INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor
Fredrikson & Byron, P.A.
Profit Sharing Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fredrikson & Byron, P.A. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended May 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H Item 4i – Schedule of Assets Held at End of Year as of May 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan:

The Fredrikson & Byron, P.A. Profit Sharing Plan (the Plan) was established to assist eligible employees to provide for their future security after retirement through employer contributions and employee salary deferrals. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan was established on June 1, 1973, and was most recently restated to the Cycle-3 restatement cycle effective June 1, 2022 on July 18, 2022. There were no substantive changes to Plan provisions. The Plan is a defined contribution plan and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible employees enter the Plan and become participants on the first day of the month following the hire date with respect to the salary deferral (401(k)) portion of the Plan and after two years of service with respect to the profit sharing portion of the Plan.

Employees who are neither a shareholder, nor an officer of the employer, nor an employee who is designated in his or her employment agreement as an of counsel attorney, are automatically enrolled with a 3% salary deferral which shall increase by 1% annually until it reaches a maximum of 10% unless the employee elects a different salary deferral, or elects not to participate in the Plan.

Contributions:

The employer, at its discretion, may make a profit sharing contribution to the accounts of participants in the Plan who are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. The contribution must meet the top-heavy rules as defined by the Plan.

An employer contribution is also allocated to the accounts of participants who have terminated employment during the Plan year on account of death, disability or retirement. Participants should refer to the Plan documents for a more complete description of the profit sharing allocation provisions and other Plan provisions.

Participant benefits:

Amounts credited to each participant's account are generally made available upon death, disability or retirement of the participant, discontinuance of employment, or termination of the Plan.

Vesting:

Contributions to the Plan are fully vested upon receipt.

Investment of contributions:

The Plan permits participants to select among various investment funds. The participant's accounts are then invested, at the participant's direction, in one or more of these funds. If a participant does not select an investment fund, his or her accounts will be invested in the JPMorgan Smart Retirement® Fund Institutional Class Shares. The Plan also permits participants to self-direct the investment of their accounts in a Brokerage-Link® account through Fidelity. A BrokerageLink® account may be invested in Fidelity and non-Fidelity mutual funds, U.S. Treasury securities, all corporate bonds, certificates of deposit, exchange-traded funds, individual common stocks, preferred stocks and short-term investments as stipulated in the Plan document.

1. Description of Plan (continued):

Notes receivable from participants:

A participant may borrow from his or her accounts in the Plan for any purpose. However, a participant may not have more than three loans outstanding for purposes other than the purchase of his or her principal residence and one loan outstanding for the purpose of the purchase of his or her principal residence. Loans are limited to the lesser of 50% of his or her vested interest in the plan or \$50,000 less the highest outstanding loan balance during the previous 12-months. In addition to those limitations, a loan cannot be made for less than \$1,000.

Beginning on March 27, 2020, the Plan adopted the CARES Act Loan provisions. These provisions are available for any participant who self-certifies they are a qualified individual as defined by the CARES Act. A loan made during the period of March 27, 2020 through September 23, 2020 can be issued for the lesser of \$100,000 or 100% of their account balance, reduced by the highest outstanding loan balance during the previous 12-months. A CARES Act Loan will have a first payment due on January 2021 and repayment can be up to a five-year period after the first payment. In addition, qualified individuals with an outstanding loan(s) may delay repayments until January 2021, at which time the loan will be amortized with a new loan repayment amount determined.

2. Summary of significant accounting policies:

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are automatically reinvested into the mutual fund from which they were distributed and recorded on the ex-dividend date.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains/losses as net investment income reported in the accompanying statement of changes in net assets available for benefits.

Accounting for uncertainty in income taxes:

Management has evaluated tax positions taken by the Plan and concluded it had taken no uncertain position that more likely than not would not be sustained upon examination.

Tax status and Plan amendments:

Effective June 1, 2015, the Plan was amended and restated to bring the Plan in compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes. The Plan received a favorable determination letter on June 6, 2017. The Plan restated its plan document for regulatory requirements effective June 1, 2022. Therefore, the Plan Sponsor believes the Plan is designed and operated in compliance with the applicable provisions of the Internal Revenue Code. In 2020 the Plan chose to adopt the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which provided retirement plans the option to allow COVID-19 related distributions, increase loan amounts, and waive 2020 required minimum distributions as early as March 27, 2020. The Plan was updated to reflect these changes on June 1, 2022.

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes receivable from participants:

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. If participants fail to make payments when they are due under the terms of the loan, the loan is considered to be in default. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Other income:

Other income consists of revenue credits from Fidelity Investments that are used to offset Plan administrative expenses.

Benefits paid to participants:

Participants' benefits payments are recorded when paid.

Concentrations:

A total of approximately 22% of investments were held in two mutual funds as of May 31, 2023 and 2022.

Subsequent events:

Management has evaluated for subsequent events through November 1, 2023, the date the financial statements were available for issuance.

3. Certified investments:

The May 31, 2023 and 2022 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the years ended May 31, 2023 and 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee and custodian, Fidelity Trust Management Company, as complete and accurate, as permitted by ERISA Section 103(a)(3)(c).

The information certified includes the following as of May 31:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 361,313,387	\$ 355,290,542
Notes receivable from participants	1,187,101	982,060

3. Certified investments (continued):

Fidelity Trust Management Company also certified to the completeness and accuracy of the following for the years ended May 31:

	<u>2023</u>	<u>2022</u>
Investment income (loss):		
Net depreciation in fair value of investments	\$ (8,610,719)	\$ (57,461,877)
Interest and dividends, money market and mutual funds	15,840,722	27,743,366
Interest income on notes receivable from participants	64,477	59,557

The Plan permits participants to self-direct the investment of their accounts in a Brokerage-Link® account through Fidelity. A BrokerageLink® account may be invested in Fidelity and non-Fidelity mutual funds, U.S. Treasury securities, all corporate bonds, certificates of deposit, exchange-traded funds, individual common stocks, preferred stocks and short-term investments as stipulated in the Plan document. The Plan does not guarantee any rates of return or investment results.

4. Fair value measurements:

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. Fair value measurements (continued): _____

Levels of the fair value hierarchy under FASB ASC 820 (continued):

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2023 and 2022.

Mutual funds, money market funds, and brokerage securities - Valued at the net asset value, which approximates fair value, of shares held by the Plan at year end.

Common collective trust - Measured at fair value using NAV per share as a practical expedient for the shares held by the Plan at year end. The NAV is determined in accordance with a valuation methodology adopted by the collective trust's trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as measured on a recurring basis as of May 31:

	2023		
	Level 1	Level 2	Level 3
	Total		
Mutual funds	\$ 302,696,307		\$ 302,696,307
Money market funds	20,557,194		20,557,194

Investment measured at NAV, common collective trust			<u>17,352,137</u>
Total investments at fair value			<u>\$ 355,290,542</u>

Changes in fair value and related gains and losses:

During the years ended May 31, 2023 and 2022, the Plan's investments (depreciated) appreciated, including gains and losses on investments bought and sold as well as held, as follows:

	2023	2022
Mutual funds	\$ (7,741,059)	\$ (56,022,434)
Money Market Funds	171	58
Brokerage securities	<u>(869,831)</u>	<u>(1,439,501)</u>
	<u>\$ (8,610,719)</u>	<u>\$ (57,461,877)</u>

5. Common collective trust:

The Mellon Stable Value Fund, which is a common collective trust, consists primarily of underlying investments GICs, synthetic GICs, separate account GICs, variable rate GICs, repurchase agreements, and cash and cash equivalents.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at book value (principal plus accrued interest to date). Withdrawals prompted by certain events may be paid at the market value of the fund's securities, which may be less than principal plus interest accrued to date. The terms of the contracts purchased for the fund prohibit participants from making a direct exchange from this fund to competing funds. Instead, participants must first exchange to a non-competing fund for 90 days. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

5. Common collective trust (continued):

	Fair value estimated using net asset value per share			
	<u>Fair value</u>	<u>Unfunded commitment</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
2023	<u>\$ 11,561,140</u>	<u>\$ -</u>	Immediate	None
2022	<u>\$ 17,352,137</u>	<u>\$ -</u>	Immediate	None

6. Notes receivable from participants:

Notes receivable from participants mature in one to five years from inception of the loan and include interest at 5.25% to 10.25%. Notes receivable from participants also include ten-year loans from which the proceeds had to be used towards the purchase of a principal residence. The notes are collateralized by the participants' vested account balances.

7. Transactions with parties-in-interest:

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

8. Plan termination:

The employer has reserved the right to terminate the Plan or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested benefit.

9. Risk and uncertainty:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
