**WILDFLOWER BREAD COMPANY
401(k) SAVINGS PLAN**

REPORT TO THE ADVISORY COMMITTEE

Year Ended December 31, 2022

To the Advisory Committee of

WILDFLOWER BREAD COMPANY 401(k) SAVINGS PLAN

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of *the Wildflower Bread Company 401(k) Savings Plan* (the "Plan") as of and for the year ended December 31, 2022 and have issued our report thereon dated October 16, 2023. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated June 8, 2023, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies and one other recommendation for improvement identified during our audit in a separate letter to you dated October 16, 2023.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in MHM as appropriate, MHM, and our network firms have complied with all relevant ethical requirements regarding independence. To eliminate identified threats to independence or reduce them to an acceptable level, we educate management on the nonaudit services performed by reviewing and explaining the reason and basis for all significant transactions, as well as authoritative standards, so that management is in a position to determine or approve all assumptions and judgments and take responsibility for the nonaudit services.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. The Plan has not selected any new accounting policies and there have been no changes in significant accounting policies or their application during 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. There were no significant accounting estimates reflected in the financial statements.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the fair value measurement disclosure related to investments in Note 4, the investment contract with insurance company disclosure in Note 5, and delinquent participant contributions disclosure in Note 8.

Management's investment valuations used in the fair value measurement disclosure are based on trust reports prepared and certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and the types of investments and the inputs to valuation techniques used to estimate value. Management's investment contract disclosure includes information about a certain investment of the Plan (Principal Fixed Income Guaranteed Option), the relevant measurement attribute of such investment (contract value), and the events that limit the ability of the Plan to transact at such value of the investment. Note 8 discloses delinquent participant contributions by the Plan and the status of their correction.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole.

The schedule below summarizes the uncorrected financial statement misstatement whose effects in the current and prior periods, as determined by management, are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit.

Dr: Participant contributions, FY 2022	\$ 5,000
Dr: Net assets available for benefits, beginning of year	15,000
Cr: Excess contributions refundable	(20,000)

To record an estimate of excess contributions refundable as part of annual non-discrimination testing to be performed for the Plan for fiscal years 2019 – 2022.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. No material, corrected misstatements were identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the management representation letter dated October 16, 2023.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the Plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Matters

The ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Advisory Committee of the Plan and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

**WILDFLOWER BREAD COMPANY
401(k) SAVINGS PLAN**

MEMORANDUM ON INTERNAL CONTROL

Year Ended December 31, 2022

To the Advisory Committee of

WILDFLOWER BREAD COMPANY 401(K) SAVINGS PLAN

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of **Wildflower Bread Company 401(k) Savings Plan** (the "Plan") as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatement due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- Reasonably possible. The chance of the future event or events occurring is more than remote but less than likely.
- Probable. The future event or events are likely to occur.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Advisory Committee minutes

There were no meeting minutes available for the Plan. The Advisory Committee meetings and any discussions affecting the Plan should be formally documented by written minutes. These minutes serve not only as future reference for significant decisions reached regarding the Plan, but also document certain trustee or fiduciary responsibilities required to be performed. These minutes should include:

- i. Approval of significant operating expenses
- ii. Discussions and approvals of amendments to the Plan
- iii. Modifications to agreements with investment advisors, record keepers, trustees, etc.
- iv. Reasons for changes in custodians, third-party administrators or trustees, etc.
- v. Requests or receipts of IRS determination letters
- vi. Documentation of any discretionary contribution amounts (e.g. matching, profit sharing) approved by the Company's board
- vii. Advisory Committee activity (i.e. annual review of the investment policy, etc.)
- viii. Development of a Remittance Policy, etc.
- ix. Changes in the Plan's Internal Control
- x. Submission of the Plan's audited financial statements, 5500, etc.
- xi. Resolutions on any Plan issues or problems

With the absence of formal minutes of the Committee, there is no consistent documented record of the decisions reached by the Committee relating to policies, procedures, intentions, or actions. Historical summarization of these decisions is critical, not only as a guide for the Committee, but also as evidence in any legal proceedings.

We recommend the Committee assign an individual the responsibility of keeping notes at each meeting, subsequently typing them, obtaining appropriate review and approval of them, and placing them in a minute book. This will serve as documentation of the Committee's governance and decision making for the Plan throughout the year.

We also recommend that the Committee is specifically involved in formally documenting the approval of the Plan Sponsor's discretionary employer matching contributions. This lack of internal control may make it more difficult for Plan management to ensure that Plan information is complete and accurate, financial statements are reliable, and laws and regulations are complied with. Furthermore, an employee of the Plan could question the fact that they did not receive a match or received the incorrect amount, and sufficient documentation would not be available to defend management's calculations. While no issues were noted during the audit procedures performed, we recommend that Plan management implement procedures to retain such records.

Non-discrimination testing

The required non-discrimination and compliance testing for the Plan had not been performed as of the date of the auditors' report for Plan years 2020 through 2022 and only a draft of the compliance testing was available for Plan year 2019, which indicate excess contributions refundable are owed to participants. In addition, the compliance testing is being performed outside of the timeframe required per the regulations.

We recommend instituting policies and procedures to complete the required testing properly and timely to enable correction within the two and a half month time period provided in the regulations. Failure to timely perform this testing and any potential corrections, if any, may result in unfavorable tax consequences for both the Plan and Plan participants.

In addition, during the course of our audit we identified another area for improvement that did not rise to the level of a significant deficiency. Our principal recommendation for improvement is summarized below.

Employee deferral elections forms

During our testing of participant data, we noted that deferral changes are made directly by participants through the payroll provider and management with the use of paper forms. This results in the recordkeeper's deferral election rate reports not matching to current employee deferrals elected on the recordkeeper's website. We understand this is an election made by management on how election deferral changes are preferred to be processed.

We recommend formalizing the policy regarding changes to deferral percentages and considering automating the process with the recordkeeper to enable a direct feed to the payroll department of changes made by participants directly on the recordkeeper's website. While no errors were identified during our testing, without such automation, it could potentially lead to undetected errors in participants' deferral election amounts.

This communication is intended solely for the information and use of management, the Advisory Committee, and others within the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Advisory Committee of

WILDFLOWER BREAD COMPANY 401(k) SAVINGS PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Wildflower Bread Company 401(k) Savings Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

**WILDFLOWER BREAD COMPANY
401(k) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) Description of the Plan

The following description of the **Wildflower Bread Company 401(k) Savings Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General - The Plan was established January 1, 2000 and restated effective January 1, 2002 to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). The Plan was restated effective February 24, 2016 and February 18, 2022 to reflect certain provisions of the Pension Protection Act of 2006 ("PPA"). The Plan is a participant directed defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan meets the requirements of IRC Section 404(c) and its regulations. Under these rules, Plan fiduciaries are not responsible for investment results that are a direct and necessary result of participants' and beneficiaries' investment instructions.

B. Eligibility and contributions - The Plan covers all employees with the exception of independent contractors of Wildflower Bread Company, LLC (the "Company") who have attained three months of service and are age eighteen or older. Each calendar year, participants may contribute up to 100% of their total compensation, defined as W-2 wages, to the Plan. Contributions may be made to the Plan up to the maximum allowed by the IRC Section 401(k) limits. In addition, the Plan allows participants, attaining the age of 50 before the end of the Plan year, to make additional catch-up contributions.

Eligible participants will automatically defer 3% of pretax annual compensation, as defined in the Plan, unless the participant elects an alternate salary deferral percentage or elects not to participate in the Plan. Rollover contributions are accepted by the Plan from another qualified plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

During 2022, the Company authorized discretionary matching contributions of twenty-five cents (\$0.25) for each dollar contributed by a participant up to a maximum of the first 6% of compensation deferred.

C. Participant accounts - Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of Plan earnings and losses. Allocations of Plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting - Participants are immediately vested in their voluntary contributions, earnings thereon, and rollover contributions. In the event of termination of employment for reasons other than death, retirement, or disability, a participant shall have a vested right in all Company generated portions of his or her account based on years of continuous employment with the Company as follows:

<u>Years of Service</u>	<u>Percent vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

If a participant is not fully vested in the employer matching contribution on the date of separation, the non-vested portion will be forfeited.

401(k) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) Description of the Plan (continued)

- E. Notes receivable from participants** - Participants may borrow from their fund account and repay the amount borrowed, with interest, into their 401(k) account through payroll deductions. Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance, whichever is less. Loans may be repaid over a maximum period of five years unless used to purchase a primary residence. The rate of interest on loans is equal to 1% above the prime rate of interest at the time of the loan. All loans to participants are repaid through payroll deductions and are secured by the vested portion of the participant's balance.
- F. Distribution of benefits** - On termination of service due to death, retirement or disability, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions are permitted in-service after age 59 ½. Participants receiving required minimum distributions may elect to receive payments in installments.
- G. Forfeitures** - As of December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$47,000 and \$53,000. These accounts were available to pay administration costs of the Plan and offset Company matching contributions. During the year ended December 31, 2022, the Company used approximately \$3,000 of the forfeiture funds to offset Company discretionary matching contributions and approximately \$300 to offset administrative expenses.
- H. Termination of the Plan** - Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.
- I. Administrative expenses** - Administrative expenses of the Plan, other than the investment fees or fees directly charged to a participant for a benefit payment, are paid directly by the Company.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Risks and uncertainties - The Plan provides for various investments fund options, which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**WILDFLOWER BREAD COMPANY
401(k) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(2) Significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued interest.

Investment valuation and income recognition - Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's investments in pooled separate accounts and common collective trusts are stated at unit value, or the equivalent of net asset value, which is a practical expedient for estimating the fair values of those investments. Each of these investments may be redeemed daily with a notice period of one day and had no unfunded commitments as of December 31, 2022 and 2021. See Note 4 for discussion of fair value measurements.

Investments contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contract. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events - Plan management has evaluated subsequent events through October 16, 2023, which is the date the financial statements of the Plan were available to be issued.

(3) Information certified by the Plan's custodians

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The custodians of the Plan are Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Accordingly, the Plan's custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Net depreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

401(k) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurement

FASB ASC Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or collaborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability and inputs that are observable for the asset or liability either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes to methodologies used during the years ended December 31, 2022 and 2021. The methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's investments by category as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 492,586	\$ -	\$ -	\$ 492,586
Common collective trusts*	-	-	-	1,530,654
Pooled separate accounts*	-	-	-	110,737
Total investments at fair value	<u>\$ 492,586</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,133,977</u>

WILDFLOWER BREAD COMPANY 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(4) Fair value measurement (continued)

The following table summarizes the valuation of the Plan's investments by category as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 545,651	\$ -	\$ -	\$ 545,651
Common collective trusts*	-	-	-	1,636,158
Pooled separate accounts*	-	-	-	114,794
Total investments at fair value	<u>\$ 545,651</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,296,603</u>

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(5) Investment contract with insurance company

The Plan participates in a fully benefit responsive fixed income guaranteed investment contract with Principal Life Insurance Company ("Principal") through Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company as the custodian. The Group Annuity Contract – Custodial Guaranteed Interest Contract is collateralized by the general account assets of Principal. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

**WILDFLOWER BREAD COMPANY
401(k) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(5) Investment contract with insurance company (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

(6) Party-in-interest transactions

Certain Plan investments are managed by Principal Life Insurance Company and Principal Trust Company, collectively the custodians of the Plan, and Principal Global Investors Trust Company. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$16,204 for the year ended December 31, 2022.

(7) Tax status

The Plan has adopted a prototype plan document ("Prototype Plan"), which obtained a favorable opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the Prototype Plan was designed in accordance with the applicable regulations of the Internal Regulation Code. The Plan has been amended since receiving the Prototype Plan opinion letter. The Plan has not applied for a stand-alone determination letter since adoption of the Prototype Plan; however, the Company and the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust continue to be tax-exempt.

(8) Nonexempt transactions

Plan management determined that certain participant contributions submitted by the Plan Sponsor during the 2019 Plan year were remitted late based upon guidelines established by the Department of Labor. These contributions totaled \$85. The Plan corrected the late deferrals during 2022 and the lost earnings corrections were not material to the Plan.
