Independent Auditors' Report

Retirement Plan Committee and Plan Management
Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated)
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated)'s, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 30, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period ended April 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 30, 2022 and December 31, 2021 and for the period ended April 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated) and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated)'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated)'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

PERIOD ENDED APRIL 30, 2022

1. Description of plan:

The following description of the Tucson Orthopaedic Institute, P.C. Savings Plan (Amended and Restated) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

Tucson Orthopaedic Institute, P.C. (Sponsor) adopted the Plan on January 1, 1994. The Plan is a defined contribution retirement plan with 401(k) provisions consisting of a salary reduction arrangement. The Plan covers all employees of the Sponsor who have completed one year of service (minimum of 1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan merger:

Effective January 1, 2022, the Sponsor approved the merger of the Plan into the Orthopedic Care Partners 401(k) and Profit Sharing Plan (Orthopedic Care Plan). In addition, on January 1, 2022 all employees of the Sponsor became eligible to participate in the Orthopedic Care Plan. All participant elective deferral contributions and employer safe harbor contributions for 2022 were made into the Orthopedic Care Plan.

The following net assets were transferred to John Hancock Life Insurance Company, the custodian for the Orthopedic Care Plan, in April 2022:

Investments	\$ 43,444,330
Notes receivable from participants	<u>239,469</u>
	<u>\$ 43,683,799</u>

All vesting service credited under the Plan will be taken into account in determining a participant's vested interest in his/her account under the Orthopedic Care Plan. Additionally, the Orthopedic Care Plan covers all employees of the Sponsor who have completed one month of service, and provides for a safe harbor contribution of 4% of eligible plan compensation as defined.

Participants' contributions:

Under the 401(k) provisions of the Plan, participants may elect to defer a portion of their pre-tax compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). A participant may elect to have all or a portion of their elective deferrals treated as Roth elective deferrals when contributed to the Plan. Roth elective deferrals are includable in the participant's gross income at the time deferred and must be irrevocably designated as Roth elective deferrals. The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

PERIOD ENDED APRIL 30, 2022

1. Description of plan (continued):

Employer contributions:

Upon timely notice to the participants, the Sponsor will make an annual safe harbor contribution to the Plan. For 2021, the Sponsor opted to make a safe harbor contribution equal to 3% of an eligible participant's compensation. The Sponsor may also choose to make additional discretionary profit sharing contributions. There is no set formula for these contributions. Employer contributions are invested as directed by the participant.

Vesting:

Participants are immediately vested in their elective deferral contributions, employer safe harbor contributions and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's discretionary contribution portion of the participant's accounts plus actual earnings thereon is based on years of credited service in the Plan. Participants vest at 20% annually beginning with their second year of credited service and are fully vested after six years of credited service or upon normal retirement date. The Plan defines a year of credited service to be a plan year (January 1 through December 31) with the participant rendering at least 1,000 hours of service.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any increments into any of various investment options or to their own self-directed brokerage account. Participants may change their investment options inside the platform at any time.

Participant accounts:

Each participant's account is credited with the participant's elective deferral, rollover and employer contributions, actual earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits:

On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account, or installments under a systematic withdrawal plan. Participants with account balances less than \$5,000 must take a lump-sum distribution upon severance from employment. The Plan requires participants with account balances less than \$1,000 to take a lump-sum distribution as soon as practicable following termination. Mandatory automatic distributions under the Plan in excess of \$1,000 may be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distributions.

PERIOD ENDED APRIL 30, 2022

1. Description of plan (continued):

Payments of benefits (continued):

The Plan also allows participants who have attained the age of 59½ to take in-service distributions from the vested portion of their account balance. The Plan also allows participants who have attained the age of 40 to take in-service distributions from the vested portion of the additional discretionary profit sharing account balance.

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw the elective deferral portion of his/her individual account balance, minimum of \$1,000, to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC).

Forfeitures:

Forfeitures of terminated participants' nonvested account balances are treated as a reduction of the employer's matching or discretionary profit-sharing contribution for the Plan year in which the forfeiture occurs. At December 31, 2021, there was \$1,369 of forfeited nonvested accounts to be applied in future periods.

Participants' loans:

The Plan allows for participants to obtain loans from the Plan. Loans cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The loan must be repaid within five years unless the proceeds are used for purchase of a principal residence in which case the loan may be repaid over a longer term. All loans will provide for the repayment of interest at a rate comparable to rates available at commercial lending institutions. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statements of net assets available for benefits as notes receivable from participants.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net depreciation in fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent event:

The Plan's management has evaluated the events that have occurred subsequent to April 30, 2022 through July 24, 2023, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor adopted a prototype non-standardized plan with a CODA as published by Schwab Retirement Plan Services, Inc, who obtained its latest opinion letter on June 19, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with applicable sections of the IRC. The Plan Administrator and the Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued):

At December 31, 2021, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 22,481,338	\$ 22,481,338	\$ -	\$ -
Self-directed brokerage accounts	10,876,100	10,876,100	-	-
Investments measured at net asset value ^(a) :				
Common/collective trusts	<u>24,766,883</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 58,124,321</u>	<u>\$ 33,357,438</u>	<u>\$ -</u>	<u>\$ -</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The assets in the preceding tables were measured primarily using the market approach. Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: These funds are valued at the closing price reported in the active market in which the individual securities are traded.

Self-directed brokerage accounts: These funds are invested in individual securities selected by the participant and valued at the closing price reported in the active market in which the securities are traded.

Common/collective trusts: These funds' assets are invested and reinvested primarily in common stocks, mutual funds and collective trust funds. The fair value of the funds has been estimated using their net asset value. The net asset value of the fund's shares is determined daily and includes adjustments for investment fees. The net asset value is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair value measurements (continued):

Investments measured using the NAV per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021.

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>

5. Investment certification:

Certain information related to investments and notes receivable from participants in the accompanying financial statements at April 30, 2022 and December 31, 2021, and net depreciation in fair value of investments, interest, dividends, and other income for the period January 1, 2022 through April 30, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Charles Schwab Trust Bank.

6. Related party and party-in-interest transactions:

Certain Plan investments are managed by Charles Schwab & Co., Inc. The Plan paid certain expenses to Charles Schwab & Co., Inc. and other service providers during 2022 related to plan administration and investment activity. These transactions qualify as exempt party-in-interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

7. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
