, (collectively Empower) have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate. The amounts certified by the qualified institution are summarized as follows:

	2022
Mutual funds	\$ 5,309,258
Fixed annuities	\$ 24,270
Notes receivable from participants	\$ 58,271
Net depreciation in fair value of investments	\$ (1,457,024)
Dividends and interest income	\$ 590,682

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule. The remaining cash and investments in the Plan as of December 31, 2022 are held in self-directed brokerage accounts and are not subject to the certification by Empower. Full scope audit procedures are performed over the self-directed broker accounts.

6. Tax Status

The Plan document is a volume submitter profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

Certain Plan investments are managed by Empower, the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to Empower and other service providers qualify as party-in-interest transactions. The Plan also allows for notes receivable from participants, which are also party-in-interest transactions.

8. Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule, an employee deferral for six pay-periods, totaling \$35,151, was remitted to the Plan outside of the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and is working on remitting these amounts to participants' accounts subsequent to year end.

9. Subsequent Events

Plan management has evaluated subsequent events through November 15, 2023, the date the financial statements were available to be issued, and concluded no events have occurred which require disclosure.
