Independent Auditors' Report

Plan Administrator and Participants
Lucchese, Inc. Employee Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Lucchese, Inc. Employee Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lucchese, Inc. Employee Investment Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Lucchese, Inc. Employee Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Lucchese, Inc. (the “Company”) on January 1, 1999, under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the United States Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”).

There is no age or service requirement to be eligible to participate in the Plan. All employees of the Company, with the exception of leased or temporary employees, are eligible to participate in the Plan upon the date coinciding with employment date of hire.

The Plan is administered by the Company (the “Plan Administrator”) as appointed by the Board of Directors of the Company. The duties of the Plan Administrator are to oversee the operations of the Plan and to provide for prudent investment of Plan assets. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

The daily operations of the Plan are monitored and performed by a third-party administrator. ADP Retirement Services is responsible for the management of the Plan’s assets and providing recordkeeping services. Reliance Trust Company (the “Trustee”) is trustee of the Plan and is responsible for the custody of the Plan’s assets.

Contributions

Participants can contribute up to 90% of annual compensation as defined in the Plan, subject to the dollar limitation under Section 402(g) of the IRC. The Plan permits both pre-tax and “Roth” after-tax compensation deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment funds offered by the Plan.

The Company may make a discretionary matching contribution equal to a percentage of each participant’s deferred compensation, with the exact percentage to be determined each year by the Company. Additional profit sharing amounts are not permitted by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching contributions, as well as the participant’s share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment funds. The benefit to which a participant is entitled is limited to the amount of the participant’s vested account balance.

Vesting

Participants are vested immediately in their contributions as well as the Company’s discretionary matching contribution, plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds maintained by the Trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Lucchese, Inc. Employee Investment Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance, except as otherwise allowed under the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act as described in Note 7. There is no minimum amount that a participant must take out as a participant loan. A participant may not have more than one loan outstanding at a time. All loans are secured by the balance of the participant’s account and bear interest at a fixed interest rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates on loans outstanding at December 31, 2022 range from 3.50% to 8.00%. Loans must be repaid within five years, unless such loan is for the purchase of a participant’s principal residence, in which case the repayment period may not exceed thirty years. Principal and interest are paid ratably through payroll deductions at a frequency determined when the loan is made, but no less frequently than quarterly.

Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan deems the loan to be in default, the loan balance is reduced, and a benefit payment recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant’s beneficiary in the event of death) may elect to receive a lump-sum distribution or direct rollover equal to the participant’s vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts total \$78 and \$76, respectively. To the extent forfeited non-vested accounts exist, these accounts may be used to reduce future plan expenses or to reduce employer contributions. During the years ended December 31, 2022 and 2021, no amounts were used to reduce employer contributions or to pay plan expenses.

Plan Amendment

Effective May 1, 2022, the Company adopted the amended and restated Automatic Data Processing Non-Standardized Defined Contribution Pre-Approved Plan with the related adoption agreement, which included a formal amendment for provisions of the BBA with regard to hardship distributions. The remaining Plan provisions in effect were unaltered through this amended and restated Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Lucchese, Inc. Employee Investment Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan has no obligation to reimburse the Company for these expenses. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Mutual funds and the common/collective trust represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in the common/collective trust are valued at the unit value as reported by the investment manager at year-end.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes realized and unrealized investment gains and losses. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan is invested in the Metlife Stable Value Fund J (the "Fund"), which is a common/collective trust of which its assets are entirely invested in the Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25554 (the "Investment Trust"). The Investment Trust is issued by Metropolitan Life Insurance Company to Wilmington Trust, N.A. ("Wilmington"). Wilmington is responsible for maintaining and administering the Investment Trust. The Fund, through the Investment Trust, indirectly invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee ("Wrapper") provided by a third party. Wrappers provide contract payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. Further information concerning the Investment Trust may be obtained from its audited financial statements.

The investment objective of the Investment Trust is to provide safety of principal, adequate liquidity, and a competitive yield with low return volatility. The average yield earned by the Investment Trust for the years ended December 31, 2022 and 2021 was 9.93% and 1.70%, respectively. The average yield earned by the Investment Trust with an adjustment to reflect the actual interest rate credited to participants in the Investment Trust for the years ended December 31, 2022 and 2021 was 2.02% and 1.57%, respectively.

Unanticipated events such as an issuer's inability to meet its obligations or significant withdrawal requests by participants in the Fund could affect the recoverability of assets, including the underlying investment securities. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Lucchese, Inc. Employee Investment Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, such as a pandemic or international conflict, and government instability which could impact the value of investment securities. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of levels 1, 2, or 3.

Lucchese, Inc. Employee Investment Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE OF INVESTMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the NAV of shares held by the Plan at year end, as provided by the Trustee. end. These mutual funds are registered with the Securities and Exchange Commission and are actively traded.

Common/collective trust: Valued, as a practical expedient, at the NAV of units held by the Plan at year end, as provided by the Trustee. There are no significant unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,045,613	\$ 73,609	\$ -	\$ 2,119,222
Total assets in the fair value hierarchy	\$ 2,045,613	\$ 73,609	\$ -	2,119,222
Common/collective trust (a)				2,126,112
Total investments at fair value				\$ 4,245,334

The following table sets forth the level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,518,559	\$ 1,210,789	\$ -	\$ 2,729,348
Total assets in the fair value hierarchy	\$ 1,518,559	\$ 1,210,789	\$ -	2,729,348
Common/collective trust (a)				2,216,366
Total investments at fair value				\$ 4,945,714

- (a) This investment is valued using NAV as a practical expedient, and therefore has not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the years ended December 31:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 2,119,222	\$ 2,729,348
Common/collective trust	2,126,112	2,216,366
Notes receivable from participants	117,811	90,226
	<u>\$ 4,363,145</u>	<u>\$ 5,035,940</u>
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ (686,744)	\$ 263,805
Interest and dividends	130,406	176,929

	<u>\$ (552,024)</u>	<u>\$ 444,983</u>

Lucchese, Inc. Employee Investment Plan
NOTES TO FINANCIAL STATEMENTS

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2022 and 2021, there were no reportable transactions, loans or leases in default or uncollectible, investment assets both acquired and disposed of during the Plan year, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

During the years ended December 31, 2020 and 2019, the Company inadvertently failed to deposit 6,500 and \$6,000, respectively, of participant deferrals within the required time frame as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which is included in the supplementary information to these financial statements for the year ended December 31, 2022. The uncorrected late deposits will be corrected by the Company via a self-correction program as soon as administratively feasible.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC.

7. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70 ½ prior to 2020, then the prior rule of age 70 ½ applies. If a participant reaches the age of 70 ½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

Effective March 27, 2020, Plan management elected the following provisions allowed by the CARES Act: (1) increased penalty-free distribution limits of up to \$100,000 for qualifying coronavirus reasons; (2) waiver of the 10% excise tax on early distributions and 20% mandatory withholdings for distributions made for qualifying coronavirus reasons; (3) repayment policy of three years for all qualified distributions without being subject to retirement plan contribution limits; (4) increased loan limits for qualifying individuals of one hundred percent of the vested account balances up to \$100,000; (5) deferment of loan repayments up to one year; and (6) waiver of required minimum distributions otherwise payable in 2020. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the CARES Act. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of required minimum distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025 for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. The extended deadline under this notice is also December 31, 2025 for calendar year-end plans.

8. TAX STATUS

In connection with amending and restating the Plan, effective May 1, 2022, the Plan adopted the Automatic Data Processing Non-Standardized Defined Contribution Pre-Approved Plan. The IRS has issued an opinion letter dated October 6, 2020 stating that the plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan is relying on the opinion letter (in accordance with Revenue Procedure 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the most recent opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Lucchese, Inc. Employee Investment Plan
NOTES TO FINANCIAL STATEMENTS

8. TAX STATUS (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500 for the years ended December 31,

	2022	2021
Net assets available for benefits per the financial statements	\$ 4,396,148	\$ 5,035,940
Employer contributions receivable	(16,227)	-
Participant contributions receivable	(16,776)	-
Net assets available for benefits per Form 5500	<u>\$ 4,363,145</u>	<u>\$ 5,035,940</u>
Net increase (decrease) in net assets available for		
benefits per the financial statements	\$ (639,792)	\$ 331,701
Employer contributions	(16,227)	-
Participant contributions	(16,776)	-
Net increase (decrease) in net assets available for benefits per Form 5500	<u>\$ (672,795)</u>	<u>\$ 331,701</u>

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended and restated to provide a Company safe harbor matching contribution. This means that the Company will make a safe harbor matching contribution that matches any “Matched Employee Contribution” the participant makes on or after January 1, 2023. A “Matched Employee Contribution” is any elective deferral contribution or catch-up contribution made by the participant. For 2023, safe harbor employer matching contributions to the Plan will equal to 100% of the participant’s salary deferrals that do not exceed 4% of the eligible participant’s compensation. Additional non-safe harbor matching contributions may be contributed at the option of the Company’s Board of Directors.
