Independent Auditors' Report

The Plan Administrator and Participants of Defined Contribution Plan for Employees of the Visiting Nurse Services in Westchester, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Defined Contribution Plan for Employees of the Visiting Nurse Services in Westchester, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**The Plan Administrator and Participants of
Defined Contribution Plan for Employees of the
Visiting Nurse Services in Westchester, Inc.**

Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Defined Contribution Plan for Employees of the Visiting Nurse Services in Westchester, Inc. (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Visiting Nurse Services in Westchester, Inc. ("VNSW" or "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. VNSW is the sponsor of the Plan and the insurance company is Mutual of America Life Insurance Company (Mutual of America). The insurance company manages the investments of the Plan. In addition, the insurance company provides recordkeeping services for the Plan.

Eligibility

Employees become eligible to participate in the Plan upon reaching the age of 21 and completing one year of service, provided the employee has worked at least 1,000 hours during the first 12 months of employment or has worked 1,000 hours within any subsequent 12-month period beginning on his/her anniversary date. For purposes of eligibility, an employee's service with the Visiting Nurse Services in Westchester, Inc., Union Plan shall be counted towards the minimum service requirement, provided he/she rendered at least 1,000 hours of service during such employment for each year of prior service.

Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the applicable portion of the Employer's contribution and an allocation of Plan earnings (net of administrative expenses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Contributions

The Employer will contribute 6% of eligible compensation for each eligible employee.

Vesting

Employees become vested in the Employer's contributions as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage (%)</u>
Less than 2	0%
2	20%
3	40%
4	60%
5 or more years	100%

1. Description of Plan (*continued*)

Loans to Participants/Collateralized Assets

Participants may borrow from Mutual of America and use their Plan account balance (invested in the guaranteed interest contract) as collateral. Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of one-half of their vested account balance of \$50,000. The loan bears interest at a rate commensurate with local prevailing rates at the time the funds are borrowed as determined by Mutual of America. Loan terms range from 1 to 5 years; however, terms may exceed 5 years, but not to exceed 10 years, for the purchase of a primary residence. The collateral must be equal to or exceed 120% of the loan, and payments on the loan are made outside the Plan. Therefore, the loans are not shown on the statements of net assets available for benefits. As of December 31, 2022 and 2021, the total outstanding Plan loans collateralized by individual participant accounts were \$250,839 and \$306,252. At December 31, 2022, the loans had interest rates ranging from 3.25% to 4.60% with maturities through 2030.

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer contributions, the participant will forfeit the non-vested portion of their account. Forfeited non-vested amounts are used to reduce future Employer contributions. At December 31, 2022 and 2021, the forfeited non-vested accounts totaled \$0. During 2022, forfeitures of \$35,816 were used to reduce Employer contributions.

Payment of Benefits

Subject to the vesting rules, employees are entitled to pension benefits beginning at the normal retirement age of 65. However, an employee may elect to retire at age 55 and receive a retirement benefit or delay such payments until April 1 of the calendar year following the year in which the employee attains the age of 70½. The benefits payable are based on the vested portion of amounts contributed for the employee plus earnings on such funds. Employees may elect to receive their benefits under several payment options, including life annuity; 10 or 15-year certain and continuous, joint, and survivor annuities; full cash refund annuity; and lump-sum distribution. The Plan also provides for death benefits, payable to the employee's designated beneficiary, should the employee die before retirement.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Visiting Nurse Services in Westchester, Inc.**

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using net asset value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy. As of December 31, 2022 and 2021, the Plan's investments that were valued at fair value, were valued using NAV as a practical expedient.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the insurance company general account, which is stated at contract value. Investments in separate accounts are reported at the NAV of units held by the Plan. The NAV is reported as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The insurance company general account is valued at contract value, which represents contributions made under the contract, plus interest credited, less benefits paid and expenses.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan may be paid by the Employer and are excluded from these financial statements. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is November 15, 2023.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, and interest income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, a qualified institution.

4. Insurance Company General Account

Amounts placed in the Mutual of America Interest Accumulation Account are credited with interest at a rate determined by Mutual of America Life Insurance Company (“Mutual of America”). Mutual of America guarantees to credit interest for the life of the contract to amounts in the Interest Accumulation Account of the general account at a rate of at least equal to the greater of: (1) any contractual minimum guarantee provided by the contract; or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners (“NAIC”) standard non-forfeiture law. The NAIC minimum rate is determined in accordance with a formula, and cannot be less than 1.00% or more than 3.00% in any event. Mutual of America determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year. The interest rate under that contract will not go below that amount regardless of the minimum rate that is set for a calendar year. In Mutual of America’s sole discretion, they may credit a higher rate of interest to a participant’s contract in the general account, although they are not obligated to credit interest in excess of the minimum guaranteed rate. Mutual of America compounds interest daily on the contract amounts in the general account to produce an effective annual yield that is equal to the stated interest rate.

The principal and previously credited interest is guaranteed by Mutual of America. This guarantee is subject to Mutual of America’s financial strength and claims-paying ability. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A as of February 2023), Standard and Poor’s (A as of December 2022), and Fitch (A as of March 2023).

The Mutual of America Interest Accumulation Account represents approximately 38% and 32% of the net assets available for benefits as of December 31, 2022 and 2021.

5. Separate Accounts

The Plan offers various separate accounts as investment options under the Plan. The separate accounts have different investment objectives, investment policies, and risks. The name of each separate account corresponds to the name of the underlying fund in which it invests. When contributions or transfers are made to a separate account, the separate account purchases shares in the appropriate underlying fund.

**Defined Contribution Plan for Employees of the
Visiting Nurse Services in Westchester, Inc.**

Notes to Financial Statements
December 31, 2022

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the plan document preparer by a letter dated November 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and currently being operated in accordance with applicable sections of the IRC.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2019; however, there are currently no examinations for any tax periods in progress.

8. Party-in-Interest Transactions

All investments of the Plan are managed by Mutual of America Life Insurance Company, the asset holder and record-keeper of the Plan. Therefore, these transactions qualified as exempt party-in-interest transactions under ERISA. During the Plan year ended December 31, 2022 fees in the amount of \$2,368 were paid to Mutual of America for Plan related services.

Certain employees of the Employer perform administrative services related to the Plan; the Employer pays the salaries of these individuals, and no costs are charged to the Plan.

9. Risks and Uncertainties

Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
