Independent Auditor's Report

To the Plan Administrator
American Fibertech Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of American Fibertech Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of American Fibertech Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Fibertech Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Fibertech Corporation 401(k) Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Fibertech Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Fibertech Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN FIBERTECH CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of American Fibertech Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized on January 1, 1999, as a defined contribution retirement savings plan covering all eligible employees of American Fibertech Corporation and its affiliates (collectively, the Employer) who are at least 18 years of age and have completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under Section 402(g) of the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans and certain Individual Retirement Accounts (IRA) as defined in the Plan Agreement. Contributions are subject to certain limitations under the IRC.

The Employer makes a safe-harbor matching contribution equal to 100% of the first 4% of compensation that each participant contributes to the Plan. The Employer may elect to make discretionary matching contributions. No Employer discretionary matching contributions were made to the Plan in 2022.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's safe-harbor and discretionary matching contributions, as well as Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions and the Employer's safe-harbor matching contributions, plus actual earnings thereon. Vesting in the Employer's discretionary matching contribution portion of their account is based on years of service. A participant becomes 20% vested after two years of service, increasing by 20% per additional year, with full vesting after six years of credited service.

At December 31, 2022 and 2021, forfeited nonvested accounts of terminated participants totaled \$3,112 and \$755, respectively. These accounts will be used to reduce future Employer contributions, pay Plan expenses, and/or be allocated or reinstated to the accounts of eligible participants, as defined in the Plan Agreement. In 2022, there were no forfeited nonvested accounts used to reduce Employer contributions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Prior to January 1, 2017, participants could borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes could not exceed five years except for the purchase the participant's principal residence, for which the terms could exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions. All outstanding loans will continue to be serviced according to the terms of those participant loans.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in their account. Hardship and in-service withdrawals, as well as, required minimum distributions, rollover contribution accounts, and automatic distributions to former participants, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, insurer and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan is based on a pre-approved defined contribution plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the pre-approved defined contribution plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through August 22, 2023, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Collective Trust Fund: Valued at the unit price reported by the sponsoring bank or trust company. The underlying investments owned by the fund can include money market funds, stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed investment contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2022 and 2021:

2022	Level 1	Level 2	Total
Registered investment companies	\$3,764,479		\$3,764,479
Collective trust fund		<u>\$525,774</u>	<u>525,774</u>
Total Investments at Fair Value	<u>\$3,764,479</u>	<u>\$525,774</u>	<u>\$4,290,253</u>
2021			
Registered investment companies	\$3,747,905		\$3,747,905
Collective trust fund		<u>\$522,756</u>	<u>522,756</u>
Total Investments at Fair Value	<u>\$3,747,905</u>	<u>\$522,756</u>	<u>\$4,270,661</u>

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE AND INSURER (UNAUDITED INFORMATION)

All Plan investment information related to investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the Plan's trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

The Plan has arrangements with several third-party service providers. The Plan pays certain expenses related to the Plan's operation, administration, and investment activity. The Plan's expenses may be paid directly to the respective service provider or indirectly through the Plan's investments returns. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

The Plan may receive revenue-sharing compensation from certain Plan investment options. This revenue, if any, is used to offset certain recordkeeping and administration services to the Plan and/or allocated to participant accounts as additional earnings.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
